### Organic Vegetables - Retail Seed Packets

#### Beans - Blue Lake

Nearly fiber-free. Highly productive over a long season and has a delicious sweet, juicy and tender flavor, fresh or frozen. Good for canning and freezing.

##### 7g Pkt

**WET40019**-125      **UPC** 049961981645  
Min. Buy 5 EA      **Retail** \$2.49

#### Beet - Detroit Dark Red

An all-purpose sweet and tasty beet that has a globe-shaped root with 13-15in tops that make good greens.

##### 4g Pkt

**WET40029**-125      **UPC** 049961981676  
Min. Buy 5 EA      **Retail** \$2.49

#### Broccoli - Calabrese

Irregular maturity variety which means heads don't mature all at once so it has a consistently long harvest. The smaller 5-6in heads have lots of side shoots that can be harvested after the main head.

##### 590mg Pkt

**WET40039**-125      **UPC** 049961981690  
Min. Buy 5 EA      **Retail** \$2.49

#### Cabbage - Golden Acre

Very early, high quality, very spherical, solid, tightly packed heads with light grey-green leaves. The sweet, green leaves are refreshing in salads and are perfect for cole slaw and stir fries. Excellent storage type.

##### 2g Pkt

**WET40049**-125      **UPC** 049961400484  
Min. Buy 5 EA      **Retail** \$2.49

#### Cabbage - Red Acre

An early red variety that produces dense, shocking reddish-purple, small globe shaped heads. The delicious tasty leaves add bright color to cole-slaws, salads, and other recipes. Great for storage and resistant to yellows and splitting.

##### 2g Pkt

**WET40059**-125      **UPC** 049961981270  
Min. Buy 5 EA      **Retail** \$2.49

#### Carrot - Danver

Stocky-topped root that slightly tapered to rounded ends with smooth, red-orange skin. The fine textured, tender bright orange flesh is rich in flavor and very sweet either cooked, raw or frozen. A heavy yielding variety that stores well and stays crisp.

##### 2.7g Pkt

**WET40079**-125      **UPC** 049961981751  
Min. Buy 5 EA      **Retail** \$2.49

#### Carrot - Little Finger

Tiny Nantes baby-type gourmet carrot with deep orange roots that do not taper and really are the size of your little finger. The almost coreless smooth skin and extra sweet, tender, juicy flavor is great for serving whole and the crisp consistency is ideal for canning or pickling.

##### 2.7g Pkt

**WET40089**-125      **UPC** 049961400897  
Min. Buy 5 EA      **Retail** \$2.49

#### Cucumber - Marketmore

A very productive solid performing variety that holds up very well in humid and hot conditions. The slender fruit is uniform in shape with smooth glossy skin is slightly tapered at each end and tend to be sweet and mild in flavor. Ideal for slicing and if harvested young and small they make good pickles.

##### 4g Pkt

**WET40109**-125      **UPC** 049961981812  
Min. Buy 5 EA      **Retail** \$2.49

#### Cucumber - Straight 8

Early, vigorous slicing variety that is a very productive yielder and named for its perfectly straight, 8in long fruit. The fruit has smooth skin with a cylindrical shape and rounded blunt ends. It has a small seed cavity and crisp, fine-grained flesh that is known for its high quality and excellent flavor.

##### 4g Pkt

**WET40099**-125      **UPC** 049961981775  
Min. Buy 5 EA      **Retail** \$2.49

#### Endive - Batavian

Hardy and cold resistant Italian variety that produces deeply cut dark green leaves that have thick, white midribs and are very tufted. As the plants grow the outer leaves can be harvested leaving the center to continue to grow. The fine frilly leaves are succulent and delicious with a pleasant, mildly bitter flavor, typically a little more bitter than broadleaf varieties. The hearts can blanche to creamy white if leaves are tied the last 3 weeks of growth. Adds a tasty and unusual punch to salads.

##### 4g Pkt

**WET40139**-125      **UPC** 049961985971  
Min. Buy 5 EA      **Retail** \$2.49

**ALL WETSEL BRAND VEGETABLE SEEDS ARE NON-GMO**

**Organic Vegetables - Retail Seed Packets**

**Kale - Red Russian**

When harvested as microgreens, the small baby leaves are flat with deeply cut margins in a deep gray-green color with purple veins. The leaves are tender mild spinach flavor. Cool temperatures enhance the sweetness and color.

**4g Pkt**

**WET40149**-125      **UPC** 049961981874  
**Min. Buy** 5 EA      **Retail** \$2.49

**Lettuce - Bibb**

Butterhead style variety that matures early as small, compact, bunched rosettes with large, ruffled outer leaves surrounding a soft, folded, blanched heart. Well known for the distinctive creamy, sweet flavor and tender, crisp texture. Best grown in cooler regions. ideal with almost any meal, including salads, sandwiches, soups, smoothies and wraps.

