Vendor Direct Programs

In addition to the wide assortment of products available through our warehouses, we have direct ship relationships with many vendors.

Visit www.bfgsupply.com/account/show-order for our Vendor Direct Online Ordering Program.

These fine suppliers offer thousands of additional products that can add great variety to any lawn and garden center location. Contact your BFG Sales Representative or BFG Customer Service for more information about these vendor's direct ship programs.

4 Seasonal Trends

4 Seasonal Trends has designed, developed, and sold Terra Cotta Luminaries for over 4 years. Products are made exclusively for us in Guadalajara, Mexico. High quality finishes and great care in packing pallets provide an outstanding product that has a very high if not 100 complete sell through for customers. New to the portfolio: Seasonal coir doormats. Made from natural materials, these mats are durable and easy to clean.

A Cheerful Giver Vendor Direct

An extensive line of scented candles in varying styles from votives to glass jars, flameless fragrance and home décor.

Achla Designs

A garden accessories company, emphasizing unique, handforged, wrought iron, European furnishings for the home and garden. Items range from small hooks and brackets to large pavilions and arbors. Achla Designs also offers birdbaths, birding and garden pole systems, trellises, statuary, composting products and wood and metal furniture.

Ameriscape

Ameriscape presents the finest in American decorative ground covers, including mulch, bark, pine and landscaping stones.

Ancient Graffiti

Nature-inspired gifts and accessories for the home and garden. Among the most popular products are our kinetic wind spinners, mobiles and hanging wall art, bird baths, and recently added, fairy garden miniature collection and air plant holders.

Backyard Nature Products Inc - Perfect Choice Outdoor Furniture

Perfect Choice uses only the best quality materials and ensures every product is tested using strict quality control standards. Stainless steel fasteners and weather-all poly-lumber make these products the most durable outdoor furniture on the market. Not only is the poly-lumber made from recycled materials, but Perfect Choice recycles all unused poly-lumber materials for a truly sustainable product.

Beyond Borders

Beyond Borders has been working with and nurturing Haitian metal artists in Croix-des-Bouquets for fifteen years. We meet directly with them to ensure that quality and craftsmanship standards remain high. We love the constant exchange and blossoming of new product and design ideas. Most importantly, we see real economic improvement and lives bettered through the creation and sharing of their beautiful art. This success is about a true partnership between the Haitian artists, Beyond Borders, you as our retail customers, and your customers...all who get to love this art and share in the story.

Braun Horticulture

Braun Horticulture's products deliver the ultimate decorating advantage for your customer's outdoor living spaces. Product offerings include black clay pottery, galvanized tin containers, a variety of decorative and wire hanging baskets, prepackaged moss and natural fiber liners. Rustic-style merchandising display pieces are a must for any garden center. These pieces create a visual impact that is sure to drive your sales.

Burley Clay Products

Stoneware clay products for the yard and garden, featuring garden pottery and bird baths.

Carson Home Accents

Carson specializes in various gift and misc. products, such as flag, home, garden, inspirational, seasonal, collegiate and custom products.

Chive

Chive is your go to source for a variety of modern and contemporary pottery, vases, and terrariums.

Cohasset Gift & Garden

Cohasset is the largest distributor of wooden wind chimes in North America. We source the finest Balinese bamboo and have worked directly with the same artists for over twenty years. These artists also hand make our statues and carvings. We believe working directly with the manufacturer allows for a more quality product that is designed to fit in the American backyard. Treating the artists fairly remains at the core of our beliefs. We believe working directly with the manufacturer allows for a more quality product that is designed to fit in the American backyard. Treating the artists fairly remains at the core of our beliefs.

Continental Art Center

We are offering the unique hand painted ceramic, glass, and metal arts including art tiles, plates, table sets, balancing stakes and a whole lot more garden decors. Each product was hand crafted, hand glazed, and kiln fired to show the most vibrant colors. Due to the slow firing and cooling nature of the process, our products can take sunlight, moisture, stain, heat, and the color will remain the same. This superior durability makes them great for all kinds of applications as well as both indoor and outdoor display that can give novelty to each and every corner of your home.

Deborah Ann's

Garden art including trellises, pottery, planters, birdhouses, arbors, lanterns, concrete sculpture and memorials, folk art, garden creatures and much more!

Design Toscano

Design Toscano offers specialty home and garden decor, reproduction furniture and accessories, indoor and outdoor statuary, and one-of-a-kind home and garden accents.

Eangee Home Design

Eco-friendly, fair-trade home goods. Featuring unique designs in lighting, home accessories and furniture.

Earth Sky + Water

A small publishing firm focused on the realistic depiction of nature and localized nature identification. Featuring FoldingGuide™ titles for shell, bird, fish, tree, butterfly, mammal, whale watch and night sky enthusiasts, as well as a line of museum-quality posters, greeting cards and boxed notes.

Esschert Designs

Specializes in developing collections related to gardening and nature. Their collections feature garden tools, kids gardening, décor and more.

Evans Lawn Ornaments

Evans Lawn Ornaments is the largest manufacturer of exposed aggregate birdbaths, benches, stepping stones, and fountains in the United States. Our products feature natural stone aggregate which gives them a timeless look that is able to blend in or serve as a centerpiece to any outdoor space. Exposed aggregate has been the looks and durability standard for many generations, we are proud to continue that tradition.

Good Earth Soaps

new Soap, bodycare, and soycandles handmade in Green Bay, Wisconsin. Created with organic & natural essential oils and base oils. Zero waste options available. Carbon neutral company. Made in the USA - support small business!

Grant County Mulch

Quality landscaping products including color enhanced mulch, potting soil, pine nuggets, composted leaf humus and stone.

GrowFlux

new GrowFlux, Inc. is an AgTech company offering automation and cloud technologies aimed at resource efficiency and yield expansion for the controlled environment agriculture industry, including greenhouses and indoor farms. GrowFlux specializes in data driven cultivation techniques that provide faster time to harvest, a lower energy footprint, and increased yields, driving profitability for farmers and opening new opportunities to bring crops into greenhouses and indoor farms. The company offers an ecosystem of commercial scale wireless lighting controls, cloud services, and cloud connected agricultural sensors that work seamlessly together to rapidly scale the farms of the future.

Grubby Girl

All natural soaps and bath products containing botanicals grown right in their own herb patch and bee products from their own apiary.

La Siesta

Bringing people closer to the hammock side of life; a leading provider of hammocks and hanging chairs.

Land & Sea Imports

Offering fun, whimsical garden gifts. With over 3,000 items, you are sure to find a design that accents any garden.

Marshall Home & Garden

From full size iron furniture to miniature gardens and everything in between, Marshall Home and Garden brings you beautiful and functional pieces from around the world.

Masserlli's

Makers of fine stone garden accents featuring bird baths, fountains and statuary.

Michigan Peat Company

High performance soil and peat products for both the home gardener and professional grower alike.

TDI Brands

TDI Brands distributes to independent retailers a broad range of core nursery and garden center products-from cutting and digging tools to rain savers and composters to garden center carts.

Think Outside

Hand-crafted sculptures, décor and furniture for homes, gardens or as cherished gifts.

Walton Wood Farms

Walton Wood Farm- Homegrown Gifts for Her, Him, and Man's Best Friend! Gifting made easy with fun but useful products for men, women & pets that turn in recurring revenue. We are committed to making high quality products made with sustainable ingredients, providing you with the benefits of essential oils, butters and oils including hemp oil. All of our products are proudly crafted in North America and are free from harsh ingredients such as SLS, Paraben and Phthalate, are Vegetarian/Vegan Friendly, and Gluten Free, Cruelty-Free & NEVER tested on Animals.

Wind River/Festival Windchimes

QMT Windchimes® has been manufacturing hand-tuned wind chimes in America for over 30 years. They manufacture chimes in Manassas Park, Virginia and use raw materials from American lumber and aluminum suppliers.

TERMS & CONDITIONS OF SALE

2021

RELATIONSHIP TO ACCOUNT APPLICATION

These Terms and Conditions together with the Account Application and any fully executed Agreements between the parties contain the entire understanding between the parties as to all matters referred to herein. No other representations, covenants, undertakings or prior or contemporaneous agreements, whether oral or written, regarding any matters that are not specifically contained and incorporated in this Agreement, shall be deemed to have any effect or binding impact upon the parties. The language of this Agreement shall be construed according to its fair meaning and in accordance with its purpose and without regard to whom may have drafted any particular provision herein. For purposes of these Terms and Conditions "Customer" shall mean the legal entity that is a part to any BFG Supply Co. Account Application, or any Order placed with BFG Supply Co. and "Guarantor" shall mean any individual that executes the BFG Supply Co. Account Application as a guarantor.

ACCOUNT APPLICATION

Payment terms are stated on your invoice. Discounts may be offered on certain products in certain situations and will be specified on the invoice. These discounts, if offered, are only available on invoices paid and received into the BFG office within the terms outlined on your invoice via cash or check and payments via credit card are not eligible for discounts. Buyer is responsible for mail time and discounts are only available if BFG actually receives eligible payments during the time frame set forth in these Terms and Conditions. Post marks will not be considered. A finance charge of 2% per month (24% annually) will be assessed on invoices not paid within invoice term date. Payments received towards balance will first be applied to finance charges unless otherwise stated in writing by BFG. BFG reserves the right to assess the maximum amount of finance charges permitted by applicable law. BFG has the absolute discretion to place an account on C.O.D. status until past due balances, including finance charges, are satisfied in full and BFG has determined that Buyer is eligible for the reestablishment of a credit line in BFG's sole discretion. Any failure of the Buyer to satisfy any of its obligations under a Account Application with BFG, including but not limited to the failure to satisfy amounts due within payment terms shall comprise an event of default. In the event of default, if BFG must employ a collection agency or attorney to collect any past due account, Buyer shall be responsible for the satisfaction of all amounts incurred in collection of any past due account including collection costs and attorney fees.

PAYMENTS

Visa, MasterCard, Discover and American Express are acceptable payments at the time of purchase up to \$10,000 or higher as approved by BFG. Payments made after a finalized sale that require (or per request) a change in terms will be charged a 3% convenience fee. Please call BFG Accounts Receivable department at 800-883-0234 Ext 4997. Mail payments by check to BFG Supply Co., 3874 Solutions Center, Chicago, IL 60677-3008

ACCOUNT APPLICATION AND TAX EXEMPT FORMS

Account can be established by submitting a completed BFG Supply Co. Account Application. Allow three to four weeks for complete processing. In addition, a tax-exempt form for your state must be on file with BFG or taxes will be charged on all purchases. The Account Application must be completed in its entirety to avoid processing delays. Failure to provide all information will result in adverse action with respect to Buyer's application for credit, including declining the application.

INVOICES/STATEMENTS

Product will be invoiced on the date product is shipped from BFG or when delivery information is received from a manufacturer shipping direct. BFG will make good faith efforts to transmit monthly Account Statements at the beginning of each calendar month. Account Statements are reminders of open invoices, however, Account Statements do not grant an additional amount of time to remit payment. Please follow the terms indicated on your individual invoice. Copies of invoices can be located at www.bfgsupply.com or contact BFG at 800- 883-0234. All these documents may be mailed, faxed, or e-mailed. Please contact BFG Supply Co., LLC or visit www.bfgsupply.com with your choice preference.

RETURNS

Our merchandise is sold on an outright sale basis and is not subject to return unless mis-shipped, damaged or defective. Any shipments refused for reasons other than freight damage will be subject to freight charges both ways as well as a restocking charge. If merchandise is mis-shipped, please contact our office for return authorization. We will arrange return transport and credit.

DAMAGE/SHORTAGE/DEFECTIVE ITEMS CLAIMS

Damage in shipment claims on items shipped via Fed-Ex/UPS/ etc., must be made within one (1) business day (24 hours) of receipt of the merchandise. All claims for shortages and defective items must be reported to us within one (1) business day (24 hours) of delivery. All claims regarding billing errors, (pricing, terms, etc.) must be reported to BFG Supply or our representative within 30 days of delivery. Immediately upon receipt of truck shipments, examine the shipment carefully before signing the freight bill. If damage or shortage is evident, do not accept shipment without notation on the freight bill by the driver. Failure to do so may prevent you from filing a claim with the carrier. If you need assistance regarding damage claims, please contact your nearest BFG service location. A photograph of damaged product needs to be included with any damage claim. Merchandise found to be defective will be picked up (or field destroyed if you are advised to do so) and full credit will be issued provided the merchandise does not look like it has been abused or misused and is in accordance with the manufacturer's warranty policy. BFG Supply is not liable for damages, injuries or loss of revenue as a result of a manufacturer's defective item.

DELIVERIES

Title and risk of loss pass to the Buyer upon delivery of the Product. BFG delivers to customers in designated delivery areas according to an established daily routing schedule. Although we do our best to run the same routes on the same days each week, unavoidable circumstances may arise which prevent us from adhering to our normal schedule. Please note that we will do our best to make sure you receive the product you need when you need it. BFG delivery charges vary by location. Please contact your local BFG service center for pricing. Or ask your Sales Representative or Customer Service Rep for current delivery charges. Backorders may be subject to delivery charge. Delivery via BFG vehicles or trucks is subject to the equipment available at the BFG Service Center and the ease of access to the destination. Please contact your delivering service center for details. Some orders may be shipped via Fed-Ex/UPS/ Etc. at the buyer's expense and are subject to an additional order handling charge. Deliveries outside of our designated area may not ship via BFG and additional freight charges may apply. Please check with the local BFG location for complete details. Please note: all flower and vegetable seed for plant growers are shipped from our Harrisonburg Facility. No orders may be shipped via UPS for a C.O.D. purchase. These orders must be prepaid. Advanced payment arrangements must be made with your local BFG Service Center for all BFG truck deliveries. BFG drivers do not carry cash. Important: All orders for delivery via BFG tractor-trailer must be phoned or faxed in at least 48 hours prior to your scheduled delivery day. BFG will accept "add-on" orders before 10:00 a.m. on the business day prior to your scheduled delivery day but cannot guarantee that they will fit on the trailer. It is necessary that the customer has appropriate personnel present to assist our drivers in unloading.

TERMS & CONDITIONS OF SALE

2021

WILL CALLS

Customers who wish to pick up merchandise from our warehouses are most welcome to do so. However, merchandise is not available in all locations; please call to verify if item is stocked. To help expedite your order, please call your order in ahead. Orders for pick up in the morning should be called into the office by 5:00 p.m. the day before. You may pick up items between 8:00 am-4:30 pm.

RECOMMENDATIONS

All recommendations made by BFG are compiled from recognized horticultural sources or BFG's knowledge of recognized industries. BFG makes no warranties regarding any recommendation made and BFG is not responsible for any alleged losses of Buyer due to any recommendations given by BFG Supply Co. or its personnel.

NOTICE TO PURCHASER

Seller's and manufacturers' only obligations shall be to replace such quantity of product proved to be defective. Before using, users shall determine the suitability of the product for their intended use, and users assume all risk and liability whatsoever in connection therewith.

WARRANTIES

BFG makes no warranty of any kind, whether that be expressed or implied. Except as expressly provided in these Terms and Conditions, all implied warranties or conditions (whether statutory or otherwise) are excluded to the fullest extent permitted by Law. BFG makes no warranty respecting the merchantability of the products or their suitability or fitness for any particular purpose, non-infringement of third-party rights nor does BFG make any warranties against latent defects. Some product(s) sold by BFG may be accompanied by manufacturer warranties from the party that provided BFG with the product(s). All such warranties shall be the responsibility of the manufacturer of the product(s) purchased from BFG, if any warranties exist. Credits are limited to the amount of the original sale. Because of varied interpretations of standards at the local level, Seller cannot warrant that the product meets the requirements of the Occupational Safety and Health Act, or of any local acts or codes that may apply. In the event of litigation through the courts arising from any purchase, the Buyer consents to and submits to the jurisdiction and venue of the courts of Marion County, Indiana. Mail, phone, and internet orders accepted are subject to these terms and the Buyer in acceptance of the shipment agrees to these terms. BFG Supply warrants to the extent of the purchase price that seeds or bulbs sold are as described on the container. Subject to the limitation of liability set forth in the preceding sentence, BFG provides a limited warranty that at the time of delivery, seeds or bulbs sold by BFG are as described on the container, within recognized tolerances. As set forth above, BFG gives no other or further warranty, expressed or implied.

