EPIC Goose Scram™ Granular Repellent

Goose Scram™ was developed to naturally repel geese (and coots) from treated areas. EPIC's patented all-natural formula has been tested and proven to successfully repel and will train the birds to find other areas to frequent, graze in and nest, as well as deter their return. EPIC's patented formula is designed to reduce and eliminate activity without harming birds. Keeps areas free of geese and goose droppings. Safe near ponds, lakes, rivers and nesting locations. Easy to use-apply with spreader, no mixing or spraying required.

Animal Repellents

I Must Garden® Ant Control

Highly effective, chemical free way to rid your lawn, garden, or living space of ants. Natural ingredients and proprietary botanical oils are combined to create a spray that safely kills on contact and controls ant populations in treated areas. There are no poisons, harmful chemicals or toxic glues in our products. All of our controls are safe to use around children and pets, and are completely biodegradable.

32oz Ready to Use with Trigger Sprayer
IMGANT32-936 **UPC 181998000026**
 Min. Buy 12EA Retail \$14.99

I Must Garden® Mole & Vole Repellent

An environmentally safe, humane, and effective way to deter burrowing animals from digging and destroying your garden, lawn, plants, and landscaping. Combines a super strong 20% castor oil formula with botanical oils that taste and smell bad to moles and voles and other burrowing animals. The proprietary blend of oils safely coats their food source (grubs, worms, roots, etc.) and makes treated areas highly unpleasant – forcing pests to relocate. There are no poisons, harmful chemicals or toxic glues in our products. All of our repellents are safe to use around children and pets, and are completely biodegradable.

Animal Repellents

I Must Garden® Deer Repellent - Spice Scent

Environmentally safe, humane, and effective way to deter deer from eating flowers and plants. Our repellents are safe to use around children and pets, and are completely biodegradable. With I Must Garden Deer Repellent you can confidently protect your garden in a safer and more eco-friendly way while still providing maximum protection against deer damage. Pleasantly scented, making application easier and more enjoyable than ever! Contains eggs and garlic - substances that by themselves repel deer. Botanical oils are added from plants that deer won't eat - such as peppermint, lemongrass, cinnamon and clove. The Spice Scent Deer Repellent has a fresh cinnamon-clove smell that gardeners love and provides effective year-round control against deer damage.

I Must Garden® Granular Animal Repellent

I Must Garden Animal Repellent is an environmentally safe, humane, and effective way to drive herbivores away and keep them out of treated areas. The odor of our Granular Animal Repellent triggers an innate fear response causing deer, rabbits and groundhogs to avoid treated areas. It does not harm them, but leads them to believe a predator is nearby. Instinctively, they flee the area to avoid becoming the next victim.

Outdoor with Spike Base

NOV95208-621 **UPC** 026978952080
 Min. Buy 8EA **Retail** \$8.99

Novelty STUCK® Natural Mosquito Trap Refill Kit

For use with the Novelty Stuck Brands Natural Mosquito Traps (NOV95108 and NOV95208). Use these screens in both the indoor and outdoor STUCK® mosquito traps. Operating similarly to what happens in nature, these mosquito traps attract mosquitoes to a stagnant water source and capture them on a sticky screen. Just add water to the reservoir and let the trap do the work! As mosquitoes descend to the water source inside the reservoir, they get stuck to the non-toxic, pesticide-free sticky screen sitting underneath the lid. You'll be able to see your trap's progress and easily clean and reuse. These traps are perfect to protect you and your family from the mosquitoes inside and outside your home.

Vole Bloc[™] (PermaTill[®]) Vole Deterrent

Not a repellent or a bait. This is a permanent physical barrier application that protects roots and bulbs without restricting root growth. Voles do not like the texture of the sterile and inert expanded slate particles. The particles improve aeration, drainage, and add nutrient holding capacity while dramatically reducing vole damage.

Trap

Dynatrap® Outdoor Mosquito & Insect Trap

The Dynatrap Insect Trap lets you take back your yard without the need for chemicals, pesticides, or propane. Attract, trap and kill flying insects including mosquitos, biting flies, Asian beetles, wasps, hornets, yellow jackets, moths, stink bugs and more! Durable, all-weather construction. Pesticide and odor free. Whisper quiet operation. No zapping or buzzing. No expensive attractant or propane required. This insect trap is engineered for 3-way protection. First, a UV fluorescent bulb generates a warm light, attracting insects. Then a second lure, an exclusive TiO2 titanium dioxide-coated surface, produces CO2 (the same gas we emit when we exhale) that's irresistible to mosquitoes. Third, a powerful, yet whisper-quiet vacuum fan sucks insects into the retaining cage where they dehydrate and die.

Heavy Duty XL Hang Mount - Black Series - Protects up to 1 Acre, 10ft Cord, 13in Diam x 20in H, UV Bulb is Rated for 3,000 Hours, Includes: trap, cleaning brush and screwdriver

Victor® Poison Moleworms™

Quickly and effectively kill moles. For use in underground runways and tunnels. Moleworms™ look and feel like real earthworms. And better yet, these ingenious baits are formulated to be exceptionally palatable to moles – meaning, the moles find them to be downright tasty, which is why these poison worms are the best way to kill moles. When eaten, the poison bait swiftly kills the underground varmints.

Ready-to-Use Kit - Includes: 10 Moleworms™, 5 Locator Flags & 1 Pair of gloves
