Delta® Sprayer Plant Care Fine Mist Bottle

Delivers a better-than-aerosol spray quality that sets brands apart. It's a next generation, trigger-based, dispensing technology that eschews conventional propellant gases and pressurized containers. Its very fine mist combined with continuous spray functionality covers large areas quickly, evenly and in all directions from first to last drop. Superior ergonomics and 360° dispensing make it a delight to use. A standout feature is the low noise performance – a necessary requirement in some instances and a preferred feature for a wide range of applications.

Pruners, Loppers & Shears

Fiskars® Softgrip Pruner

Great for making clean cuts on green, living growth, this smaller bypass pruner is designed for comfortable use by gardeners with smaller hands. The razor-sharp, precision-ground blade stays sharp, and a low-friction coating makes every cut even easier and helps resist rust. Additionally, an ergonomically designed Softgrip handle helps reduce hand fatigue during extended use.

FIS3750411001-1101 UPC 046561179434
 Min. Buy 6EA Retail \$18.29

Fiskars® Pro Bypass Pruner

Fully hardened, precision-ground steel blade stays sharp, even through heavy use. Low-friction coating helps blade glide through wood, prevents the blades from gumming up with sap and debris and helps the blades resist rust. Self-cleaning sap groove keeps the blade from sticking for easy operation. All-steel design provides excellent durability for lasting value. Non-slip grips. Easy-open lock protects the blade during transport and storage.

FIS3910911013-1287 UPC 046561191092
 Min. Buy 1EA Retail \$17.49

Fiskars® Floral Pruner

Smaller than a traditional pruner, but with more cutting capacity than a snip, Fiskars® Floral Pruner is ideal for working with cut flowers, as well as tasks essential to encouraging healthy growth, such as cutting, light pruning and deadheading. Featuring a small bypass pruner blade design with a cut capacity up to 1/2 in., this pruner has fully hardened, precision-ground, steel blades that stay sharp through heavy use - great for pruning florals and green growth like roses or berry bushes. A low-friction coating helps the blade glide through cuts, preventing it from gumming up with sap and debris, and helping it resist rust. Ideal for cut flowers or making floral arrangements, additional features include a stem stripper for removing leaves or thorns on various-sized stems, as well as a built-in wire cutter. An Easy Action(TM) spring gently opens the blades after each cut to help reduce hand fatigue, while Softgrip® touchpoints enhance comfort and control. An easy-open lock protects the blade when not in use.

Fiskars® Ratchet Pruner

This heavy-duty, ultra-durable pruner features a ratchet design to make cutting tough stems and branches easy. Simply insert the branch between the blade and anvil and squeeze. The ratchet design compounds force with a few squeezes to power through the branch without straining your hand. A fully hardened, precision-ground blade stays sharp, and a low-friction blade coating makes every cut easier, prevents the blade from gumming up with sap and debris and helps the blade resist rust. For lasting value, this pruner's tough design includes a steel exoskeleton and a rugged DuraFrame handle.

FISKARS®

Pruners, Loppers & Shears

Fiskars® PowerGear2™ Bypass Lopper

The first time you try our PowerGear² Lopper, you'll be amazed — but it's not magic, it's gears. Fiskars's patented-pending technology multiplies your leverage to give you up to 3X more power on every cut. This means you can power through thick branches that you wouldn't be able to cut with traditional loppers. The updated design includes modified gears and an innovative cam mechanism to optimize your cutting power in the middle of the cut where the branch is thickest and you need it most. Low-friction coating helps the blade glide through wood, prevents the blade from gumming up with sap and debris and helps the blade resist rust. Rounded ergonomic handles with Softgrip touchpoints enhance comfort and control and the tough steel construction with riveted handles offers lasting durability.

Fiskars® Pruning Stik® Extendable Tree Pruner

Our Pruning Stik® Tree Pruner makes it easy to cut high or low with a level of control traditional pruners with exterior ropes can't match. A long, lightweight pole lets you cut high branches without the hassles and dangers of using a ladder, make low cuts without sore knees from kneeling or back strain from bending and easily reach into dense, prickly shrubs or tight spots. For the reach you need to cut your highest branches, the pole extends all the way to 12' and locks securely. The rope-free design means you can use both hands to maximize your power and accuracy, and an easy-to-grip sliding handle makes the pruning action smooth and simple. An actuating ball at the end of the pole lets you reach even farther and still prune with precision, an Included 15" saw blade makes it easy to take down thicker branches, and the cutting head rotates up to 230° to let you prune and saw at tough angles. The fully hardened, precision-ground blade stays sharp, and a low-friction, rust-resistant coating makes every cut easier.