Note: Every effort has been made to provide current, accurate product information. Product guides/catalogs are intended to represent the many products offered by BFG Supply Co. Call your servicing BFG warehouse for updated product information or if you don't see a product or size you need. Chances are we can help you. Here are three points to keep in mind as you prepare to place your order:

1. Order early because stock availability of some items is unpredictable.
2. Prices included in any BFG product guides are intended as instructive guidelines only.
3. Prices may change without notice.

FORCE MAJEURE

BFG is not liable for failure to fulfill its obligations for any accepted order or for delays in delivery due to causes beyond BFG's reasonable control including, but not limited to, acts of God, natural or artificial disaster, riot, war, strike, delay by carrier, shortage of products, acts or omissions of other parties, acts or omissions of civil or military authority, government priorities, changes in law, material shortages, fire, strikes, floods, epidemics, quarantine restrictions, acts of terrorism, delays in transportation or inability to obtain labor, materials or products through its regular sources, which shall be considered as an event of force majeure excusing BFG from performance and barring remedies for non-performance. In an event of force majeure condition, the BFG's time for performance shall be extended for a period equal to the time lost because of the force majeure condition without subjecting BFG to any liability or penalty. BFG may, at its option, cancel the remaining performance, without any liability or penalty, by giving notice of such cancellation to the Buyer.

PROVISION OF AND RELIANCE UPON ACCURATE FINANCIAL INFORMATION

BFG makes all decisions related to the extension of credit to the Customer based upon the disclosures made by the Customer in the BFG Supply Co. Account Application. All parties executing these Terms and Conditions and the Account Application represent and warrant that the information provided to BFG Supply Co. are true and accurate in all respects. BFG Supply Co. is a wholesale distributor and does not as a part of its general practice sell to individuals. All parties executing these Terms and Conditions and the Account Application further represent and warrant that the Customer is a legal entity validly existing and authorized to do business in the State of its formation at the time of the execution of the BFG Supply Co. Account Application and that any changes in the status of the Customer as a legal entity will be disclosed to BFG Supply Co. within ten (10) business days of the occurrence of any changes in the status of the Customer. If Customer is a limited liability company, corporation, or a partnership, Customer must provide BFG Supply Co. with its Tax Identification Number contemporaneous with the execution of these Terms and Conditions. If Customer is a sole proprietorship, Customer shall provide BFG Supply Co. with Schedule C to its tax return. These Terms and Conditions may be found at www.bfgsupply.com. These Terms and Conditions of Sale are subject to revision and change by BFG Supply Co. without notice, however, the then current Terms and Conditions maintained at www.bfgsupply.com shall be applicable to an given order at the time it is made and shall control. Customer and, if applicable, all Guarantors hereby execute and agree to these Terms and Conditions and agree to be fully bound by the same.

DECLARATION OF APPLICANT

Account Application. Applicant has requested credit from BFG Supply Co., LLC (referred to herein as "BFG Supply Co."). Whenever "BFG Supply Co." or "Secured Party" are used throughout this Application, such terms shall include both of the entities identified above and either of the entities identified above shall be entitled to rights, interests, and remedies set forth in this Account Application. By its execution of the Account Application the Applicant affirms and certifies that the information provided on the Credit Application is true and correct.

Release of Credit Information. The signing of this application authorizes BFG Supply Co. to perform credit investigation(s) of the Applicant. Applicant authorizes any references to release information necessary for BFG Supply Co. to make an informed credit decision. BFG Supply Co., is authorized to make all inquiries deemed necessary to determine the credit worthiness of Applicant including with any third parties with which the Applicant has or is conducting business and any additional third parties that BFG Supply Co. deems relevant. BFG Supply Co. is hereby authorized to answer questions about its credit experience with Applicant and to provide information regarding its credit experience with Applicant. If the undersigned individual is not the Applicant, but an authorized representative of Applicant, then the undersigned individual recognizes that his or her individual credit history may be a factor in the evaluation of the credit history of Applicant and hereby authorizes BFG Supply Co., to perform the necessary credit investigation and make all inquiries deemed necessary to determine the creditworthiness of the undersigned individual.

Grant of Security Interest. Grant of Security Interest. To secure payment and performance of all obligations, now existing or hereinafter arising, Applicant hereby grants Secured Party, a continuing security interest in all inventory, equipment, and goods manufactured by, supplied, or distributed by Secured Party, whenever sold, consigned, leased, rented or delivered, directly or indirectly (including via retail establishments/stores), to or for the benefit of Applicant by Secured Party, including but not limited to greenhouses and/or nursery supplies, soils, fertilizers, chemicals, and containers, polycarbonate materials, bamboo materials, and seeds, wherever located, now owned and hereafter acquired, including but not limited to all Secured Party, brand products and any replacement products, parts, accessories and supplies including reposessions and returns, all proceeds from the sale, lease or rental thereof and all existing or subsequently arising accounts and accounts receivable and supporting obligations which may from time to time hereafter come into existence during the time any obligations to Secured Party, remain outstanding (the "Collateral"). Applicant agrees to execute and deliver to Secured Party, upon request, such instruments and assurances as Secured Party deems necessary or desirable to establish, confirm and maintain perfection of Secured Party's rights and interest in the Collateral. In connection with the security interest granted by Applicant, Secured Party may file and/or record any financing statements and/or fixture filings deemed necessary by Secured Party to protect its rights and interests in the Collateral. Applicant hereby authorizes Secured Party to file all financing, continuation and amendment statements and such other documents as Secured Party deems necessary or desirable to protect its right, title and interest in the Collateral. In addition, Applicant hereby ratifies its authorization for Secured Party to have filed in any jurisdiction any financing statements or amendments thereto if filed prior to the date hereof. Applicant authorizes Secured Party to file a Uniform Commercial Code (the "UCC") Financing Statements in the filing office of any jurisdiction(s) Secured Party deems to be appropriate pursuant to the UCC. Debtor waives its right to receive a verification statement evidencing the registration of a UCC/PPSA Financing Statement or UCC/PPSA Change Statement.

Covenants of Applicant. Applicant will maintain the Collateral in original condition but for the ordinary wear and tear and will insure the Collateral against all expected risks. Applicant will not subject the Collateral to any adverse encumbrance or lien, or sale or other transfer other than as approved in writing by BFG Supply Company, LLC. Applicant will not locate the Collateral at any location other than as known to BFG Supply Co. Applicant will promptly advise BFG Supply Co. of any change of Applicant's name or business nature, location, and business openings and closings.

Account Application. The following constitute Applicant defaults: (i) non-payment in timely fashion of Applicant's indebtedness to BFG Supply Co., (ii) bankruptcy, insolvency or assignment for the benefit of creditors or (iii) misrepresentation or breach in respect of any provision of this or any agreement between BFG Supply Co. and Applicant. In the account application, BFG Supply Co. may declare all unpaid balances due and payable and/or may require Applicant to assemble the Collateral and make it available to allow BFG Supply Co. to take possession or dispose of the Collateral. Applicant further agrees to pay all reasonable attorneys' fees and all other costs and expenses incurred by BFG Supply Co., in the collection of any obligation of Applicant under this Account Agreement or related to any amounts that are or become due from Applicant to BFG Supply Co. In the account application, BFG Supply may remove Applicant's credit limit with no requirement for written notice to Applicant of the same and may conduct any credit investigation on the Applicant or any Guarantor upon an account application. The Applicant agrees that any statute of limitations related to pursuing any claims against the Applicant or any obligors on any debt incurred under this Account Application, shall be "tolled", postponed, extended, and delayed such that the same begin to run for the date of the last payment made on any indebtedness owed under the Account Application.

Miscellaneous. The information contained herein is submitted by Applicant for the purpose of obtaining credit. Applicant expressly agrees to make payment in full to BFG Supply Co. for any purchases made from BFG Supply Co. in accordance with the terms of all invoice(s) issued by BFG Supply Co. Should Applicant default in any such payment, Applicant expressly agrees to pay a late charge on any amounts in default of 2% per month (annual rate 24%), and, all amounts owed to BFG Supply Co. by Applicant may, at the option of BFG Supply Co., become immediately due and payable. The terms and conditions of sale are subject to and will be construed in accordance the terms and conditions of sale in effect for BFG Supply Co. and with the laws of the State of Ohio. The latest version of Terms and Conditions is listed at www.bfgsupply.com. The parties hereto hereby agree that any such litigation between them may be filed, tried and litigated in a federal or state court located in the State of Ohio or the State of Indiana. In connection with the foregoing, the parties hereto irrevocably consent to the jurisdiction and venue of such courts and expressly waive any claims or defenses of lack of jurisdiction or of proper venue by such court. This Agreement and any purchase orders between the parties constitute the entire agreement of the parties hereto with respect to the subject matter hereof and shall be deemed to supersede all prior and contemporaneous agreements, representations, and understandings, whether written or oral.

Severability. This Agreement is intended to be in compliance with all laws and regulations. In the event that any one or more of the provisions or terms contained in this Agreement should be adjudged to be invalid, illegal or unenforceable in any respect, the validity, legality and enforceability of the remaining provisions and terms contained in this Agreement shall not in any way be affected or impaired thereby, and shall be otherwise valid, legal and enforceable.

GUARANTY

In consideration of credit being extended by BFG Supply Co. to the Applicant identified above, whether Applicant be an individual or individuals, a proprietorship, a partnership, a corporation, or other entity, the undersigned guarantor or guarantors (collectively, the "Guarantors") each hereby (jointly and severally if more than one) unconditionally guarantee to BFG Supply Co. the faithful payment, when due, of all obligations of the Applicant to BFG Supply Co. together with all fees and expenses incurred in a suit to enforce this Guaranty. The Guarantors each hereby expressly waive (i) all notice of acceptance of this guaranty, (ii) all notice of extensions of credit to Applicant, (iii) presentment and demand for payment, (iv) protest and notice to the Guarantors of dishonor or default by Applicant, and (v) all other notices to the Guarantors and all defenses given to sureties or guarantors at law or in equity other than payment. By signing below, the Guarantors authorize BFG Supply Co. to make all inquiries deemed necessary to determine the creditworthiness of the Guarantors. BFG Supply Co., is authorized to answer questions about its credit experience with the Guarantors and to provide information regarding its credit experience with the Guarantors. The Guarantors acknowledge that execution of this guaranty is a material part of the consideration upon which BFG Supply Co., is relying on to extend credit to the Applicant, that this guaranty is executed as an inducement to BFG Supply Co. to consummate such extension of credit, and that this Guaranty is in the Guarantors' interest and to the Guarantors' direct or indirect benefit.

Fertilizer

Sustane® Lawn Program - Spring Weed & Feed 9-0-0

Sustane 9-0-0 with Non-GMO Granular Corn Gluten Meal (CGM) is a natural broadleaf pre-emergent that helps prevent weeds from establishing in the spring. Blended with 15% Sustane fertilizer means no bright yellow lawn after application, plus more Slow Release Nitrogen which helps promote thicker lawns and lasting turf color. Non-GMO CGM from Sustane is consistent and easy to apply.

30lb

Min. Buy 1EA **Retail** \$39.99

Sustane® Lawn Program - Late Summer Turf Starter and Overseeder 4-6-4

Turf Starter is specifically formulated to be applied directly with grass seed. Sowing additional applications of grass seed to an existing lawn is one of the best ways to promote a thick lawn free of weeds, without the use of chemicals. Sustane 4-6-4 combines high quality compost with organic phosphorus from composted turkey litter to provide the unique conditions that grass needs in order to establish. The composting process fully stabilizes the fertilizer, making it safe so it will not burn the grass seed. This allows the nutrients and beneficial biology to be applied directly where the seedling needs it.

Min. Buy 1EA **Retail** \$39.99

Sustane® Lawn Program - Fall Winterizer 8-0-4

Sustane's Winterizer provides the plant nutrients and carbohydrates that grass needs to prepare for winter, resulting in healthy turf and a quick spring green-up. It contains Slow Release Nitrogen so that it will not promote growth late in the fall, but will instead build up reserves for the winter. Extra potassium sulfate helps the turf build up carbohydrates and proteins, which improves cold tolerance and allows a more healthy plant survival in the winter. Our Winterizer also provides the soil-building characteristics of high quality compost, to use the winter months to improve soil structure and health.

Fertilizers

Dr. Earth[®] Root Zone[®] Starter Fertilizer 2-4-2

Root Zone Premium Starter Fertilizer produces remarkable results because nutrients are released quickly yet continues to feed for several months. Root Zone fertilizer is formulated to feed all transplants, vegetable garden plants, both summer and winter plants, in containers or in native soil found in your yard. It is best used when planting seeds or transplanting anything into a new container or at home in the garden. This spectacular blend builds soil health, promotes disease resistance, and assists the growth of remarkable plants every time. Advanced TruBiotic, consisting of five champion strains of beneficial soil microbes and eighteen select strains of ecto and endo mycorrhizae provides optimum levels of primary essential plant nutrients. 100% organic and natural, it contains no synthetic ingredients, GMO infested chicken manure or sewage sludge.

Dog Rocks®

STOP pet urine burn marks... *naturally*

Lawn Care

Dog Rocks® Grass Burn Prevention

A 100% and hassle-free solution to urine burn patches on your lawn & shrubs. Dog Rocks placed in your dog's drinking water will begin to filter out impurities such as tin, ammonia and nitrates. These impurities are usually passed out through your dog's urine and can result in urine burns on your grass. Dog Rocks is vet and pet parent endorsed with over two million packs sold worldwide. Results can be seen in 3-5 weeks and there is no change to pH balance of your dog's urine.

Nutrients & Additives

Dave Thompson's Organic Healthy Grow® Worm Castings 1-0-0

Worm castings provide an excellent way to soften soil and increase microbial activity while giving plants a natural, easily absorbed source of nitrogen, calcium and iron. This results in faster growth, larger plants and bigger blooms. We use only single-sourced worm castings from a temperature and moisture-controlled environment in which the worms are counted and weighed every two weeks to ensure over 95% pure castings.

Preen®

Weed Control

Preen® Natural Vegetable Garden Weed Preventer

Enjoy a weed-free vegetable garden without all the work. Preen Natural Vegetable Garden Weed Preventer is the natural way to keep weeds from sprouting! Use the natural weed control in your fruit, vegetable, herb, and landscape beds anytime during the growing season to save time from back-breaking weeding. Preen Natural Vegetable Garden Weed Preventer is formulated to control some of the toughest weeds, like clover, bluegrass, crabgrass, foxtail, lambsquarters and plantain. Because it's 100% natural, you don't have to worry. Just sprinkle around established vegetables, herbs, and fruits once a month to prevent weeds from returning to your garden. Children and pets can play in the area immediately after application.

Nutrients & Additives

Great White® Premium Mycorrhizae

Great White is used by professional and home growers for its quality, consistency and proven results. The endo and ecto mycorrhiza and Trichoderma build a microbial system in and on plant roots which enhance water and nutrient uptake. Great White can be used in hydroponics, field agriculture or home gardening. It is best used as a seed coat or in the early stages of growth. Users should look for vibrant and vigorous plants.

Jonathan Green® Organic Lawn Food 10-0-1

A complex, organic lawn food that promotes strong grass growth. Use on established and newly seeded or sodded lawns. Jonathan Green Organic Lawn Food helps to rejuvenate thin, stressed lawns by adding organic content to the soil.

Covers 5,000sq ft

JOG10250-2488 UPC 079545102500

Min. Buy 1EA Retail \$29.99

Jonathan Green® MAG-I-CAL Plus® for Lawns in Acidic + Hard Soil

MAG-I-CAL PLUS® for Lawns in Acidic + Hard Soil is a unique, soil-enhancing food that rapidly raises soil pH, loosens hard soil, and stimulates soil microbes. Contains fast-acting calcium which raises soil pH to enhance nutrient availability from lawn foods. It is also fortified with a patented, quick-releasing gypsum to help break up clay and compacted soil for better air, water, and root penetration into the soil. Increases biological activity in soils.

Fertilizer

Jonathan Green® MAG-I-CAL® Soil Food for Lawns in Acidic Soils

A highly soluble form of calcium that helps to rapidly raise your soil's pH. Low soil pH causes weeds and moss to grow, while soil pH ranging between 6.2 to 7 will increase microbial activity, boost lawn color, reduce stress, and aid in water uptake. Can be applied anytime during the growing season. Safe for use around pets and kids. 5M bag equals 5 bags of lime; 15M bag equals 15 bags of lime.