**3g Pkt**

**WET40179**-125      **UPC** 049961000000  
**Min. Buy** 5 EA      **Retail** \$2.49

**Lettuce - Black Seeded Simpson**

Early, dependable, and productive variety. This non-heading, upright, compact leaf-type variety produces large ruffled leaves with an appealing green color and a juicy, tender and delicate flavor. Well adapted to a wide range of climates, tolerant to heat, drought and frost

**WET40699**-125      **UPC** 049961406998  
Min. Buy 5 EA      **Retail** \$2.49

**Turnip - Purple Top**

A high yielding hardy traditional variety that produces attractive roots and semi-erect prolific large lobed greens, the most widely grown turnip variety world wide. The edible smooth, slightly tapered globe shaped roots have tender, fine-grained flesh with a sweet and mild flavor. Best harvested when 3-4 inches in diameter. The top greens can also be cooked or used in salads. Good for storing, canning and freezing.

### Heirloom Vegetables - Retail Seed Packets

#### Beans - Blue Lake Bush

Nearly fiber-free. Highly productive over a long season and has a delicious sweet, juicy and tender flavor, fresh or frozen. Good for canning and freezing.

**14g Pkt**

**WET47009**-115      **UPC** 049961470095  
Min. Buy 5 EA      **Retail** \$2.29

#### Beans - Lima Fordhook

Heavily producing large bushy variety with exceptional heat resistance and the ability to thrive in adverse conditions. The heavy foliage plants produce large, plump and mealy beans about 3in to 4in long in size. Excellent for freezing, canning or sold at a fresh market.

**14g Pkt**

**WET47409**-115      **UPC** 049961474093  
Min. Buy 5 EA      **Retail** \$2.29

#### Beet - Detroit

An all-purpose sweet and tasty beet that has a globeshaped root with 13-15in tops that make good greens.

**4.5g Pkt**

**WET47089**-115      **UPC** 049961470897  
Min. Buy 5 EA      **Retail** \$2.29

#### Cabbage - Golden Acre

Very early, high quality, spherical, 3-5lb (5-7in) solid, tightly packed heads with light grey-green leaves. The sweet, green leaves are refreshing in salads and are perfect for cole slaw and stir fries. Plants are very compact perfect for space challenged areas.

**2g Pkt**

**WET47099**-115      **UPC** 049961470999  
Min. Buy 5 EA      **Retail** \$2.29

#### Carrot - Danver

Stocky-topped root that slightly tapered to rounded ends with smooth, red-orange skin. The fine textured, tender bright orange flesh is rich in flavor and very sweet either cooked, raw or frozen. A heavy yielding variety that stores well and stays crisp.

**2.7g Pkt**

**WET47139**-115      **UPC** 049961471399  
Min. Buy 5 EA      **Retail** \$2.29

#### Carrot - Little Finger

Tiny Nantes baby-type gourmet carrot with deep orange roots that do not taper and really are the size of your little finger. The almost coreless smooth skin and extra sweet, tender, juicy flavor is great for serving whole and the crisp consistency is ideal for canning or pickling.

**2g Pkt**

**WET47129**-115      **UPC** 049961471290  
Min. Buy 5 EA      **Retail** \$2.29

#### Chard - Lucullus

Easy to grow and prolific, producing delicious leaves and wide, crisp stalks throughout summer and fall. Leaves are eaten like spinach but are not as fussy about weather and soil. Grows well in containers.

**3.5g Pkt**

**WET47719**-115      **UPC** 049961477193  
Min. Buy 5 EA      **Retail** \$2.29

#### Cucumber - National Pickling

Heavy yielding variety that produces over a long season and was developed by the National Pickle Packers Association. The fruit is tender and delicious at any age, pick at 2-3in as a gherkin, 4in for fresh eating or to mature size to pickle.

**4g Pkt**

**WET47169**-115      **UPC** 049961471696  
Min. Buy 5 EA      **Retail** \$2.29

#### Cucumber - Straight 8

Early, vigorous slicing variety that is a very productive yielder and named for its perfectly straight, 8in long fruit. The fruit has smooth skin with a cylindrical shape and rounded blunt ends. It has a small seed cavity and crisp, fine-grained flesh that is known for its high quality and excellent flavor.

**4g Pkt**

### Endive - Retail Seed Packets

#### Broad Leaf Batavian

Escarole type with broad, slightly twisted outer leaves that form around 10-12in, tight-packed heads. The heads have a very deep heart that is well blanched, creamy-white, and buttery. Broad leaf endive varieties tend to be less bitter than the curly leaf endive varieties. Perfect eaten fresh as part of a salad, or sauteed or chopped and added into soups and stews. Makes an excellent garnish as well.