Other Tools

Fiskars® Clearing Tool Garden Machete

15inch blade is ideal for clearing large areas of brush, cutting thick branches, powering through fibrous palms and more in your yard and garden. Curved blade profile helps prevent the blade from sticking in dense growth. One-handed use leaves your other hand free to grab and pile cuttings, unlike other tools that require a two-handed grip. Hardened steel blade stays sharp through heavy use. Rust-resistant, low-friction coating glides through tough materials without sticking. Contoured Softgrip™ handle features a sculpted profile to fit the natural shape of your hand.

Fiskars® Billhook Clearing Tool

Designed for fast, powerful performance, the Billhook offers a better way to tame the fast-growing vegetation in your yard and garden, especially in tight spaces. The ultra-sharp, rust-resistant blade is thoughtfully shaped for a wide range of tasks, helping to speed your work while leaving one hand free to pile cuttings. The comfortable performance handle design features an intelligent texture pattern and lets you choke up for precision work, grip the middle for general use or grip the end to swing with maximum force. The design also includes a sharpened blade curve for quick pull-cuts, a sharpened tip for scraping and dividing, and a fine serrated edge for sawing ornamental grasses and other plants.

Flexrake® Hula-Ho® Weeder

When the Hula-Ho® was first introduced in 1961 "The weeder with the wiggle" forever changed the way gardeners weed, aerate, mulch and cultivate their gardens. Quite simply, the heat treated, self-sharpening Hula-Ho blade works beneath the surface of the soil. The almost effortless back and forth "hula" motion cuts weeds at the roots. Meanwhile, the weeds and soil blend to create a healthy mulch. This Hula-Ho® garden weeder and cultivator features a 54" premium grade hardwood handle. Made in the USA.

54in Hardwood Handle

Weeding & Edging

Garden Weasel® Weasel Garden Claw

Weasel Garden Claw works hand-in-hand with Garden Weasel Cultivator to maintain your garden beds all season long. Garden Claw is especially useful early in the gardening season to turn the first soil of the year. Just place Garden Claw in any soil, even if it hasn't been cultivated since the Fall, and turn the handle to easily cultivate packed soil. Garden Claw is versatile, medium-duty, and works great on many different types of soil. The comfort-grip handles feel good in the hand, and the spiral turn action offers 4 actions in 1: cultivating, loosening, aerating and weeding.

Garden Weasel® Core Aerator

Helps bring new life to lawns with compact soil. Symptoms of compact soil include: thin turf, with poor color, and bare patches that do not respond to watering or fertilizer. Compact soil creates a barrier that keeps water and air from reaching grass roots and providing vital nutrients. The Weasel® Core Aerator also stimulates root growth by "pruning" the roots, as well as providing lawn surface nutrients. Lifetime Warranty. Double welded construction. Wide center footplate. Overall height = 40".

Min. Buy 6EA **Retail** \$53.89

Ironwood Tool Co. All Metal Ratchet Lopper 1.5" Cut

These loppers only weigh two pounds but they are definitely not feather-weights when it comes to performance. The ratchet gear allows you to cut limbs and small trees up to 1.5 inches thick with very little effort. As you walk up the ratchet gear it forces the blade through gradually, making a smooth cut that is healthy for your trees and shrubs, and easy on you. They are made of a strong steel. This metal takes an extreme amount of torque while still maintaining its light weight.

25 x 1.5 x 3 in

IRWIW1423-4547 **UPC** 853812006315
Min. Buy 6EA **Retail** \$63.99

Rakes, Hoes & Cultivators

Lewis Tools® Yard Butler™ Rotary Cultivator

If you have ever weeded vegetable rows or flower beds, this indispensable tool is for you. The Yard Butler Rotary Cultivator loosens and cultivates the soil at the same time it chops and cuts existing weeds, all faster and with less effort than other methods. The ninja like intertwined wheels create multiple mini shears that break up soil, removing and cutting weeds. The detachable blades can be configured so you can till between rows and around plants. The extendible steel handle eliminates bending and back strain. The heavy duty powder coated steel is guaranteed to last a lifetime.

Lewis Tools® Yard Butler™ World's Greatest Rake

The name says it all. This professional grade rake with "spring-back" tines is the best ever invented. This amazing rake has been the secret of landscapers for the past 30 years. Its 20 free-floating, cold rolled, spring steel tines are so stiff it will pick wet leaves up off your driveway but so flexible it can rake directly over bedding plants. A perfect garden groomer. With a light weight but heavy duty wooden handle your only problem will be getting it back after you have lent it to the neighbor.

Lewis Tools® Yard Butler™ Core Aerator

The Yard Butler™ Lawn Coring Aerator revitalizes old lawns while using less water and fertilizer. By removing two plugs 3" inches long, this manual lawn plug aerator and de-thatcher reduces compaction and thatch to let air, water, and fertilizer down to the root zone. At the same time it stimulates root growth by pruning, the roots. As an added benefit, the removed cores deposit valuable micro-organisms on the lawn surface. This also strengthens drought and heat tolerance in your turf. The heavy duty powder coated steel handheld lawn corer is built for a lifetime of use.