Jonathan Green® Love Your Soil® Soil Food

Loosens hard soil, stimulates soil microbes and creates a biologically healthy soil. This soil food also helps release trapped nutrients. Grow better turf by creating better soil! Use on existing lawns, newly seeded lawns, and any type of turfgrass. Your soil will become more alive and porous by allowing water, air and grass roots to penetrate deeper. Love Your Soil also increases the lawn's resistance to drought and heat stress. Environmentally friendly and safe to use around people and pets. It applies easily with any spreader. Contains humic and fulvic acids, calcium, sulfur, iron and molasses.

Weed Control

PULVERIZE® Selective Weed Killer

Pulverize® Weed Killer kills weeds, not lawns. Works fast, see results in hours. Active Ingredient: Iron HEDTA. Pulverize® Weed Killer works quickly; dying weeds will be seen within hours of application. Treated weeds, moss or algae will turn brown after treatment, however, grass will recover within a few days to weeks. May stain thatch (dead grass under lawn); this does not affect the health of the grass. Controls weeds: Bull thistle (*Cirsium vulgare*), Creeping buttercup (*Ranunculus repens*), Dandelion (*Taraxicum officinale*), Moss, Speedwell spp., Persian speedwell (*Veronica persica*), White clover (*Trifolium repens*). Suppresses Weeds: Black medic (*Medicago lupulina*), English daisy (*Bellis perennis*).

PULVERIZE® Weed & Grass Killer

Pulverize® Weed & Grass Killer kills weeds, grasses, algae and moss. Fast Acting. See results in 20 minutes. Active Ingredient: Ammoniated Soap of Fatty Acids. Pulverize® Weed & Grass Killer is a fast acting weed, grass, algae and moss killer. Incidental over spray will not stain concrete or pavement. Pulverize® Weed & Grass Killer suppresses the growth of some bi-annual and perennial weeds. It can be used in cultivated areas prior to planting grass or flowers. Areas can be re-sown five days after treatment. Pulverize® Weed & Grass Killer can be used at any time during the year. Best results obtained with young, actively growing weeds, less than five inches in size. Controls Annual bluegrass, chickweed, corn spurry, dandelion, groundsel, lamb's-quarters, large crabgrass, mouse-eared chickweed, mustards, plantain, redroot pigweed, round leaved mallow, sheep sorrel, shepherd's-purse, stinkweed, thistle, moss algae, and lichens. For use around ornamental flowers, mature shrubs and trees; spot treatment in lawns bordering garden areas; bark mulch; around planters, containers, raised beds and other structures holding flowers, trees, shrubs and vegetables; and in planting beds prior to planting grass, flowers or vegetables.

Weed Barriers

Preen® 5yr Weed Control

The Preen 5 Year Residential Landscape Fabric offers a chemical free solution to weed prevention by not allowing the seeds already in the soil to germinate. The Preen Landscape Fabric actually prevents the sunlight from penetrating the soil to germinate the seeds already in the soil that were there from previous years of weeds. This reduces the need for hand weeding, but a Preen Pre-Emergent should be used in conjunction with any use to prevent any additional seed from blowing in the mulch and thus germinating. Preen Landscape Fabric also helps maintain moisture in the soil.

Preen® Premium Landscape Weed Control Fabric

Every gardener enjoys a beautifully landscaped yard, but keeping each area of the garden weed-free is time consuming and a drudgery. Preen Premium Landscape Weed Control Fabric is a great low maintenance solution. Our non-chemical weed control product is an incredible time saver that lasts for years. Ideal for new shrub beds and rock beds, Preen Fabric is a weed control fabric that inhibits weed growth, yet allows water to penetrate to enable desired plantings to thrive. Since Preen Fabric is chemical-free, it is also a perfect weed prevention solution for vegetable gardens. Simply lay it down before planting, cut an X for each plant, then discard at the end of the growing season. Preen Landscape Weed Control Fabric—nothing controls weeds longer and is chemical free.

Fertilizer

Nectar For the Gods Medusas Magic Soil Nutrient

To brew Medusa's Magic, proteins and enzymes are gently extracted from materials and then suspended in a worm casting tea. Nitrogen in Medusa's Magic is derived from a protein which will result in a healthier, more natural growth pattern in your plants. The healthier the plant, the more efficient the plant's natural response to produce its own defense mechanisms against pests and disease.

Nectar For The Gods Hygeia Hydration Yucca Extract

Rich in saponins, Yucca acts as a wetting agent to aid in root penetration for maximum nutrient uptake. Hygeia's Hydration can be used for those pesky soils that dry out and will not rehydrate with regular watering. You can also use Hygeia's Hydration as a wetting agent for foliar feeding nutrients, pest control, and fungal sprays. Because of the high saponin levels, this product is not recommended for heavily aerated reservoirs due to the foaming that will occur.

Nectar For The Gods Pegasus Potion Feather Tea

Extraction through enzyme hydrolysis makes Pegasus Potion more biochemically viable, preserving amino acid integrity by breaking proteins at specific sites. This is the first pure-nitrogen product on the market that is not a salt based mineral or urea-based nitrogen. Incredibly gentle on plants' foliage and root zone, Pegasus Potion provides a readily available amino acid nitrogen source. Pegasus Potion can be used as an extremely effective foliar spray as well as a root drench to promote greening and vegetative growth. A little warning to all who are thinking about using Pegasus Potion: IT SMELLS REALLY BAD. We have done everything in our power to quell the stench, and nothing we have tried will mask the smell. Sorry.

Nectar For The Gods Persephone's Palate

Persephone's Palate is our answer to the use of molasses in a feeding regimen. The calcium in the lignin acts as a microbial food while the lignin sulphonate acts as a chelating agent, (large, organic molecules that are used to envelop highly-reactive trace metal ions). The purpose of chelates is to incorporate metal ions like magnesium, boron, and zinc into a soluble but bound form that is capable of supplying nutrients to the plants. As the chelate breaks down, the metal ion micronutrients are slowly released into the soil in a bioavailable form that may then be taken up by the plant.

Nectar For The Gods Olympus Up

Olympus Up is the Nectar for the Gods pH up product. Most gardeners know to adjust the pH of their nutrient solution before use. By using liquid calcium as a pH adjusting component, you will add more calcium to your plants' cell structure, promoting cell wall integrity. Residual Olympus Up in the soil will increase aeration, promote microbial activity by offering a food source for the soil biota, and contribute to nutrient delivery. Olympus Up is essential when using Herculean Harvest. We recommend using Olympus Up with Herculean Harvest to form an amazing calcium food source for soil microbes. They may also be used together for a more efficient flush, either at the end of your growing cycle, or in new potting medium to stabilize pH.

Nectar For The Gods Aphrodite's Extraction Carbon

Aphrodite's Extraction provides a rich blend of sucrose, fructose, and phosphate to promote a thriving microbial population and strong, healthy plant growth. In addition to calcium, microbes need carbon in order to manufacture complex proteins for normal growth and reproduction: low carbon equals low microbial activity. Sucrose is one of the most available forms of carbon for a plant. When sucrose and fructose are blended with proteins, it becomes a microbial feast.

Nectar For the Gods Gaia Mania Supplement

Gaia Mania is a careful blend of organic materials, enzymatically processed to extract only proteins and humates. This digestion process is the beginning step in the absorption of vitamins, acids, and minerals by the plant. Gaia Mania has the ability to feed plants immediately and is also designed to promote microbial populations in your medium, offering greater protection to plants' root systems. All of the nitrogen in this product is protein based. This is the healthiest form of nitrogen for plants, promoting strong, healthy growth without a tendency toward elongation as with sodium-based nitrates. Plants grow healthiest when they are grown with proteins, organic acids, and calcium-based products.

Nectar For The Gods Bloom Khaos Foliar Spray

When using Bloom Khaos as a foliar feed, one should notice more flower sites, larger, denser flowers, and superior color, flavor, and aroma. Bloom Khaos improves plant health and vigor while reducing stress at crucial times of the plants' life cycle, such as transplanting, flower transition, and prior to taking cuttings. Bloom Khaos works best if used daily as a foliar spray in the early stages of growth and up to a few weeks into flowering. After that, it works well as a water-in additive.

Nectar For The Gods Herculean Harvest Liquid Bone Meal

Herculean Harvest increases the availability of phosphorus to your plants and soil, producing a wide range of benefits to plant health, structure, and flavor, contributing to a vigorous soil food web and improving the accessibility of nutrients. The active ingredient in bone meal, calcium phosphate, helps to carry all nutrients to the plant, except for nitrogen and potassium. Calcium is essential for supplying plant growth energy in order to sustain life and growth and promotes solid stems through stronger cell development. Calcium also increases the cation exchange capacity of soils, making nutrients more available to microbial activity and ultimately to the plant. The addition of Herculean Harvest to any nutrient line will increase size, aroma, and flavor of the plants' fruit. It also aids in washing salt from a potting soil or soilless medium and can be used as part of a soil flush solution.

Plant Doctor® Systemic Fungicide

An earth-friendly broad spectrum disease control and preventative for use on turf, fruit trees, vegetables, ornamentals and flowers. Controls and prevents a myriad of plant diseases including those that cause root rot, leaf and stem blights, leaf spots and more as listed! A systemic product, it has a foliar or root application that will work its way throughout the entire plant to prevent disease and attack existing disease above and below ground. Once inside the plant, Plant Doctor® increases plant metabolism so plants grow faster, bloom more and have an increased yield while providing a nutritional boost of potassium and phosphorus, essential nutrients for plant growth.

Housewares - Cleaning Supplies

Sanco® 100% Cold Pressed Orange Oil

This product is 100% cold pressed orange oil and is also known as D-Limonene. Orange Oil is a great alternative to harsh chemicals and is often used for an all-purpose cleaner and air freshener. This food grade product is derived from the citrus peel of oranges and is a common ingredient in perfume blends and household cleaners. D-limonene is designed to be used as an industrial cleaner and/or hard surface cleaner for difficult to remove grime. It can also be used to make formulated products for applications such as laundry, adhesive removal, or waterless hand cleaner.

Summit® Mosquito & Gnat Barrier

Packed in a convenient pre-calibrated hose-end sprayer makes it possible to enjoy your backyard without the annoyance of insect pests. Mosquito & Gnat Barrier contains permethrin, a residual insecticide that provides up to four weeks of repellency for a wide variety of insect pests including mosquitoes, ants, fleas, ticks and more. Spraying your backyard can help to reduce suitable mosquito resting areas (usually vertical vegetation), and therefore reduce your chances of being bitten. Spraying down wooded areas that your dog frequents can aid in reducing the risk of tick born illness for your pet and family.

Summit® Tick Take Tick Removal Spoon

The Tick-Take tick removal spoon is an effective tool for removing ticks from both humans and pets. Place the spoon's notch on the skin near the tick. It can be used from any direction (the front, back, or side of the tick). Apply slight downward pressure on the skin and slide the spoon forward so the notch is framing the tick. Continue sliding the spoon forward to detach the tick (do not pry, lever, or lift up). Once the tick has detached, examine the bite site to make sure the mouthparts were completely removed. The tick can now be disposed of or saved for identification or testing.

Fertilizer

ferti-lome

VPG™ ferti-lome® Yield Booster

Helps stop blossom end rot on tomatoes and setting of fruit and correcting calcium deficiencies. Blossom end rot can be recognized by the dark grey/ black sunken area on the blossom end (bottom of Tomatoes). Blossom end rot can be small or can cover almost half of the fruit and will decrease tomato yield. Apply as a thorough cover spray to foliage and fruit. Use at weekly intervals for at least three sprayings.

VPG™ Hi-Yield® Calcium Nitrate

Contains two important nutrients that plants need: Calcium (Ca) and Nitrogen (N). Hi-Yield Calcium Nitrate is used primarily in vegetable gardens, particularly for Tomatoes and Peppers, in the prevention of Blossom End Rot. Blossom End Rot is a common problem with tomatoes. It is a physiological disorder (not a disease) caused by a lack of calcium. When fruits are enlarging rapidly, sufficient amounts of calcium fail to reach the end of the fruit resulting in a deficiency of calcium in the developing fruit.

Ross® Root Feeder - Model 1200

A deep feeding system that is specially designed to water and fertilize below the soil's surface, where most of the active tree roots grow. Simply connect a garden hose to the Root Feeder and insert the feed tube into the soil around the drip line of a tree. Water flows through a chamber filled with fertilizer, through a feed tube right to the tree's roots. Perfect for drought weather, there is no runoff and wasted water, just healthy, beautiful trees all season.

Fertilizer

Milorganite® Professional 6-4-0

The same nutrient package you get from the original Milorganite is available in a Greens Grade. These SGN 90 granules contain the same nutrients as Milorganite Classic (SGN 160). The particles are small enough to fall into the canopy of close-cut turf. This minimizes mower pick-up and the impact on ball roll. Spoon-feeding greens with Milorganite Greens Grade keeps your golfers returning time after time!

Animal Repellents

Enviro Protection® Deer Scram™ Granular Deer & Rabbit Repellent

Stimulates a strong fear response by emitting an odor that deer and rabbits associate with their dead kin. Does not have an unpleasant odor to humans, but discourages unwanted animals from returning to the protected area. It contains no synthetic additives, is non-toxic, biodegradable and will not harm animals or the environment. It should be applied every 30 to 45 days depending on weather conditions. This granular product is easy to apply and is rain and snow resistant.

Animal Repellents

I Must Garden® Ant Control

Highly effective, chemical free way to rid your lawn, garden, or living space of ants. Natural ingredients and proprietary botanical oils are combined to create a spray that safely kills on contact and controls ant populations in treated areas. There are no poisons, harmful chemicals or toxic glues in our products. All of our controls are safe to use around children and pets, and are completely biodegradable.

I Must Garden® Mole & Vole Repellent

An environmentally safe, humane, and effective way to deter burrowing animals from digging and destroying your garden, lawn, plants, and landscaping. Combines a super strong 20% castor oil formula with botanical oils that taste and smell bad to moles and voles and other burrowing animals. The proprietary blend of oils safely coats their food source (grubs, worms, roots, etc.) and makes treated areas highly unpleasant – forcing pests to relocate. There are no poisons, harmful chemicals or toxic glues in our products. All of our repellents are safe to use around children and pets, and are completely biodegradable.

Animal Repellents

I Must Garden® Deer Repellent - Spice Scent

Environmentally safe, humane, and effective way to deter deer from eating flowers and plants. Our repellents are safe to use around children and pets, and are completely biodegradable. With I Must Garden Deer Repellent you can confidently protect your garden in a safer and more eco-friendly way while still providing maximum protection against deer damage. Pleasantly scented, making application easier and more enjoyable than ever! Contains eggs and garlic - substances that by themselves repel deer. Botanical oils are added from plants that deer won't eat - such as peppermint, lemongrass, cinnamon and clove. The Spice Scent Deer Repellent has a fresh cinnamon-clove smell that gardeners love and provides effective year-round control against deer damage.

Novelty STUCK® Natural Mosquito Trap Refill Kit

For use with the Novelty Stuck Brands Natural Mosquito Traps (NOV95108 and NOV95208). Use these screens in both the indoor and outdoor STUCK® mosquito traps. Operating similarly to what happens in nature, these mosquito traps attract mosquitoes to a stagnant water source and capture them on a sticky screen. Just add water to the reservoir and let the trap do the work! As mosquitoes descend to the water source inside the reservoir, they get stuck to the non-toxic, pesticide-free sticky screen sitting underneath the lid. You'll be able to see your trap's progress and easily clean and reuse. These traps are perfect to protect you and your family from the mosquitoes inside and outside your home.

Traps

Safer® Brand Houseplant Sticky Stakes

Ideal for use indoors or outdoors in potted plants. An economical and convenient solution to the annoyances of whiteflies, fungus gnats, blackflies, thrips, fruit flies, midges and other flying insects. This natural pest control trap contains no pesticides and is fully disposable. The yellow color of the trap as well as the glue will attract the insects. Shake the plant gently and insects hidden on the leaves will fly to the traps.

Each Package Contains 7 Traps

Trap

Dynatrap® Outdoor Mosquito & Insect Trap

The Dynatrap Insect Trap lets you take back your yard without the need for chemicals, pesticides, or propane. Attract, trap and kill flying insects including mosquitos, biting flies, Asian beetles, wasps, hornets, yellow jackets, moths, stink bugs and more! Durable, all-weather construction. Pesticide and odor free. Whisper quiet operation. No zapping or buzzing. No expensive attractant or propane required. This insect trap is engineered for 3-way protection. First, a UV fluorescent bulb generates a warm light, attracting insects. Then a second lure, an exclusive TiO2 titanium dioxide-coated surface, produces CO2 (the same gas we emit when we exhale) that's irresistible to mosquitoes. Third, a powerful, yet whisper-quiet vacuum fan sucks insects into the retaining cage where they dehydrate and die.