#### 4g Pkt

Retail \$1.29

#### Green Curled Ruffic

Hardy and cold resistant Italian variety that produces deeply cut dark green leaves that have thick, white midribs and are very tufted. As the plants grow the outer leaves can be harvested leaving the center to continue to grow. The fine frilly leaves are succulent and delicious with a pleasant, mildly bitter flavor, typically a little more bitter than broadleaf varieties. The hearts can blanch to creamy white if leaves are tied the last 3 weeks of growth. Adds a tasty and unusual punch to salads.

### Parsnips - Retail Seed Packets

#### Harris Model

A root vegetable related to the carrot. This variety has a straight, long, slim shape, smooth skin and does not produce many side shoots, making them easy to harvest. The flesh is tender and fine grained with a sweetish-nutty, buttery, slightly spicy, sweet flavor. Can be substituted for carrots in many recipes. Also great boiled, fried, peeled and mashed like a potato or grated into salads.

**2g Pkt**

### Pea - Retail Seed Packets

#### Dwarf Grey Sugar

Mid season, dwarf, self supporting vine snow pea variety that has excellent quality, but is rather late, and only yields moderately. This variety produces stingless flat pods and also green foliage and pretty lavender-red flowers that are both tasty in salads. The pods are slightly curved, plump, fleshy, sweet, crisp and very tender when harvested young.

##### 14g Pkt

#### Peppermint - Mint

Plants are easy to grow and are as beautiful as they are functional. At first, mints develop into well-behaved-looking, bushy, upright clumps, but they quickly spread and unless blocked will advance rapidly. They are shallow-rooted and easy to pull out, so there's no reason to worry. The delightful saw-toothed leaves and delicate flowers are very attractive and a spicy fragrance released when the leaves are crushed between your fingers. Leaves are often used as a tea or flavor extract but can also be used for its medical benefits. It is an excellent digestive aid that can be used for morning sickness, motion sickness, and stomach aches. It also helps get rid of gas, indigestion and heartburn and is good for relaxing nerves and improving circulation. Naturally repels mice and ants.

## Flowers - Retail Seed Packets

### Milkweed - Butterfly

Also known as a Butterfly Weed or Asclepias. This bushy plant was originally a wildflower but is now prized as a garden perennial also. The abundance of stiff, lance-shaped foliage provides a dark-green backdrop for the showy flower heads. The leaves are mostly alternate, 1.5-2.25in long, pointed, and smooth on the edge. The large 2-5in, flat-topped clusters of bright-orange flowers sit on top of the flowering stem. The brilliant orange blooms light up meadows dramatically, and of course attract butterflies. Once established, is a tough, dependable color maker that creates delightful cut flower.

### Moon Flower - White

Moonflowers are nocturnal bloomers unlike all the other Morning Glory varieties. After sunset, the huge white flowers bloom and glow all night in the moonlight. Then, as the sun rises, they close their fragrant blooms. As evening falls, you can actually watch them open. The large trumpet-shape flowers are fragrant with giant pure white 5-6in blooms. Beware, it's quite poisonous, especially the seeds.

### Sweet Peas Late Spencer Mix

Strong slender stemmed, vigorous plants that can be trained as cordons on supports for high quality blooms or allow them to grow freely to make a colorful screen. The late Spencer Mix includes a random mix from the entire range of the Spencer types in shades of pure white, dainty bicolor pinks and salmons, scarlet, burgundy and midnight purple producing multitudes of fragrant blooms. The blooms produce multitudes of larger than average pea-like flowers with heavily ruffled, frilly-edged petals are renowned for their deliciously strong scent. Attractive to bees and butterflies. Excellent as cut flowers, or mass planted in beds, borders containers, window boxes or climbing on trellises and arbors.

### Sweet Peas Old Spice Mix

Plant is climbing type with weaker stems (that should be trellised) than the modern hybrid varieties however perfume is better than that of any modern sweet pea around. This ornamental pea plant grows to about 7-8ft and will be literally smothered with beautiful small flowers with an intense orange-jasmine-honey scent. The pea-like flowers come in shades of white, cream, pink, rose, scarlet, and purple. This variety was bred for good heat tolerance, is attractive to bees and butterflies and makes an excellent cut flowers, or planted in beds, borders containers, window boxes or climbing on trellises and arbors.

#### Thunbergia - Alata Mix

Commonly known as Black Eyed Susan Vine. The medium green leaves are a little coarse and grow opposite one another in a heart-shaped or a kind of lanced arrowhead shape. The fast-growing slender vine can grow up to 6-8ft and produce hundreds of 1.5in long-flowering, blooms in shades of yellow and orange with contrasting dark centers. The blooms look daisy-like from a distance, but are actually five over-lapping petals surround a brownish-purple center tube which appears as a center disk. Perfect for hanging baskets, trellis, arbor, in window boxes and patio containers.