Pruners, Loppers & Shears

Felco® F2 Pruner

The original Felco design. Solid-forged metal alloy handles are complemented by a Swiss, precision, hardened, replaceable cutting blade and an anvil blade with a sap groove. A hardened bolt and nut assure exact adjustment of both the anvil and cutting blades. A rubber cushion and shock absorber provide smooth working and soft closing.

1in Cutting Capacity / 8.5in L

FELF2-5228 **UPC 783929100012**
 Min. Buy 1EA Retail \$84.59

Felco® F9 Ergonomically Designed Pruner

A superbly designed pruning shear for the professional. Both cutting and anvil blades are not riveted and the narrow, pointed blade design allows for close pruning. Light alloy handles are shaped to act as an extension of the forearm. The anvil blade handle is designed to prevent the pruner from sliding through the hand. This hollow ground, Swiss, precision, hardened steel blade features a wire-cutting notch. The blades are set on dowel pins for easy maintenance.

Left-Handed Version of the Felco® F8 Pruner - 1in Cutting Capacity / 8.25in L

FELF9-5250 **UPC 783929100074**
 Min. Buy 1EA Retail \$84.89

Felco® F7 Rotating Handle Pruner

Designed for the professional, the rotating handle revolves on its axis, allowing the fingers to move naturally, thereby reducing the blisters and hand fatigue that so often accompany prolonged pruning work.

1in Cutting Capacity / 8.25in L

FELF7-6629 **UPC 783929100050**
 Min. Buy 1EA Retail \$106.99

Felco® F13 Multi Purpose Pruner

Multi purpose patented pruning shear. Held as single-handed pruning shear, but extra long blade handle allows the use of both hands when cutting extra thick branches. Comfortable, light, sturdy handles made of forged aluminum. Blade and screw-mounted anvil blade are made of high-quality hardened steel.

1.18in Cutting Capacity / 10.6in L

FELF13-6121 **UPC 783929100173**
 Min. Buy 1EA Retail \$98.99

Felco® 160S One-hand Pruner Model for Smaller Hands

Designed for right-handed pruning. Bypass pruning shears. Best-suited for smaller hands. Handles in fiberglass composite and are recyclable. Blade and counter blade constructed of hardened steel. Blade with wire cutting notch. Counter blade with sap groove. Bolt and nut for adjusting cutting head.

Hand Tools & Kneelers

Radius™ NRG™ Hand Tools

The Natural Radius Grip minimizes hand and wrist stress while maximizing power and comfort. Lightweight, super strong and ergonomically designed. The uniquely shaped handles are perfectly shaped to provide extra leverage and comfort for your hands. Made of diecast aluminum and polypropylene. Designed for transplanting small perennials and bulbs, the extra-long blade of the Radius Ergonomic Transplanter has depth markings to aid you in finding the proper planting depths. The end of the blade has the perfect shape to pop tender plants out of the plastic six-pack planters that you find in flats at the nursery. This product is so versatile you can substitute it for an all purpose trowel and a weeder.

Transplanter - 12pc Mixed Color Pack: Black with Blue, Red & Green / 9in x 2.5in x 14.75in

Radius™ NRG™ Hand Tools

The Natural Radius Grip minimizes hand and wrist stress while maximizing power and comfort. Lightweight, super strong and ergonomically designed. The uniquely shaped handles are perfectly shaped to provide extra leverage and comfort for your hands. Made of diecast aluminum and polypropylene. One of the most useful tools in any garden is a hand full of fingers! The Radius Ergonomic Cultivator is almost like an extension of your arm, with three pointed fingers out at the end ready to rip through soil, scrape up weed seedlings, and pull out roots. Many people don't realize it, but the whole class of small hand garden tools can be called "scratch" tools, and this cultivator is the quintessential scratching tool. It even works as a back scratcher!

Cultivator - 12pc Mixed Color Pack: Black with Blue, Red & Green / 6.75in x 3.125in x 13.5in

Radius™ NRG™ Hand Tools

The Natural Radius Grip minimizes hand and wrist stress while maximizing power and comfort. Lightweight, super strong and ergonomically designed. The uniquely shaped handles are perfectly shaped to provide extra leverage and comfort for your hands. Made of diecast aluminum and polypropylene. The Radius Ergonomic weeder is every bit as mean as it looks. It won't bend. It won't break. And, best of all, it won't leave any root behind. Experienced gardeners know that dandelions are stimulated when their tap root is snapped and will produce two or three replacement dandelions for the one you were trying to remove. The ineffective weeders that most companies sell either pinch or break the roots, leaving enough in the ground to insure you will have to fight much harder next time as the weeds multiply.