Heavy Duty XL Hang Mount - Black Series - Protects up to 1 Acre, 10ft Cord, 13in Diam x 20in H, UV Bulb is Rated for 3,000 Hours, Includes: trap, cleaning brush and screwdriver

ALL WETSEL BRAND
VEGETABLE SEEDS ARE
NON-GMO

Organic Vegetables - Retail Seed Packets

Beans - Blue Lake

Nearly fiber-free. Highly productive over a long season and has a delicious sweet, juicy and tender flavor, fresh or frozen. Good for canning and freezing.

7g Pkt

WET40019-125 **UPC** 049961981645
Min. Buy 5 EA **Retail** \$2.49

Beet - Detroit Dark Red

An all-purpose sweet and tasty beet that has a globe-shaped root with 13-15in tops that make good greens.

4g Pkt

WET40029-125 **UPC** 049961981676
Min. Buy 5 EA **Retail** \$2.49

Broccoli - Calabrese

Irregular maturity variety which means heads don't mature all at once so it has a consistently long harvest. The smaller 5-6in heads have lots of side shoots that can be harvested after the main head.

590mg Pkt

WET40039-125 **UPC** 049961981690
Min. Buy 5 EA **Retail** \$2.49

Cabbage - Golden Acre

Very early, high quality, very spherical, solid, tightly packed heads with light grey-green leaves. The sweet, green leaves are refreshing in salads and are perfect for cole slaw and stir fries. Excellent storage type.

2g Pkt

WET40049-125 **UPC** 049961400484
Min. Buy 5 EA **Retail** \$2.49

Cabbage - Red Acre

An early red variety that produces dense, shocking reddish-purple, small globe shaped heads. The delicious tasty leaves add bright color to cole-slaws, salads, and other recipes. Great for storage and resistant to yellows and splitting.

2g Pkt

WET40059-125 **UPC** 049961981702
Min. Buy 5 EA **Retail** \$2.49

Carrot - Danver

Stocky-topped root that slightly tapered to rounded ends with smooth, red-orange skin. The fine textured, tender bright orange flesh is rich in flavor and very sweet either cooked, raw or frozen. A heavy yielding variety that stores well and stays crisp.

2.7g Pkt

WET40079-125 **UPC** 049961981751
Min. Buy 5 EA **Retail** \$2.49

Carrot - Little Finger

Tiny Nantes baby-type gourmet carrot with deep orange roots that do not taper and really are the size of your little finger. The almost coreless smooth skin and extra sweet, tender, juicy flavor is great for serving whole and the crisp consistency is ideal for canning or pickling.

2.7g Pkt

WET40089-125 **UPC** 049961400897
Min. Buy 5 EA **Retail** \$2.49

Cucumber - Marketmore

A very productive solid performing variety that holds up very well in humid and hot conditions. The slender fruit is uniform in shape with smooth glossy skin is slightly tapered at each end and tend to be sweet and mild in flavor. Ideal for slicing and if harvested young and small they make good pickles.

4g Pkt

WET40109-125 **UPC** 049961981812
Min. Buy 5 EA **Retail** \$2.49

Cucumber - Straight 8

Early, vigorous slicing variety that is a very productive yielder and named for its perfectly straight, 8in long fruit. The fruit has smooth skin with a cylindrical shape and rounded blunt ends. It has a small seed cavity and crisp, fine-grained flesh that is known for its high quality and excellent flavor.

4g Pkt

WET40099-125 **UPC** 049961981775
Min. Buy 5 EA **Retail** \$2.49

Endive - Batavian

Hardy and cold resistant Italian variety that produces deeply cut dark green leaves that have thick, white midribs and are very tufted. As the plants grow the outer leaves can be harvested leaving the center to continue to grow. The fine frilly leaves are succulent and delicious with a pleasant, mildly bitter flavor, typically a little more bitter than broadleaf varieties. The hearts can blanche to creamy white if leaves are tied the last 3 weeks of growth. Adds a tasty and unusual punch to salads.

4g Pkt

WET40139-125 **UPC** 049961985971
Min. Buy 5 EA **Retail** \$2.49

**ALL WETSEL BRAND
VEGETABLE SEEDS ARE
NON-GMO**

Organic Vegetables - Retail Seed Packets

Kale - Red Russian

When harvested as microgreens, the small baby leaves are flat with deeply cut margins in a deep gray-green color with purple veins. The leaves are tender mild spinach flavor. Cool temperatures enhance the sweetness and color.

4g Pkt

WET40149-125 **UPC** 049961981874
Min. Buy 5 EA **Retail** \$2.49

Lettuce - Bibb

Butterhead style variety that matures early as small, compact, bunched rosettes with large, ruffled outer leaves surrounding a soft, folded, blanched heart. Well known for the distinctive creamy, sweet flavor and tender, crisp texture. Best grown in cooler regions. ideal with almost any meal, including salads, sandwiches, soups, smoothies and wraps.

Watermelon - Cal Sweet Bush

This is a true short internode (the sections between the stem joints) watermelon. These watermelons have compact, bushy vines and still provide enough foliage cover to protect the fruits. Each plant yields 2-3 fruits. Cal Sweet Bush is a great watermelon choice for gardeners with limited space or those wanting a container melon.

Okra - Retail Seed Packets

Burgundy

As ornamental as it is edible. The plants have stunning magenta pods, stems, branches and leaf ribs contrasting attractively with emerald colored foliage. Under perfect conditions the plant can reach 4-5ft tall. This variety produces high numbers of tender 6-8in pods that are slender and elegant with 5 points. For the best sweet, mild flavor and texture, harvest when the pods are young, about 3in long. Use fresh as a striking garnish, deep fry, stuff them, or add into soups, stews and gumbos.

Late maturing, heavy yielding variety has exceptional quality and grow an average of 4-5 squash per plant. The larger fruits have a small seed cavities and thick, straight, cylindrical neck with a hard creamy buff rind. The rich, orange-colored flesh has smooth texture and sweet, nutty flavor with no stringiness. It holds its color and cooks up sweet and tender, great baked, steamed or boiled. Has long-lasting storage ability, even through the winter and is at its sweetest at 2 months of storage.

Peppermint - Mint

Plants are easy to grow and are as beautiful as they are functional. At first, mints develop into well-behaved-looking, bushy, upright clumps, but they quickly spread and unless blocked will advance rapidly. They are shallow-rooted and easy to pull out, so there's no reason to worry. The delightful saw-toothed leaves and delicate flowers are very attractive and a spicy fragrance released when the leaves are crushed between your fingers. Leaves are often used as a tea or flavor extract but can also can be used for its medical benefits. It is an excellent digestive aid that can be used for morning sickness, motion sickness, and stomach aches. It also helps get rid of gas, indigestion and heartburn and is good for relaxing nerves and improving circulation. Naturally repels mice and ants.

Evening Primrose

Many consider this flower a wildflower. The plants have slender leafy, hairy branched stems, often purple-tinged. The lance shaped leaves are 2-3in long and progress singly (alternate) up the stem. As the name suggests, the flowers open wide at twilight and close by noon. The saucer shaped, canary-yellow, four-petaled flowers are up to 2in across and have a lemon-scented fragrance. The plant takes 2 years to complete its life cycle, with basal leaves becoming established the first year, and flowering occurring the second. It is considered to have a wide array of medicinal uses from relieving headaches, inducing labor, curing baldness, weight loss, upset stomach, hemorrhoids, treat bruises and as a treatment for laziness. Ideal for beds and borders.

Wildflower mix made up of 29 species, approximately 60% annuals and 40% perennials. Mix is formulated to bring color right away and to also permanent color with selected perennials that increase over the years and grow well in most areas. The seeds in the mix are coated with a colorful coating, allowing you to see where they have been sowed. The coating also absorbs water helping to ensure a quicker start and better germination.

Mulch

Ameriscape Inc® Cypress Mulch

Natural and chemical-free. Almost impervious to decay and insect attack. Cypress mulch holds moisture and because it's shredded, it serves as an effective weed barrier. Resists rotting, molding and insects. Stays in place, resistant to floating.

2Cf

AMS77777-460 **UPC** 096821777771
Min. Buy 1EA Retail \$6.99

Ameriscape Inc® Pine Bark

This popular ground cover also acts as a natural soil conditioner.

Roots Organics Lush Potting Soil

Roots Organics Lush growing mix is an amended peat-based media that delivers absolute consistency and control. What makes Lush superior to the competition? Nutrient-rich, this robust mix combines a well-measured primary fertility package with ideal foundational components to maximize yield in mature flowering plants. The precise ratio of peat, coir, perlite, pumice and worm castings has been added to create ideal water holding capacity and drainage. Rich in sustaining nutrients, this media is designed for a water-only or reduced nutrient schedule. In fact, most plants can happily feed on Lush for up to eight weeks without additional support.

Roots Organics Formula 707

Formula 707 is a ready-to-use soil created for a special kind of gardener, those who want to control their own destiny. Formula 707 is different from the other growing mixes created by Aurora Innovations. It was designed with greater water-holding capacity, fewer nutrients, less perlite and less pumice, and it contains ingredients specific to large container gardening. In fact, the packaging is a 30-gallon grow bag containing about 20 gallons of the finest quality potting mix. Just punch holes in the bottom, cut off the top and plant.

Soil & Amendments

Espoma® Greensand

Espoma Greensand is the highest quality, all natural, non-burning, purest Greensand obtainable. Espoma Greensand is mined from natural deposits of glauconite. These deposits are of marine origin and are composed primarily of iron-potassium silicate, which gives it its bluish green color. Potassium is an essential nutrient needed by all plant life. Other valuable properties of Espoma Greensand are its ability to loosen clay soils, bind sandy soils, and increase the water holding capacity of all soils. It is an exceptional soil conditioner for flower beds, gardens and lawns.

FoxFarm® Salamander Soil® Water Holding Potting Mix

The smooth shiny Salamander is a true delight of Nature. These beautiful little creatures come in a bright kaleidoscope of colors and call these forests their home. Salamanders always find the right habitat to flourish in. We have created our water holding Salamander Soil® Potting Mix so that your plants can moisturize in the same way as this special animal. Your precious little seedlings and plants will have access to the benefits of a potting mix full of NEWT-tritive properties. Under the right moisture conditions beneficial microorganisms can flourish and NEWT-trient uptake may be enhanced. Plants that are grown in hot climates need that extra thirst quench so that they can stay vigorous and not get stressed from drying out. The inconvenience of frequent waterings is sometimes problematic for growers who just can't get to their plants in time. Moisture has to be accurate; too much will cause root rot and plants will suffer. Use Salamander Soil® for rooted cuttings and young plant starts for both indoor and outdoor cultivation. Plant directly into Salamander Soil® Potting Mix. Make Your Neighbors Jealous!

FoxFarm® Bush Doctor® Coco Loco® Coconut Coir Potting Mix

As you trek through a tropical jungle, your steps remain light and buoyant, never soggy. The rainforest floor is remarkably deep with layers of exotic coconut palm humus. It is cool and damp for several inches. Hold the richness in your hands, feel the soft silky texture. It's the perfect medium for cultivating plants. Plants growing in Coco Loco® will not require water as often as your usual potting mix. Whether you're growing in hanging baskets, vertical gardens, containers, or seedling trays, extend your watering schedule. In most climates, every two to three days will be enough. Always adjust your watering schedule as needed.

GRANT COUNTY MULCH, INC.

Mulch

Grant County Mulch® Color Enhanced Mulch

When planning your next order, provide a new alternative in mulch options for your customers, such as artificially colored organic mulches. While other companies use ground up pallets, Grant County Mulch's colored mulches are produced from only safe natural wood from the forests. Generally, we use the lighter colored barks from trees such as poplar and pine. These light colored barks allow Grant County Mulch to make mulches that result in crisp, vibrant colors. The shredded texture of our Color Enhanced Mulch will not only assist with moisture retention, weed control and soil enhancement, it will also provide 9-12 months of color enrichment to any landscape.

Nutrients & Additives

JRM® Soil Moist™ Seed Coat

Soil Moist Seed Coat is a crosslinked polymer and graphite compound. It is designed to increase the germination of grass and other types of seeds. The polymer compound retains excess moisture from water and humid air. The moisture on the seed softens its tissue to promote faster germination. The graphite compound retains heat on the surface of the seed to promote germination. The graphite helps lubricate the seed and equipment to help spread the seed. 8oz of Seed Coat will treat 50lb of grass seed.

Malibu Compost Compost Tea for Fruits, Vegetables & Tomatoes

The compost tea supports the microbes in your soil by giving them the microbial food they need to "mineralize" the nutrients that are in the organic matter of your soil for uptake into your plants. This process known as mineralization is what creates and grows abundance and vitality in your garden. Compost Teas are simple and easy to use and are one hundred percent organic. It doesn't have any chemicals in it and doesn't smell at all. It is tested for GMOs and best of all, it's made from our Bu's Blend Biodynamic Compost which comes from our beautiful organic farms. It has an organic source of kelp and castings, plus additional biodynamic preparations, which enhance and strengthen your soil and plants. Compost tea is the best way for us to mimic nature when it comes to organic gardening! Your lawn will love it! Each teabag makes up to 5 gallons of tea for your plants (20 gallons per package). Enhances beneficial microbial activity on plants and in soil. Improves plant resistance to disease and pests.

Nutrients & Additives

Wiggle Worm Soil Builder™ PURE Worm Castings Organic Fertilizer

100% organic. USE as a FERTILIZER! You only need a small amount around your plants, vegetables, shrubs or grasses to see beautiful yields and growth. A half handful around the root zone of a transplant will produce up to 3-5 times the fruit and plant growth. The nutrients and microbial activity of worm castings produce a "living soil" for your plants to thrive in. With the increased hormone and enzyme growth produced by adding castings to your soil the roots become more fibrous and healthy. A little goes a long way which makes it very cost effective! Manufactured by Unco Industries, Inc. using a proprietary growing and harvesting process that is the only way to guarantee consistently pure castings. Over 40 years of label recognition.

Soils

Nectar For The Gods Potting Soil Blend #4

A general potting mix designed for indoor and outdoor use. Suitable for multiple feedings per week. Mixed in small batches. Contains no bark or fillers. Coir fiber is rinsed on-site with Oregon rainwater and buffered with limestone to reduce salts. After blending and bagging, soil sits unwrapped and covered for up to 30 days to activate, compost and then go dormant, to avoid HOT soil. Ingredients: Sphagnum peat moss, perlite, coir fiber, pumice, mycorrhizal fungi, yucca meal, kelp meal, bone meal, diatomaceous earth, clay, basalt, oyster shell (for pH adjustment), humus and lime (for pH adjustment).

Mulch

Mulch-LOCK®

Mulch-Lock locks mulch in place, so you won't have to replace it as often, if at all. In addition, Mulch-Lock's preservatives and UV inhibitors help mulch retain its natural look, extending the life and color so it will look more beautiful, longer. Your trees and plants will love it too since Mulch-Lock keeps the mulch in place, reducing the risk of mulch washing away and leaving exposed soil that can cause excessive weed growth and erosion. Keeping mulch in place can help improve the soil and increase biological activity, something your plants need to grow stronger and healthier. Mulch-Lock allows water and nutrients to flow through to the roots of the plants. It's like having a "hairspray" for mulch. After all, you probably spent a lot of money for your home's plants, trees and shrubs. Help preserve your investment in them.

Curlex® QuickGRASS® PRO

American Excelsior Company is the inventor of biodegradable erosion control blankets. Developed in the 60's for large construction and highway projects, American Excelsior now offers QuickGRASS® PRO to retailers and contractors. Since the recent enactment of Phase II of the Clean Water Act, many municipalities have written Curlex /QuickGRASS PRO into their building codes. Phase II affects small construction sites of just one acre or greater in size, impacting home builders and contractors. Curlex is considered the industry standard by many because of the plethora of Curlex Features and Benefits. Complies with storm water management regulations. Fast, easy installation. Enhances grass seed germination by providing super water retention. Protects seeds from birds and the sun's drying heat.

Tree & Plant Care

Apollo Exports Plantpal®

Change the way you water your house plants. The capillary wick acts as a valve, only allowing water flow from the reservoir globe once the wick is dry. The dry wick shrinks allowing air up to the globe via the side air hole, releasing water to the soil until the soil and wick are wet. The flow then stops. The process is repeated until all the water has been released from the globe which normally takes up to two weeks. Unlike traditional gravity fed watering systems, the Plantpal® will never clog! Made from PETG and polypropylene.

Fencing, Edging, Paving Stones
Easy Gardener® EmeraldEdge® Landscape Edging

Economical, attractive, and long-lasting plastic edging. Easy to transport, cut and install. Sections connect to form a continuous border, and are flexible enough to follow curves with ease. The versatile living-hinge connector will make angles up to 120 degrees. The 100% recyclable plastic is safer than metal and won't rust, rot, crack, chip or fade. Easy Gardener manufactures and distributes over 200 products to top lawn and garden retailers in the United States, Canada and United Kingdom. Our product lines include landscape fabrics, shade fabrics, fertilizers, tree care products, landscape edging, sun screen fabrics, netting and plastic fencing. Emerald Edge comes in green 4 foot sections that are 5 inches high.

Tree & Plant Care

Treekote® Tree Banding Gum

A "sticky" gum used to help protect trees from crawling insect pests and the damage that they can cause, without using pesticides or other harmful chemicals. Provides an effective barrier against crawling insects such as gypsy moths, tent caterpillars, ants, obscure root and pecan weevils, tussock moth caterpillars, climbing cutworms and cankerworms, to name a few. UV stabilized to provide long lasting protection. Twice the holding strength of the best known brand on the market today. Can also be used in your garden to help protect vegetables from crawling insect pests without using chemicals.

Leaf & Yard Cleanup

Gardener Select[®] Lawn Refuse Bag

Paper bag for moist or dry yard waste disposal. Ideal for composting. This bag is made from paper, a renewable natural resource not harmful to domestic pets, birds, fish or other wildlife. It can be placed in a backyard composter or hauled to a community compost site where the bag and its organic contents will biodegrade. Composting is an environmentally beneficial way to manage yard waste. It turns leaves, grass clippings, and other plant material into rich mulch or soil conditioner that can be used in landscaping and gardening. For a better tomorrow, compost today! Each bag measures 16in W x 12in D x 35in H.

Meters & Test Kits

Luster Leaf® Rapitest® Digital PLUS pH Meter

Measure soil pH accurately and digitally with this meter. Display offers instant digital read-out, and detachable stainless steel probe checks soil pH at root level. Take the guesswork out of testing soil pH with built-in storage of ideal conditions for your own list of favorite plants. Batteries included.

LUS1847-2424 **UPC** 035307018472
Min. Buy 6EA Retail \$33.99

Luster Leaf® Rapitest® Digital Soil pH Meter

Provides an easy to read, instant result, digital read-out. It measures and displays the acidity/alkalinity of garden and container soil. Batteries are required and included.

LUS1845-1183 **UPC** 035307018458
Min. Buy 12EA Retail \$17.19

Luster Leaf® Rapitest® pH Soil Tester

Ideal test to determine soil acidity/alkalinity. Particularly valuable for adjusting soil conditions for better growing lawns, shrubs, evergreens and plants. Just mix soil and water, pour off solution into comparator, add tablet, shake and compare to color chart. It's just that easy.

Contains 10 pH Tests

LUS1612-451 **UPC** 035307016126
Min. Buy 12EA Retail \$6.49

Luster Leaf® Rapitest® Soil Test Kit

Determining whether your soil pH needs adjusting or if nitrogen, phosphorus and potash should be added in the form of fertilizers. Easy to use, just mix soil and water together, pour off solution into comparator, pour in the powder from the capsule, shake and compare to color chart.

Kit Contains 40 Tests - 10ea for pH, Nitrogen, Phosphorus & Potash.

LUS1601-1307 **UPC** 035307016010
Min. Buy 6EA Retail \$19.99

Luster Leaf® Rapitest® Soil Tester Kit

An excellent starter kit. Takes the guesswork out of how much to fertilize or whether pH needs adjusting. Easy to use capsules and tubes; complete with color comparison charts and guide to improving soil conditions.

Kit Contains 4ea Tests for pH & 2ea for Nitrogen, Phosphorus & Potash.

LUS1609CS-451 **UPC** 035307016096
Min. Buy 12EA Retail \$6.49

Luster Leaf® Rapitest® Electronic 4-Way Analyzer

Unique three probe design allows one meter to measure the essentials for plant growth: sunlight, soil pH, moisture and combined N-P-K levels. Compact portable meter measures the essentials for vigorous growth.

LUS1880-3010 **UPC** 035307018809
Min. Buy 3EA Retail \$42.99

Luster Leaf® Rapitest® Electronic Soil Tester

Determines soil pH and fertility level. Both tests can be completed in about a minute. Requires one AA battery. Complete instructions include how to adjust pH and select appropriate fertilizers according to soil conditions.

LUS1860-2058 **UPC** 035307018601
Min. Buy 6EA Retail \$30.19

Luster Leaf® Rapitest® Soil pH Tester

Tests the acidity of soil quickly and easily with this soil pH tester. Gauge instantly displays from acid to alkaline the soils pH for quick results. Check which plants suit your soil with a reference guide for over 50 plants. Enables you to alter soil conditions. Use for fruits, flowers, shrubs and vegetables. No batteries required for operation.

LUS18156-655 **UPC** 035307018151
Min. Buy 6EA Retail \$9.69

Luster Leaf® Rapitest® Soil pH Tester

Economical, instant testing for pH in soil. Checks which plants suit your soil and enables you to alter soil conditions. Probe is attached directly to meter. No batteries required.

LUS1815-655 **UPC** 035307018151
Min. Buy 12EA Retail \$9.69

Luster Leaf® Rapitest® Soil 4-in-1 Tester

Helps provide a healthy growing environment by Indicating: sunlight, soil fertility, soil moisture and soil acidity/alkalinity. No batteries required. Combines electronic technology with ease of use to assure gardening success.

LUS18186-1051 **UPC** 035307018182
Min. Buy 6EA Retail \$15.29

Luster Leaf® Rapitest® Soil pH Meter

Checks which plants suit your soil pH and tells you how to alter soil. A pH performance guide for more than 350 plants is included. Ideal for potted indoor and outdoor plants. Simple readout.

Composting Equipment & Supplies

Tumbleweed® Can-O-Worms®

Tumbleweed's Can-O-Worms® is a great way to get kids into recycling in the home. The Can-O-Worms® can compost up to 7lbs of food scraps per week with its unique flow through ventilation and no mess features. Once turned into rich compost, this can be added to garden beds as rich fertilizer. Maintaining your worm bin is as simple as feeding once per week.

2 Trays

TUM000300-10129 **UPC** 931902200300
Min. Buy 1EA **Retail** \$149.99

Tumbleweed® Compost Tumbler

The Tumbleweed 220L Compost Tumbler is ideal for small gardens and courtyards - you can even place it on concrete or pavers. You'll find Tumbleweed's 220L Compost Tumbler is the easy way to compost - just load the barrel then turn it every few days. A built-in breaker bar will mix and aerate to speed up decomposition, leaving you with fantastic mulch in just four weeks or rich compost in six.

220L

TUMCM-21591 **UPC** 931708720000
Min. Buy 1EA **Retail** \$319.99

Tumbleweed® Pet Poo Worm Farm

The Pet Poo Worm Farm turns pet poo and kitchen scraps into organic fertilizer. Once the pet poo goes in it doesn't need to be harvested or removed, the worms will process the pet poo and take the castings to the surrounding soil enriching with minerals and nutrients. Because the worms are breaking down the Pet Poo, it won't smell. We recommend using the Tumbleweed Aerator and Worm Farm and Compost Conditioner with this product.

TUMPPC012-23595 **UPC** 931708700060
Min. Buy 1EA **Retail** \$349.99

Tumbleweed® Worm Farm & Compost Conditioner

Tumbleweed Worm Farm and Compost Conditioner helps neutralize acidity and balance pH levels in your Worm Bin and Compost Bins. Made from a specially selected blend of natural minerals, our conditioner helps soil bacteria preserve essential nutrients and increases the availability of nutrients for plants. It also helps reduce odors and pest infestations.

Hydretain® Root Zone® Moisture Manager With Organic Compost Carrier

Unique root zone moisture manager, now in a granular, reduces overall watering requirements on lawns, landscape, gardens and potted plants by 50% or more. Hydretain is a blend of hygroscopic humectants that convert humidity in the soil into water droplets that the plants can use to take up water and nutrients plants need to thrive, even under heat and drought stress. Granular Hydretain is on an organic compost carrier, which can be spread, broadcast or top dressed. Kid and pet friendly, and easy to apply. Covers 6,000 sq ft.

3lb Bag - Covers 6,000sq ft

Row Covers & Frost Protection

Warp's® Corrugated Plastic Rose Collar

Designed to snap around base of rose bush, making a collar 9in high x 12in diameter. Fill collar with mulch to protect delicate hybrid rose grafts from freezing. White collar and open top reflect sun and stop heat build-up to prevent pre-mature sprouting in spring. Easy to remove and store flat so they last for years.

Wall & Hanging Planters

Algreen Products® Hanging Wicker Planter

Self watering planters add refined elegance to your home. Manufactured using a proprietary engineered polymer resin with UV inhibitors and is frost proof to protect from the elements. These sophisticated planters include an easy to lift internal plant liner. The water reservoir supplies water to your plants as required and is designed to reduce watering frequency. A water-level indicator shows you when the reservoir needs more water, making it easy to grow beautiful plants and flowers inside or outside.

Flower Pots

Apollo Flower Tower

Amazing planter blooms into a freestanding tower of flowers. Each flower tower will hold 34 standard 1.5in to 2in nursery-sized plants. Inside the planter is a unique internal watering tube, with graduated-sized holes at varied heights that allows you to water from the top opening and lets the water reach evenly throughout the tower, ensuring healthy blooms from top to bottom. Assembly is a snap - literally - no tools required! Built in handles at the top allow for easy movement throughout the season. Works great with herbs, tomatoes and strawberries too. Comes in a vibrant retail package. Made in Vietnam.

10in Diam x 36in H

Apollo Wall Mounted Flower Tower

The Wall Tower allows you to create towers of blooms, to adorn walls, fences, sign and mailbox posts. Unlike flimsy hanging bags, the Wall Tower is specially designed using recycled plastics, and formed with a flat rear side to mount flush against any surface. Two top mounting holes make it super easy to hang. Insert 12 standard sized nursery plants into the preformed holes at the varying levels on the planter. Inside this amazing planter is an internal watering tube, with graduated sized holes at varied heights. This allows you to water from the top opening, and lets the water reach evenly throughout the tower, ensuring healthy blooms from top to bottom. You can also fertilize the roots via the very same internal tube system. Size 24"L x 5"W. Made from PP.

Bloem® Colonnade Planter

Elegant styling and earth-tone colors that work with all décor. Made from 50/50 bland wood and resin, creating a thick wall design but still lightweight for easy placement indoors or out. Featuring a polished fine grain texture and matte finish. Includes optional punch out holes for drainage. Made in the USA by Bloem.

Plastic/Resin Planters

Bloem® Terra Pot

The traditional tapered design features natural textures and decorative embellishments to add a beautiful accent to your home. Thick walls and the planter's attractive rolled lip offer added durability and pre-drilled holes help prevent over watering. This planter offers excellent all-weather durability.

Turtle Green - 27in

RCDAYDB2755-1255 **UPC** 087404003738
Min. Buy 10EA Retail \$19.99

Deck Railing Planters

Bloem® Modica Rail Planter

The Modica Railing planter fits all standard railings: 2x2, 2x4 and 2x6 inches. Features include: a water containment system with overflow drainage to keep your plants healthy on even those hottest of summer days; and great soil capacity for plenty of room to plant your favorite blooms. To secure to the rail, just run a cable tie (not included) through the punch-out hole. Made in the USA.

Patio Planters

European Garden Living Hexagonal Planters

Bring an urban edge to your landscaping with these classically crafted, sturdy geometric planters. No assembly required; simply plant with a profusion of color-drenched flowers, or combine flowers and greenery and arrange in groups. Products from European Garden Living are created using the highest quality European timber from sustainable managed forests. The wood products are FSC certified and treated using solutions which maximize environmental compatibility with mother nature in mind. The wood has been preserved with natural oils and waxes for a longer lifespan.

Wall & Hanging Planters

Panacea™ Bee-Conscious Hanging Basket

Bee-Conscious Garden decor is on a mission to educate and decorate; bees are responsible for pollinating about 1/3 of our food supply. Bee-Conscious 14-in Hanging Basket features. Uniquely designed with durable steel construction and embellished with whimsical bees, this hanging basket may be hung from a shepherd's hook at a garden entrance or patio. The coco liner helps prevent soil from spilling out and helps maintain moisture, saving on water and allowing plants to access the water as needed.

Patio Planters

Mayne® Fairfield Patio Planter

The look of wood without the upkeep. This durable construction offers a low maintenance solution and cleans with just a simple rinse of a garden hose. A built-in water reservoir encourages healthy plant growth by allowing plants to practically water themselves. These molded plastic planters are made from 100% high-grade polyethylene. The weather-proof and ultra-tough construction allows you to enjoy your planter all year long with very little winter preparation. The UV inhibitors within the resin allows for a long lasting, fade-free performance.

Container Gardens

EarthBox® Garden Kit

Poor soil conditions and small backyards are no match for this gardening system. Now it's easy to garden anywhere—even on balconies, porches, and rooftops! A sustainable product that uses less water and fertilizer, the EarthBox® gardening system will grow bigger and tastier plants faster than a conventional garden—with virtually no effort and zero guesswork! Great results, no matter what color your thumb is. All plastic components are durable, food-safe and UV-stabilized. Holds 2cu ft of peat-based growing media and 3gal of water. Includes one EarthBox® container with integrated overflow drain and caster sockets, one aeration screen, one water fill tube, two mulch covers, four casters, 16oz 7-7-7 fertilizer, 16oz organic Dolomite and instruction sheet. Measures 29in L x 11in W x 14in H.

Novelty ArtStone Ella Tall Planter

Replete in splendor, these tall Ellas bring beauty to every doorway, patio, deck, backyard scene — the possibilities are endless. A deeper vessel allows for larger plants, trees and shrubbery to live in a healthier planted environment. All beautiful, all durable, all practical, both indoors and out.

Patio Planters

Southern Patio® Whiskey Barrel Planter

With a down-home, country-style feel, our resin whiskey barrel creates the perfect combination of elegance and simplicity to your outdoor or indoor living space. Our alternatives to heavier substrates, which carry higher price points, will prove convenient to your gardening budget. The heavy duty plastic construction also includes UV protectors to increase resistance to cracking and fading. Your vibrant-colored flower or vegetable arrangements will provide a pleasing pop of color in these faux-wood planters.

Min. Buy 6EA **Retail** \$16.99

SuperMoss® Living Succulent Wreath

Make your own succulent wreath! You can plant directly into the sphagnum moss wreath without using any soil because the moss is highly absorbent and retains all the moisture, air and nutrients your plants need to grow healthily. These wreaths are durable and will last multiple seasons. Each wreath comes with planting instructions and care sheet. For indoor wreaths, try decorating with dried flowers and natural elements by simply poking the stems directly into the moss.

Round - 11in

SunBulb® Better-Gro® Wooden Baskets

Traditional Better-Gro® Wooden Baskets offer the ideal growing solution for epiphytic plants, such as orchids, bromeliads, and ferns. The thick aerial roots of epiphytic plants pass easily through the slats and adhere to the natural wood surfaces of the basket. Better-Gro® Wooden Baskets allow for the perfect display of orchids with pendulous flower spikes. Constructed of recycled hardwood, wooden baskets are not only beautiful, but are environmentally friendly. The baskets feature zinc plated hardware.

Chirpers

This collection of birds features a battery operated chirping sound. The beautiful melodies each bird chirps is characteristic of the individual bird species. Motion activated sound can be turned on or off with a switch on the base of the statuary.

Indoor *Growing*

Infra Red Film

AT Films® Dura-Film® Thermax

Every grower strives to produce the best crop they can while keeping production costs to a minimum. AT Films' Dura-Film Thermax greenhouse poly combines all of these extras into one package. Superior drip control, energy savings, and bee compatibility are all packaged together to provide growers with one film at one cost. Dura-Film® Thermax is available in a selection of stock sizes and is available during certain "runs or campaigns" at predetermined widths without minimums. All other widths are considered custom product.