Weeder - 12pc Mixed Color Pack: Black with Blue, Red & Green / 9in x 2.75in x 14.75in

Digging Tools

Hand Tools & Kneelers

Radius™ Root Slayer Soil Knife

Based on original Japanese designs for the Hori Hori, but updated with modern materials and style, the Root Slayer Soil Knife can perform the functions of almost any hand tool in the garden. Use it as a substitute for a trowel, transplanter, cultivator, or most importantly, a weeder. This handy digger will cut through root-filled, heavy clay soil with surprising ease. When in the lawn, garden, or potting shed, we never like to be without this versatile garden tool. Strap the holster over your belt so you always have access to this handy tool. Delivered with an enamel powder coating, the Root Slayer Soil Knife features an array of a dozen saw-like cutting teeth on one side, a long sharp blade on the other side, the signature Root Slayer inverted V blade tip, and a combination twine cutter and bottle opener near the ergonomic grip.

Radius™ Garden Pro Lite Transplanter

The patented Pro-Lite Transplanter blade is narrower and longer than a conventional shovel blade, with a cutting edge more like a nursery spade. This versatile tool is great for planting large liners, transplanting and separating perennials, and working around existing plantings in established gardens. You can easily and cleanly chop through the roots of perennials such as hostas. We use every spring and fall to make the most out of our planting beds. Contains the following - 1 each Blue, 2 each Green and Red.

5pc Mixed Color Pack - 11.5in x 8in Blade - 44.5in Total Length

RAD25023-12406 **UPC** NA
Min. Buy 1EA **Retail** \$37.99

Radius™ Root Slayer

The Award Winning Root Slayer is a multi-purpose shovel that can eliminate the need for other tools, such as hatchets, pry-bars, and saws, when simply digging around the home. If you've ever hit roots while trying to plant a perennial, been stymied by roots when trying to dig up a shrub, or tried to divide hostas with a spade only to have them slide away from your shovel, you'll know what we're talking about. You can use the Root Slayer as your go-to shovel. You can also use it to replace your nursery spade. Think of it as a shovel, root hatchet, and root saw all in one tool. Certified to be more than 150% stronger than comparable tools by Intertek, an independent testing laboratory. Patented ergonomic Natural Radius O-Handle Grip with four times the gripping surface of traditional D-Handle tools provides additional leverage while reducing hand and wrist stress. Made from a comfortable non-latex, thermoplastic elastomer over-molded onto polypropylene. Lifetime guarantee.

13in x 10.5in Blade - Total Length 44.5in

solo®

Sprayers, Spreaders & Dusters

Solo® 425® Backpack Sprayer

Since its introduction to the US market in 1964, Solo's popular 425® backpack sprayer has been the standard by which all backpack sprayers are measured... and for good reason! High-density polyethylene tank with ultra-violet inhibitors allows for unmatched durability and ultra-violet protection. Large 4.25in opening for easy filling and cleaning. Shut-off valve and wand with an overall length of 28in for hard-to-reach places. 4ft high-pressure hose. Padded shoulder straps for greater comfort. Chemically resistant Viton® seals ensure long life and durability. With its connecting rod-activated piston pump, the 425® is capable of producing a wide pressure range of up to 90 psi, and is capable of performing virtually every spraying task. Easily and effectively handles disinfectants, fertilizers, herbicides, pesticides, and formulations for tree, shrub and plant protection and wood and concrete finishing and treatments.

Solo® NOVA 424 Backpack Sprayer

Rugged SOLO® backpack sprayers are flexible and ergonomically designed for virtually any spraying task both large and small. Built for comfort. Built for convenience. Built to last. SOLO's ergonomic design contours to your back for greater comfort. A low number of wearing parts and sturdy technology ensure a long service life and minimum maintenance. The simple and effective design of the new Solo® Nova 424 Backpack Sprayer results in a reliable and comfortable product. The sprayer fulfills the basic requirements of demanding use around the home and on the farm. Large 4.75in tank opening. The large filter basket is easily removed. Integrated carry handle for comfortable transport and easy maneuvering. Stable tank base ensures that the sprayer will not tip over when filling. Pump lever can be repositioned vertically to save space. 28in unbreakable wand and shut-off valve assembly provides excellent reach. The wand can be stored neatly in a wand holder, protected from dirt or damage by a special opening integrated in the tank base. Speed Tip Nozzle: multi-pattern spray. Sprays with 3 different settings with a turn of the dial: jet stream, flat spray and full cone mist. Durable shut-off valve with lock-on / lock-off feature reduces operator fatigue. 48in nylon-reinforced high-pressure hose for extended reach. Internal pump system incorporates an effective mixing system. While pumping, the liquid in the tank is constantly agitated.