48ft x 100ft

Multi Year Film

AT Films® Dura-Film® Super4™

Dura-Film® Super 4™ offers the best value in a 6-mil, 4-year greenhouse film with the following improved properties over AT's older generations of greenhouse coverings. Superior strength and toughness. Higher light transmission. Guaranteed longer life – 4 years. Folds up to 210% stronger. Tear strength up to 164% higher. Puncture force up to 12% higher. Advanced UV up to 33% longer life.

Seed Starting & Hydroponics

Terra fibre™ Grow Mats

Using the fibrous byproduct of the industrial hemp plant, we have created Terra fibre™ grow mats. Terra fibre™ grow mats are ideal for microgreens, sprouts, wheatgrass and other short rotation crops. Industrial hemp fibres are separated, cleaned and needle punched to produce a 100% biodegradable soilless growing medium.

10in x 20in, 10pk

BCGGM102010-1233 **UPC 627843845027**
Min. Buy 12EA **Retail \$23.99**

Terra fibre™ Growing Cubes

Terra fibre growing cubes are a sustainable alternative to rockwool, peat moss, or coconut. Hemp is primarily farmed for its seed and the stalk/fibre is traditionally wasted. Through innovative processing and heat sterilization we are able to upcycle the fibres to create a truly sustainable growing media.

Other Equipment

Bluelab® Combo Meter

A convenient and portable solution pH, conductivity, and temperature meter all in one. Easy to read screen and push button operation, choose your preferred parameter to display. Portable with no external power supply required, this meter can be used anytime and anywhere to help manage your plant's daily nutrient requirements. Team with Bluelab® solutions and the convenient Bluelab® Carry Case. Features:

- Replaceable double junction pH probe included
- Shows conductivity scales CF, EC, PPM 500 & PPM 700 at the touch of a button
- Lightweight and portable
- Large easy to read, backlit LCD display
- No calibration required for conductivity and temperature (factory calibrated)
- Simple two point pH calibration process with 30 day calibration indicator
- Over range and under range indicators
- Low battery indicator
- 2x AAA alkaline batteries included
- Auto off function

Probe cable length: 2 meters / 6.5 feet

BLBMETCOM-18600 **UPC 942102492003**

Min. Buy 1EA **Retail \$308.00**

Bluelab® Guardian Monitor

Monitoring your crops 24 hours a day, with the ability to set high and low alarms for each parameter. A flashing display lets you know if your parameters move away from the optimum, allowing you to make the important adjustments quickly and effectively. The large, clear display allows readings to be viewed from a distance. The Bluelab® Guardian Monitor is mains powered and is either mounted to the wall or hung on a support and probes positioned inside your reservoir / solution. Features:

- Wall mount for continuous viewing
- Plant-safe green LEDs, with adjustable brightness
- Large easy to read displays
- Replaceable double junction pH probe included
- Easy to navigate menu to program & adjust settings
- Selectable conductivity and temperature scales
- No calibration required for conductivity and temperature
- Simple push button pH calibration
- Flashing high and low alarms (non-audible)
- Built with greater tolerance to RF / electronic interference
- International power supply
- Non-volatile memory

Probe cable length: 2 meters / 6.5 feet

BLBMONGUA-24800 **UPC 942102492008**

Min. Buy 1EA **Retail \$411.00**

Bluelab® pH Pen

The preferred option for hand held pH meters. It provides a compact, quick and handy way to manage the success of your crops to ensure maximum uptake of nutrients. A key parameter that affects nutrient uptake is whether your solution is acid or alkaline. This is measured in the pH. Teamed with the Bluelab® Conductivity Pen you have a robust, convenient and accurate measurement system. Features:

- Measures pH and temperature
- Selectable units for temperature
- Fully waterproof
- Backlit LCD display
- Double junction probe (not replaceable)
- Simple two point calibration process with 30 day calibration indicator
- Hold reading function
- Low battery indicator
- Auto off function
- Automatic temperature compensation
- 1 AAA replaceable battery included

BLBPENPH-7100 **UPC 942102492033**

DYNA-GRO® Foliage Pro® Liquid Plant Food 9-3-6

Ideal N-P-K (3-1-2) ratio recommended for tropical foliage plant production and a wide range of other plants. It also supplies a high nitrate to ammoniacal nitrogen ratio needed to promote shorter internodal spacing resulting in stronger stems. This unique formulation eliminates salt build-up when used at recommended rates and is urea free so it won't burn your plants.

DYNA-GRO® BLOOM™ Liquid Plant Food 3-12-6

A low nitrogen, high phosphorus concentrate specifically formulated to encourage the development of large, vibrant blooms. It is ideal for roses, orchids, African violets and all other flowering plants. BLOOM™ supplies a balance for low ammonia Cal to nitrate nitrogen needed to avoid stem elongation in flowering plants and vegetables. Apply BLOOM™ before flower buds appear to help initiate flowering.

DYNA-GRO® Pro-TeKt® The Silicon Solution® 0-0-3

A supplement that supplies soluble silicon and potassium to build stronger plant cell walls. Plants supplied with soluble silicon become more tolerant to drought, heat, and cold stresses, bear more and larger fruit. Pro-TeKt® is taken up in the epidermis and cell walls creating a mechanically stronger plant that can support the weight of dense flowers, fruits and vegetables. Can also be used as a surfactant and to raise pH.

DYNA-GRO® Mag Pro® Nutritional Supplement 2-15-4

A unique supplement that can be used with any complete nutrition formula as a blossom booster. The high phosphorus, magnesium and sulfur content of this formula brings out color, fragrance and size in flowers, fruit and many vegetable crops. Growers using reverse osmosis, rain or deionized water benefit from the addition for Mag-Pro® to their watering schedule. Mag-Pro® is a nutrition supplement and should only be used in conjunction with a DYNA-GRO® complete nutrition formula.

Nutrients & Fertilizers

Down To Earth™ Acid Mix 4-3-6

A fertilizer blended specifically for acid soil loving plants like rhododendrons, azaleas, hydrangeas, evergreen trees and shrubs, blueberries, raspberries and other plants that thrive in a low pH soil. To encourage lush flowers and fruit, apply Acid Mix in early Spring for vegetative growth and again when blooms appear. Fall applications promote healthy root growth and boost resistance to extreme winter temperatures. Ingredients: Cottonseed Meal, Langbeinite, Fish Bone Meal, Rock Phosphate, Humates and Kelp Meal

Down To Earth™ Greensand

Naturally occurring in marine sedimentary deposits, Greensand is composed primarily of the blue-green siliceous mineral Glauconite. Greensand has been recommended as a soil amendment since the early 1700's due to its unique physical properties. Traditionally used to loosen heavy clay soil, Greensand is able to absorb up to one-third its weight in water to improve the moisture holding capacity of garden soils and potting mixes. Greensand is highly recommended for vegetables, fruits, herbs, lawns, ornamentals and all types of trees and shrubs. OMRI Listed.

Down To Earth™ Langbeinite Kmag 0-0-22

A naturally mined crystalline mineral that supplies the water-soluble sulfate form of three vital plant nutrients: potassium, magnesium and sulfurs. It's maximum chlorine content is less than 3.0 percent, minimizing the potential for fertilizer burn, and it's neutral pH does not alter soil activity. Potassium contributes strongly to overall plant health by regulating internal processes. Since potassium makes up part of the fluid of the plant, it is found throughout plant tissue, meaning plants need a strong source of potassium as they grow. Potassium deficiencies lead to weak stalks and immature roots, leaving the plant susceptible to insects. DTE Langbeinite 0-0-22 is widely used on sensitive vegetables and fruit crops that require high fertilization rates but do not tolerate high levels of chlorine or soluble salts. This standard grade langbeinite has a typical SGN of 95 and is an excellent source of readily available sulfur, potassium and magnesium. Contains 22% K₂O, 11% Mg and 22% S. OMRI Listed.

Dramm® Horizontal Air Flow System

The Dramm AME Horizontal Air Flow (HAF) Fans offer efficiency, flexibility, and simplicity. Utilizing an aerodynamic design and a high-efficiency motor, the AME fan is equipped to maximize the air flow potential of any situation. When combined with speed controllers, the AME Fans offer unmatched flexibility in air flow as plants grow and mature. Because of their shrouded, aerodynamic design and high-efficiency motor, Air Movement Efficiency (AME) fans cover greater distances with better, more even air speeds. The AME Fan design provides leverage for air movement. The result is not only increased forward propulsion but a pull from behind the fan as well.

Lighting

EYE HORTILUX® Super High Pressure Sodium Grow Lamps

EYE HORTILUX HPS grow lamps have been producing quality plants and large yields for decades. Produces noticeably bigger, fuller flowers and overall heavier yields. Maintains results after multiple growth cycles, saving you money. Provides 25% more light energy than competitive brands in Violet, Blue and Green. Provides 17% more total spectral energy than the competition. Produces more spectral balance for increased plant response and accelerated growth. Made in the USA.

1000 Watt - Universal Operating Position - E-Ballast Compatible - 5 Minutes Warm-Up Time - 15 Minutes Hot Re-Strike Time

EYE66785-7221 **UPC** 639125667852
Min. Buy 6EA Retail \$136.95

600 Watt - Universal Operating Position - E-Ballast Compatible - 5 Minutes Warm-Up Time - 2.5 Minutes Hot Re-Strike Time

EYE66710-7557 **UPC** 639125667104
Min. Buy 12EA Retail \$128.95

EYE HORTILUX® DE High Pressure Sodium Grow Lamp

Double Ended (DE) HPS grow lamps are typically used by commercial growers with large spaces and high ceilings. DE HPS grow lights produce higher intensities of light due to the design, construction and internal pressures of the arc tube. Made in the USA.

Double Ended - 1000 Watt - Universal Operating Position - E-Ballast Compatible - 5 Minutes Warm-Up Time - 15 Minutes Hot Re-Strike Time

EYE100339-7540 **UPC** 639125621007
Min. Buy 6EA Retail \$149.95

EYE HORTILUX® BLUE Metal Halide Grow Lamp

The EYE HORTILUX Daylight Blue Metal Halide is by far the world's most powerful grow light. This grow lamp produces plants with extremely tight internodal spacing for nice compact, bushy plants. This allows the plant to produce large colorful fruits and flowers. When using the BLUE during the vegetative stage, it can shorten this period by one full week – allowing for one extra crop per year. It is the closest match to natural sunlight of any light source available today. This lamp is for experienced growers who demand the highest quality plant production during ALL phases of plant growth. Made in the USA.

BLUE MH - 1000 Watt - 4 Minute Warm Up Time - 15 Minutes Hot Re-Strike Time - Horizontal +/- 15 degrees Operating Position - E-Ballast Compatible

EYE57945-15143 **UPC** 639125579452
Min. Buy 6EA Retail \$258.95

EYE HORTILUX® 1000W DE Ceramic HPS Lamp

Ceramic HPS is not your standard HPS light. A typical HPS light produces an orange light with a narrow spectral distribution. The Ceramic HPS produces a white light and has a much broader spectrum with an abundance of red spectral energy. It enhances essential oil production and produces plants with minimal stretching. It also produces vibrant colorful plants which stay strong and healthy throughout the flowering stage. Use the DE Ceramic HPS on its own in your flower room or in a checkerboard setup with our standard DE HPS grow lamp. Made in the USA

CLU1000DE/HTL/EN

EYE62111-8643 **UPC** 639125621113
Min. Buy 6EA Retail \$129.95

EYE HORTILUX® Ceramic Metal Halide Lamp

Ceramic Metal Halide (CMH) designed specifically for horticulture. Most ceramic metal halide lamps were designed for use in the retail space, so the UV light was blocked. Hortilux uses a glass that allows the UV light to pass through benefiting plant growth. The exclusive EYE HORTILUX CMH spectrum provides 50% more Ultra Violet (UV) than the competitive lamps available today. This results in better overall plant growth and higher yields. Made in the USA.

CMH315

EYE55216-8292 **UPC** 639125552165
Min. Buy 12EA Retail \$199.95

Greenhouse Ventilation

Green-Tek® HAF Fan

Great performance, energy efficiency and an air pattern that is designed for heat de-stratification. The OSHA approved guard means the fan can be mounted at any height. Our totally enclosed air over motor can be used in the harshest greenhouse environments. GT HAF Fans are easy to install and will give years of trouble free service. The ideal spacing is every 50'. Comes with a 9ft cord.

20in, 1/10HP, with 9ft Cord

Grove Bags TerpLoc™ Pouch

Our branded TerpLoc™ pouches come in two sizes with Grove Bags branding on the front, back, and in the gusset. They are perfect for storage after your product has been properly dried and the inner moisture has been sweat out. Once sealed the pouch will outgas any excess water vapor and oxygen to create the ideal microclimate to cure cannabis in. The pound and quarter pound sizes are great for long-term storage or to protect product quality and weight before packaging into smaller point of sale pouches.

HDI Europonic® FossilFuel® Liquid Humic Acids

Created from the highest quality humic acids, which provide complex interactions with soils, potting mixes, and organic hydroponic media to promote healthy soils and growing media which in turn helps to produce lush plant growth and expansive root systems. Biologically, humic acids increase production of plant enzymes; act as an organic catalyst in biological processes; stimulate the production of micro-organisms; enhance natural resistance against plant disease and pests; aid in the uptake of nutrients through improved permeability of plant cells; provide building blocks for sugars, amino acids, and chlorophyll; stimulate plant growth by increasing cell division; and improve yields by decreasing plant stress.

HDI Europonic® Nitrozime® Marine Algae Extract

Contains over 50 naturally occurring trace minerals and macro nutrients. Long known to farmers for its rich value, seaweed has been used for centuries in coastal communities as a natural way to feed plants. At the root level Nitrozime is a seaweed extract that provides food for beneficial soil microbe activity while providing important nutrients to plants. When used as a foliar spray with Europonic Fossil Fuel, Nitrozime is quickly absorbed through leaves of plants providing immediate beneficial results. It is extremely concentrated, eight times more so than common seaweed fertilizer, and contains many of the naturally produced nutrients that all plants require for vigorous growth.

20ml

HDINITPACKET-128 **UPC** 659627000902
Min. Buy 108EA **Retail** \$2.49

HDI Ionic® Grow Plant Nutrient 3-1-5

Specifically formulated for the vegetative stage of growing plants, Ionic® Grow delivers the essential elements to the roots of a plant in a more precise manner than all previous hydroponic formulations. It is designed to maximize the potential for vigorous vegetative growth in growing plants and during the vegetative cycle of flowering plants. It is derived from 100% pure elemental mineral salts including calcium nitrate, potassium nitrate, phosphoric acid, nitric acid, potassium sulfate, and ammonium nitrate. Ionic® Grow has a highly stable pH due to the unique reactive buffering incorporated into the quality controlled manufacturing process, reducing pH fluctuations in the reservoir.

Min. Buy 12EA **Retail** \$17.99

Seed Starting

CowPots™

Made from 100-Percent renewable composted cow manure, CowPots give seedlings a better start. Tender, young roots easily penetrate the sides and bottoms of CowPots, allowing for unrestricted growth and healthier roots mean stronger plants. Planted CowPots breakdown fast in the ground. Composted manure naturally biodegrades quickly, so at 3 to 4 weeks, decomposition is well underway. CowPots are long-lasting before planting seedlings in the ground – staying intact for up to 12 weeks – plenty of time to give seedlings a good strong start. Best of all, the manure in CowPots is a renewable resource, unlike peat which is mined from bog eco-systems or plastic which is derived from finite fossil sources.

Heat Mats

JumpStart® Germination Station

Grow indoors or out, protected from all the elements, scavengers, and temperatures that could harm your plants. You're in full control with this Germination Station and included heat mat. The station's plastic top means better humidity control for optimum growth, and having everything in one, heatable space leads to healthier growth starts and increased germination success. Add your own choice of growing media and plugs to get growing. UL listed waterproof heat mat (included) is 17 Watts/120 Volts. 11in x 22in watertight base tray.

72 Cells with Heat Mat & 2in Dome

Min. Buy 1EA Retail \$36.99

JumpStart® Hot House with Heat Mat

Get a jump start on the growing season with the Hot House with Seedling Heat Mat. It is well known that seeds will often germinate much more easily when provided with temperatures 10°F-20°F above room temperature. Get started quickly with your own growing media and plugs or purchase them separately for a complete system setup. The Seedling Heat Mat is UL-listed and provides gentle heat that will never damage roots. Includes 11in x 22in watertight base tray, 72-cell insert, 7.5in high vented dome, heat mat and rooting enhancer. Full instructions are printed right on the mat.

72 Cells - 7.5in Dome

Growing Media

GROW!T® Organic Coco Coir Planting Mix

Use this block of organic coco coir planting mix to promote root growth for flowers, vegetables, herbs, and more. It works as both an indoor and outdoor planting mix and is ideal for hydroponics systems. Although each block of mix is equivalent to more than 2.5 cubic feet of soil when water is added, it is lightweight and easy to carry and store. Add the GROW!T mix into your growing system and notice the coco coir difference.

GROW!T® Clay Pebbles

Made from 100% natural clay. They are clean, pH stable, and offer great aeration and drainage in hydroponics, especially in flood and drain, deep water culture, and drip feed systems. Due to their non-uniform structure and large surface area, they offer the ideal environment to foster beneficial bacterial growth around the root zone, leading to naturally healthier plants.

GROW!T® Coco Coir Mix Brick

Give your plants a sturdy growing structure with GROW!T's CoCo Coir Bricks. Now available at Hydrofarm, CoCo Coir Bricks support your plants all year long. The bricks, available in a mix or chip format, do double duty: They retain water, making sure plants never go thirsty, but due to their texture, they also offer excellent drainage properties. Plants are no longer at risk of "drowning" in too-packed or over-watered soil. Instead, GROW!T's ideal consistency gives them room to breathe and for roots to grow freely, capturing that essential air-to-water ratio for your biggest growth yet. Implement this pathogen-free media to your potting soil or in place of bark as an attractive and all-natural ground cover. Each brick expands to 0.26-0.33cu ft (2-2.5gal) of wetted coir.

Nutrients & Additives

TNB Naturals pH Up

TNB Naturals granular pH UP is non-caustic so it won't burn your hands and since it's so gentle, it won't harm the beneficial bacteria. It's even safe for use with aquaponics. TNB pH UP is composed of all natural ingredients with the addition of no harmful chemicals. This innovative way to raise the pH levels of your hydroponic or liquid fertilizer is both simple and cost effective. Simply add a small amount to your water, mix thoroughly and check your pH levels.

SUNBLASTER

HORTICULTURAL LIGHTING

Lighting

SunBlaster™ LED Grow Light Garden Micro

Full spectrum (6400K) grow lights replicate natural sunlight for year round growing. Features one high efficient SunBlaster 11watt LED high output light consuming 50% less power than a standard domestic light bulb and giving 50,000 hours of use. Supplied with reusable tough growing trays for easy succession planting. Includes raised platform insert and capillary matting allowing plants to self water for up to 7 days (subject to climate conditions). Canopy height adjusts easily to a maximum of 18in from the base to achieve optimal plant growth. The Grow light Garden Micro comes with everything you need to get up and growing quickly and easily. Just add seed and soil. 19.75in L x 8in w x 18in H. The included wicking system can self-water plants for up to 7 days.

White Finish / Includes: SunBlaster 12in 6400K LED Strip Light, Power-cord with on/off switch, raised platform with wicking mat (for auto watering) and 4 heavy duty reusable seedling trays

SunBlaster™ T5HO Micro Growlight Garden

Same features as the Growlight Garden but in a reduced footprint making it ideal for those with limited space. Grow what you love, love what you grow - all year long. Perfect for growing salads and herbs or for early season seed starting. Use also to boost flowering house plants out of season. Plants are never over-watered or under-watered, keeping them healthy and promoting vigorous root growth. An inner platform keeps plants above the water level, and a convenient fill hole lets you top up the reservoir as needed. NanoTech Reflectors reduce heat build up and maximize performance by reflecting 100% of the light towards the plants. Supplied with 4 reusable tough growing trays for easy succession planting. Includes raised platform insert and capillary matting allowing plants to self water for up to 7 days. T5HO Micro Grow light Garden includes: SunBlaster 12in 6400K T5HO Combo Light, Power-cord with on/off switch, raised platform with wicking mat (for auto watering), and four heavy duty reusable seedling trays.

Controlled Release

Sustane® 4-6-4 All Purpose Fertilizer

A natural organic all purpose professional landscape fertilizer. For plant establishment, greenhouse and nursery growing and organic crop production. Adds approximately 10% humates by volume and increases the nutrient and water holding capacity of the soil. Also strengthens plants tolerance against hot dry conditions, provides greater root development, improves buffering against changes in soil pH, increases the soil's ability to suppress plant pathogens and helps increased soil porosity and stability for greater root development and water holding capacity.

Lighting

SunMaster® 1000W Super (HPS) High Pressure Sodium (HO) High Output Grow Light

Designed to maximize the amount of light energy (micro-moles per second) per watt (energy consumed). In addition, the spectral output of this product family has been enhanced within the core orange/red region of the spectrum to promote flowering. University and 3rd party tested, these enhanced lamps deliver the highest amount of Photosynthetic Active Radiation (PAR) per watt of any discharge light source. Sunmaster SUPER lamps are the preferred lamp choice for greenhouse operations. SUPER lamps are the most efficient light source when increasing light intensity or extending the day period to maximize photosynthesis. For indoor growing operations requiring 100% artificial lighting, Sunmaster SUPER and SUPER HO lamps drive robust flowering. Partner Sunmaster's SUPER lamps with 'COOL' or 'FULL NOVA' lamps during the vegetative period of the plant growth cycle and 'FINISH' lamps at the end of the plant growth cycle in order to maximize yield.

Color Temp: 2000K / PAR Watts: 400 / Life Hrs: 20,000

Plant Success Great White

Premium Mycorrhizae with Beneficial Bacteria & Trichoderma. The cutting edge formula contains 16 different species of mycorrhizal fungi, 14 different species of beneficial bacteria and two species of trichoderma. This powerful formula will encourage plant and root development, giving plants the tools they need to maximize yields. The premium and concentrated formula aids in optimum colonization of root systems by the fungi. The water-soluble powder delivers the spores directly to the roots for immediate germination. Users should look for explosive root development, enhanced yields, fruiting and flowering, nutrient and water absorption and transplant success.

FoxFarm® Big Bloom® Fertilizer 0-0.5-0.7

Our Big Bloom® Liquid Plant Food is a carefully selected blend of fertilizers formulated to support multiple blooms and seed formations. This liquid plant food supplies nutrients that your plants can access immediately. Big Bloom® contains bat guano and earthworm castings. Bat guano has been used for centuries as a fertilizer for all kinds of plants. Combined with earthworm castings they create a nutrient-rich mix that can help your plants thrive. OMRI Listed® and Registered CDFA Organic Input Material. Garden tip: Big Bloom® is formulated for all fruiting and flowering plants, and it can be used during all stages of plant growth.

BAREBONES

Hand Tools

Barebones Spade

The Spade works quickly and comfortably through both soft soil and rough ground. Ideal for digging, turning and spreading soil, prepping beds, and planting seedlings, the Spade is constructed with an ergonomic stainless steel blade and comfortable handle; a duo worthy and capable of a lifetime of use.

14.4in L x 3in W x 1.75in H

BBLGDN052-1448 **UPC 819665010527**

Min. Buy 6EA **Retail \$21.99**

Barebones Square Hoe

Cut through stubborn roots, break up tough, sunbaked clay, and prep earth of all conditions for nesting new greens. The Square Hoe's curved blade makes for easy trenching and soil care, while its gently-curved handle provides comfortable grip and movement for your hands and wrists.

13.6in L x 2.8in W x 5.25in H

BBLGDN054-1448 **UPC 819665010541**

Min. Buy 6EA **Retail \$21.99**

Barebones Cultivator

The robust tines of the Cultivator rake through dense, rocky soil and remove weeds with ease. Its strong handle makes for comfortable clearing and grooming, while its stainless steel tines ensure years of heavy and efficient use.

12.5in L x 3in W x 2.25in H

Barebones Hori Hori Ultimate Tool

Uniquely designed, multi-use tool is the perfect companion for all your outside escapades. Pound in tent stakes with the flat pommel base. Measure planting depth with the handy inch marks. Saw a branch or whittle some kindling with the rust-resistant, double-edged blade. But don't forget about the Hori Hori Sheath. Durable waxed canvas and reinforced lining come together beautifully to sustain and preserve the Hori Hori. Its stainless steel belt clip supports easy carrying and accessibility, while the strong handle strap restricts the blade from slipping or moving. The Hori Hori Sheath's open end allows for easy cleaning and prevents soil buildup, preserving the Hori Hori's blade for years of continued use.

Barebones Japanese Nata Tool

Clear brush, strip bark, plank wood, make kindling—all with one thoughtfully-crafted tool. Inspired by a traditional Japanese implement and constructed with heritage-quality materials, our Japanese Nata Tool unites versatile function and refined durability. The stainless steel blade and a solid steel core that extends through the length of the hardwood handle lend stability and greater swinging weight yet it still packs thin and light, making it an essential addition to any collection.

Delta® Sprayer Plant Care Fine Mist Bottle

Delivers a better-than-aerosol spray quality that sets brands apart. It's a next generation, trigger-based, dispensing technology that eschews conventional propellant gases and pressurized containers. Its very fine mist combined with continuous spray functionality covers large areas quickly, evenly and in all directions from first to last drop. Superior ergonomics and 360° dispensing make it a delight to use. A standout feature is the low noise performance – a necessary requirement in some instances and a preferred feature for a wide range of applications.

Pruners, Loppers & Shears

Fiskars® Softgrip Pruner

Great for making clean cuts on green, living growth, this smaller bypass pruner is designed for comfortable use by gardeners with smaller hands. The razor-sharp, precision-ground blade stays sharp, and a low-friction coating makes every cut even easier and helps resist rust. Additionally, an ergonomically designed Softgrip handle helps reduce hand fatigue during extended use.

Min. Buy 1EA Retail \$17.49

Fiskars® Floral Pruner

Smaller than a traditional pruner, but with more cutting capacity than a snip, Fiskars® Floral Pruner is ideal for working with cut flowers, as well as tasks essential to encouraging healthy growth, such as cutting, light pruning and deadheading. Featuring a small bypass pruner blade design with a cut capacity up to 1/2 in., this pruner has fully hardened, precision-ground, steel blades that stay sharp through heavy use - great for pruning florals and green growth like roses or berry bushes. A low-friction coating helps the blade glide through cuts, preventing it from gumming up with sap and debris, and helping it resist rust. Ideal for cut flowers or making floral arrangements, additional features include a stem stripper for removing leaves or thorns on various-sized stems, as well as a built-in wire cutter. An Easy Action(TM) spring gently opens the blades after each cut to help reduce hand fatigue, while Softgrip® touchpoints enhance comfort and control. An easy-open lock protects the blade when not in use.

FISKARS®

Pruners, Loppers & Shears

Fiskars® PowerGear2™ Bypass Lopper

The first time you try our PowerGear2 Lopper, you'll be amazed — but it's not magic, it's gears. Fiskars's patented-pending technology multiplies your leverage to give you up to 3X more power on every cut. This means you can power through thick branches that you wouldn't be able to cut with traditional loppers. The updated design includes modified gears and an innovative cam mechanism to optimize your cutting power in the middle of the cut where the branch is thickest and you need it most. Low-friction coating helps the blade glide through wood, prevents the blade from gumming up with sap and debris and helps the blade resist rust. Rounded ergonomic handles with Softgrip touchpoints enhance comfort and control and the tough steel construction with riveted handles offers lasting durability.

Fiskars® Pruning Stik® Extendable Tree Pruner

Our Pruning Stik® Tree Pruner makes it easy to cut high or low with a level of control traditional pruners with exterior ropes can't match. A long, lightweight pole lets you cut high branches without the hassles and dangers of using a ladder, make low cuts without sore knees from kneeling or back strain from bending and easily reach into dense, prickly shrubs or tight spots. For the reach you need to cut your highest branches, the pole extends all the way to 12' and locks securely. The rope-free design means you can use both hands to maximize your power and accuracy, and an easy-to-grip sliding handle makes the pruning action smooth and simple. An actuating ball at the end of the pole lets you reach even farther and still prune with precision, an Included 15" saw blade makes it easy to take down thicker branches, and the cutting head rotates up to 230° to let you prune and saw at tough angles. The fully hardened, precision-ground blade stays sharp, and a low-friction, rust-resistant coating makes every cut easier.

Shape and trim plants and flowers to encourage healthy growth with the precision blades on Fiskars® Micro-Tip® Pruning Shears. Perfect for reaching into tight spaces for intricate snips, these pointed blades cut all the way to the tip for clean, precise, healthy cuts and feature fully hardened, stainless steel blades with a precision-ground edge for long-lasting sharpness - even through heavy use. Extra-large handle loops leave plenty of space for gardeners with larger hands or those wearing gloves, while Softgrip® touchpoints enhance comfort and control. An included blade cover protects the blades when not in use.

Fiskars® Multipurpose Garden Snips

Easily slice open soil bags and cut wire, netting, landscape fabric and more with the multi-use blades of Fiskars® Multipurpose Garden Snips. From adding fertilizer to setting up trellises, prepping and maintaining a strong foundation is key to a healthy garden and can involve a variety of arduous tasks - all of which rely on retaining blade sharpness. This versatile tool features fully hardened, precision-ground, stainless steel blades that cut all the way to the tip and stay sharp through heavy use. An outer, serrated edge is ideal for sawing twine or light rope, while the other straight edge cuts open boxes and bags with precision and ease. An Integrated wire cutter also prevents blade damage. Additionally, an Easy Action™ spring gently opens the blades after each cut to help reduce hand fatigue, while Softgrip® touchpoints enhance comfort and control. An easy-open lock and rugged, nylon sheath with belt loop ensures reliable storage and portability.

Weeding & Edging

Garden Weasel® Weasel Garden Claw

Weasel Garden Claw works hand-in-hand with Garden Weasel Cultivator to maintain your garden beds all season long. Garden Claw is especially useful early in the gardening season to turn the first soil of the year. Just place Garden Claw in any soil, even if it hasn't been cultivated since the Fall, and turn the handle to easily cultivate packed soil. Garden Claw is versatile, medium-duty, and works great on many different types of soil. The comfort-grip handles feel good in the hand, and the spiral turn action offers 4 actions in 1: cultivating, loosening, aerating and weeding.

Garden Weasel® Core Aerator

Helps bring new life to lawns with compact soil. Symptoms of compact soil include: thin turf, with poor color, and bare patches that do not respond to watering or fertilizer. Compact soil creates a barrier that keeps water and air from reaching grass roots and providing vital nutrients. The Weasel® Core Aerator also stimulates root growth by "pruning" the roots, as well as providing lawn surface nutrients. Lifetime Warranty. Double welded construction. Wide center footplate. Overall height = 40".

Ironwood Tool Co. All Metal Ratchet Lopper 1.5" Cut

These loppers only weigh two pounds but they are definitely not feather-weights when it comes to performance. The ratchet gear allows you to cut limbs and small trees up to 1.5 inches thick with very little effort. As you walk up the ratchet gear it forces the blade through gradually, making a smooth cut that is healthy for your trees and shrubs, and easy on you. They are made of a strong steel. This metal takes an extreme amount of torque while still maintaining its light weight.

Lewis Tools® Yard Butler™ Core Aerator

The Yard Butler™ Lawn Coring Aerator revitalizes old lawns while using less water and fertilizer. By removing two plugs 3" inches long, this manual lawn plug aerator and de-thatcher reduces compaction and thatch to let air, water, and fertilizer down to the root zone. At the same time it stimulates root growth by pruning the roots. As an added benefit, the removed cores deposit valuable micro-organisms on the lawn surface. This also strengthens drought and heat tolerance in your turf. The heavy duty powder coated steel handheld lawn corer is built for a lifetime of use.

Felco® F7 Rotating Handle Pruner

Designed for the professional, the rotating handle revolves on its axis, allowing the fingers to move naturally, thereby reducing the blisters and hand fatigue that so often accompany prolonged pruning work.

1in Cutting Capacity / 8.25in L

FELF7-6629 **UPC** 783929100050
Min. Buy 1EA **Retail** \$106.99

Felco® F13 Multi Purpose Pruner

Multi purpose patented pruning shear. Held as single-handed pruning shear, but extra long blade handle allows the use of both hands when cutting extra thick branches. Comfortable, light, sturdy handles made of forged aluminum. Blade and screw-mounted anvil blade are made of high-quality hardened steel.

1.18in Cutting Capacity / 10.6in L

FELF13-6121 **UPC** 783929100173
Min. Buy 1EA **Retail** \$98.99

Felco® 160S One-hand Pruner Model for Smaller Hands

Designed for right-handed pruning. Bypass pruning shears. Best-suited for smaller hands. Handles in fiberglass composite and are recyclable. Blade and counter blade constructed of hardened steel. Blade with wire cutting notch. Counter blade with sap groove. Bolt and nut for adjusting cutting head.

FEL1160S-2925 **UPC** 783929100555
Min. Buy 5EA **Retail** \$47.29

Felco® F-4 Basic Pruner

Designed for right-handed pruning. Bypass pruning shear. Best-suited for larger hands. Handles in forged aluminum with lifetime guarantee. Blade and counter blade constructed of hardened steel. Riveted extra strong anvil blade. Blade with wire cutting notch. Counter blade with sap groove. Bolt and nut for adjusting cutting head.

8.3in L, 7.8oz, 1in cutting capacity

FEL1114-4538 **UPC** 783929404554
Min. Buy 1EA **Retail** \$73.39

Felco® F6 Small Hands Pruner

Designed for those with smaller hands or those who may prefer a smaller, lighter pruner. Every bit as sturdy and powerful as all other Felco models. Ideal for small pruning work such as grape vines, shrubs and young trees. It is the choice of florists. Cutting and anvil blades are not riveted. The shorter blades facilitate closer cutting to the stem of the plant.

0.75in Cutting Capacity / 7.25in L

FELF6-5063 **UPC** 783929100043
Min. Buy 1EA **Retail** \$84.89

Felco® F8 Ergonomically Designed Pruner

A superbly designed pruning shear for the professional. Both cutting and anvil blades are not riveted and the narrow, pointed blade design allows for close pruning. Light alloy handles are shaped to act as an extension of the forearm. The anvil blade handle is designed to prevent the pruner from sliding through the hand. This hollow ground, Swiss, precision, hardened steel blade features a wire-cutting notch. The blades are set on dowel pins for easy maintenance.

1in Cutting Capacity / 8.25in L

FELF8-5250 **UPC** 783929100067
Min. Buy 1EA **Retail** \$84.89

Felco® F11 Pruner - Narrow Blade

The same design as the F2 pruner, but the blade is attached with screws instead of rivets, making the blade easier to replace. Suitable for every type of pruning with its ergonomic hand-fitting design. Superbly balanced, offering a large cutting capacity. Narrow pointed anvil blade allows easy access to twiggy branches and assures a close cut to the trunk. Precision alignment of cutting and anvil blade is due to adjustable locking segment. Shock absorbers reduce fatigue of wrist.

1in Cutting Capacity / 8.25in L

FELF11-5155 **UPC** 783929100104
Min. Buy 1EA **Retail** \$83.29

Pruners, Loppers & Shears

Felco® F31 Anvil Pruner

The Felco® F31 pruner is the result of intensive research and development of pruning technology. Cutting blade is beveled on both sides for easy clean-cut pruning. The adjustable brass anvil blade is coated in nonstick Xylan for easy cleaning and can be repositioned to line up with the cutting blade. Handles are forged from robust aluminum alloy and are ergonomically shaped.

Hand Tools & Kneelers

Radius™ NRG™ Hand Tools

The Natural Radius Grip minimizes hand and wrist stress while maximizing power and comfort. Lightweight, super strong and ergonomically designed. The uniquely shaped handles are perfectly shaped to provide extra leverage and comfort for your hands. Made of diecast aluminum and polypropylene. Designed for transplanting small perennials and bulbs, the extra-long blade of the Radius Ergonomic Transplanter has depth markings to aid you in finding the proper planting depths. The end of the blade has the perfect shape to pop tender plants out of the plastic six-pack planters that you find in flats at the nursery. This product is so versatile you can substitute it for an all purpose trowel and a weeder.

Transplanter - 12pc Mixed Color Pack: Black with Blue, Red & Green / 9in x 2.5in x 14.75in

Radius™ NRG™ Hand Tools

The Natural Radius Grip minimizes hand and wrist stress while maximizing power and comfort. Lightweight, super strong and ergonomically designed. The uniquely shaped handles are perfectly shaped to provide extra leverage and comfort for your hands. Made of diecast aluminum and polypropylene. One of the most useful tools in any garden is a hand full of fingers! The Radius Ergonomic Cultivator is almost like an extension of your arm, with three pointed fingers out at the end ready to rip through soil, scrape up weed seedlings, and pull out roots. Many people don't realize it, but the whole class of small hand garden tools can be called "scratch" tools, and this cultivator is the quintessential scratching tool. It even works as a back scratcher!

Cultivator - 12pc Mixed Color Pack: Black with Blue, Red & Green / 6.75in x 3.125in x 13.5in

RAD10323-8630 **UPC NA**
Min. Buy 1EA **Retail \$11.69**

Radius™ NRG™ Hand Tools

The Natural Radius Grip minimizes hand and wrist stress while maximizing power and comfort. Lightweight, super strong and ergonomically designed. The uniquely shaped handles are perfectly shaped to provide extra leverage and comfort for your hands. Made of diecast aluminum and polypropylene. The Radius Ergonomic weeder is every bit as mean as it looks. It won't bend. It won't break. And, best of all, it won't leave any root behind. Experienced gardeners know that dandelions are stimulated when their tap root is snapped and will produce two or three replacement dandelions for the one you were trying to remove. The ineffective weeders that most companies sell either pinch or break the roots, leaving enough in the ground to insure you will have to fight much harder next time as the weeds multiply.

Weeder - 12pc Mixed Color Pack: Black with Blue, Red & Green / 9in x 2.75in x 14.75in

Hand Tools & Kneelers

Radius™ Root Slayer Soil Knife

Based on original Japanese designs for the Hori Hori, but updated with modern materials and style, the Root Slayer Soil Knife can perform the functions of almost any hand tool in the garden. Use it as a substitute for a trowel, transplanter, cultivator, or most importantly, a weeder. This handy digger will cut through root-filled, heavy clay soil with surprising ease. When in the lawn, garden, or potting shed, we never like to be without this versatile garden tool. Strap the holster over your belt so you always have access to this handy tool. Delivered with an enamel powder coating, the Root Slayer Soil Knife features an array of a dozen saw-like cutting teeth on one side, a long sharp blade on the other side, the signature Root Slayer inverted V blade tip, and a combination twine cutter and bottle opener near the ergonomic grip. Feel free to sharpen any or all of the high-carbon steel cutting surfaces for a very long lasting edge. Lifetime guarantee. Blade Length - 7.75in, Blade Width - 2in, Total Length - 13.5in

Radius™ Root Slayer

The Award Winning Root Slayer is a multi-purpose shovel that can eliminate the need for other tools, such as hatchets, pry-bars, and saws, when simply digging around the home. If you've ever hit roots while trying to plant a perennial, been stymied by roots when trying to dig up a shrub, or tried to divide hostas with a spade only to have them slide away from your shovel, you'll know what we're talking about. You can use the Root Slayer as your go-to shovel. You can also use it to replace your nursery spade. Think of it as a shovel, root hatchet, and root saw all in one tool. Certified to be more than 150% stronger than comparable tools by Intertek, an independent testing laboratory. Patented ergonomic Natural Radius O-Handle Grip with four times the gripping surface of traditional D-Handle tools provides additional leverage while reducing hand and wrist stress. Made from a comfortable non-latex, thermoplastic elastomer over-molded onto polypropylene. Lifetime guarantee.

Sprayers, Spreaders & Dusters

Solo® 425® Backpack Sprayer

Since its introduction to the US market in 1964, Solo's popular 425® backpack sprayer has been the standard by which all backpack sprayers are measured... and for good reason! High-density polyethylene tank with ultra-violet inhibitors allows for unmatched durability and ultra-violet protection. Large 4.25in opening for easy filling and cleaning. Shut-off valve and wand with an overall length of 28in for hard-to-reach places. 4ft high-pressure hose. Padded shoulder straps for greater comfort. Chemically resistant Viton® seals ensure long life and durability. With its connecting rod-activated piston pump, the 425® is capable of producing a wide pressure range of up to 90 psi, and is capable of performing virtually every spraying task. Easily and effectively handles disinfectants, fertilizers, herbicides, pesticides, and formulations for tree, shrub and plant protection and wood and concrete finishing and treatments.

4gal with Piston Pump

Solo® NOVA 424 Backpack Sprayer

Rugged SOLO® backpack sprayers are flexible and ergonomically designed for virtually any spraying task both large and small. Built for comfort. Built for convenience. Built to last. SOLO's ergonomic design contours to your back for greater comfort. A low number of wearing parts and sturdy technology ensure a long service life and minimum maintenance. The simple and effective design of the new Solo® Nova 424 Backpack Sprayer results in a reliable and comfortable product. The sprayer fulfills the basic requirements of demanding use around the home and on the farm. Large 4.75in tank opening. The large filter basket is easily removed. Integrated carry handle for comfortable transport and easy maneuvering. Stable tank base ensures that the sprayer will not tip over when filling. Pump lever can be repositioned vertically to save space. 28in unbreakable wand and shut-off valve assembly provides excellent reach. The wand can be stored neatly in a wand holder, protected from dirt or damage by a special opening integrated in the tank base. Speed Tip Nozzle: multi-pattern spray. Sprays with 3 different settings with a turn of the dial: jet stream, flat spray and full cone mist. Durable shut-off valve with lock-on / lock-off feature reduces operator fatigue. 48in nylon-reinforced high-pressure hose for extended reach. Internal pump system incorporates an effective mixing system. While pumping, the liquid in the tank is constantly agitated.

DeWitt® Dew Right Tree Water Bag

Eliminate the severe water stress that new trees endure after transplanting. This tree watering bag is designed specifically to increase first-year survival rate and set the stage for a long, healthy life. 20gal bag empties in five to eight hours and only needs to be refilled one or two times per week for most trees. Installs easily in just five minutes, without tools. A single bag fits trees up to 3in in diameter. Zip two bags together to fit a 3in to 5in diameter tree. Made from heavy-duty, green-coated polypropylene that is UV stabilized to last after long hours in the sun. Safe to use with nutrient or chemical additives.

Blumat®

Drip Irrigation

Blumat Bottle Adapter Plant Watering Stake

Much better than the wine bottle versions because Blumats are so much easier to refill: just cut the bottom off plastic bottle and fill with your regular watering can. Better than the globe spikes because these disperse the water evenly, not just through a hole in the bottom. Just fit this adapter into almost any standard plastic bottle, fill the bottle with water and push into the soil near a plant. The porous cone will slowly start to distribute water throughout the day.

XL - 300mil during 24hrs
SUSIG15481-992 **UPC** 900268302220
Min. Buy 5EA **Retail** \$13.99

Blumat Plant Spray Mister

Probably the best mister - compact, beautiful and works like a charm. The famous Haws mister but not in the Haws gift box. People tend to lose their plastic bottle misters (which also tend to quickly break and stop working) because they are so ugly and we're always hiding them from view. This one looks so good that there is no problem keeping it in plain view.

Hoses

Flexzilla® SwivelGrip™ Garden Hose

Flexzilla® makes it easier to work around your home and lawn. SwivelGrip™ action eliminates twists that occur when uncoiling a hose. Conventional garden hoses can trap coils that tighten into kinks as you move across the yard. SwivelGrip™ releases these trapped coils because the hose rotates freely inside the grip. The large, comfortable gripping surface on both ends of the hose makes connections much easier to turn and tighten. SwivelGrip™ hoses are also drinking water safe.

Hoses

Pocket Hose® Bullet™

Rediscover the joy of gardening with this lightweight yet super strong Pocket Hose® Bullet™ that expands under water pressure and retracts for ultra compact storage. Rugged bullet-shell outer casing resists kinking, tangling and has no seams to tear or burst. This hose has tight sealed connectors that offer leak-free operation. A removable spray nozzle with 3 adjustable settings. Includes hose with plastic connectors and spray nozzle.

50ft

Pocket Hose® Silver Bullet™

The expandable hose made from an exclusive biaxial braid outer shell. This seamless micromesh fabric prevents tearing so the garden hose won't tear or burst. Turn water on and watch Silver Bullet hose grow to a full size garden hose. Turn water off and Silver Bullet hose shrinks itself dry to a compact Pocket Hose. There's no winding, no coiling and no muddy wet messes. Silver Bullet has tough-grade silver connectors and no kink connector protectors that eliminate leaks. Unlike your old garden hose, Pocket Hose Silver Bullet can store easily on your shelf or in a drawer. Its super lightweight so you can move it around your garden easily. Toss your old hoses away and get a Silver Bullet today.

Hoses

Swan® Contractor +® Hose

The Contractor+® hose is built tough for every day use. Its size makes it highly kink resistant. Heavy duty, crush-resistant, lead-free aluminum couplings along with a durable abrasion-resistant cover make this hose very popular with the demanding industrial trade. Added reinforcement gives this hose a high burst strength for varying water pressures and long life on the job. Limited lifetime warranty.

Footwear

Sloggers® Half Sizer Insole

If you need a half-size simply add these insoles to reduce the size by one half size. For example: order a size 9 clog, add the half-sizer insole and the clog is now a size 8 1/2. Makes any pair of Sloggers shoes or Boots 1/2 size smaller. Perfect fit for in-between sizes or those who want to tighten the fit up a bit. Cut-To-Fit design. Adds extra cushion.

6 packs per case

Footwear

Sloggers® Womens Shoe

You'll love the slip-on convenience and comfort, the ease of cleaning and secure traction. Just like the rest of Sloggers MADE IN THE USA shoes, they include the "All-Day-Comfort" insoles, signature deep lug sole for great traction in wet and muddy conditions, and a soft binding around the top. These shoes are made from 100% RECYCLABLE, medical grade material so they have a soft feel and no odor, they are easy to hose off clean and will last for years. The sole contains up to 50% recycled material so when your finished with your shoes, you can send them back to us and we'll turn them back into a new pair! How's that for "reuse and recycle"?

Footwear

Sloggers® Women's Premium Garden Clog

Open back, slip-in design, and the signature "premium" moisture wicking, anti-microbial insole. Just like the shoes, it's made from 100% recyclable, medical grade material that will last for years, and of course it will hose right off clean when your work is done. They are also great for nursing, or just working around the house. Made in the USA.

Sloggers® Womens Boot with Trim

Slip into waterproof comfort with the "Bee Blue" Midnight Blue print mid-calf 10" rain and garden boot. Lower and wider than traditional rain boots, there is room for a wider calf or to tuck your pants into. Features the "All-Day Comfort" insoles for maximum comfort and the signature deep-lug tread for great traction. Easy on and easy to clean up. You'll soon know why Sloggers are America's #1 Backdoor Shoe. Note: prints may vary slightly from boot to boot. Proudly Made in the USA.

Hats

Sloggers® Womens Braided Sun Hat UPF 50+

The Sloggers® 4405 Braided Sun Hat is one of our most popular designs. It has a wind lanyard for those blustery days, a high quality inner hat band for excellent comfort and most importantly, it has been rated UPF 50+, the MAXIMUM SUN PROTECTION RATING AVAILABLE by a reputable sun care laboratory. Not only does this hat keep you protected from the sun, but it looks great also! The 5" wide brim has a nice shape to it, not too stiff, not too floppy.

Safety Works® Flexible Temple Indoor/Outdoor Safety Glasses

Stylish safety glasses with light gold mirroring that is perfect for indoor or outdoor use. Soft tipped rubber temples for a secure and comfortable fit.

Light Gold Mirror

SW110039206-646 **UPC** 641817002810
Min. Buy 12EA **Retail** \$9.99

Safety Works® Impact & Splash Resistant Goggles

Indirect vents on top and bottom allow air to enter from the reverse direction, providing excellent liquid splash protection. Clear vinyl body fits snug to the face. Curved anti-fog lens for clarity and a wide field of vision. Fits comfortable over most prescription glasses.

SW110031205-315 **UPC** 641817002285
Min. Buy 16EA **Retail** \$4.99

Safety Works® Multi-Purpose Half Mask Respirator

Flexible, latex-free face piece material provides an excellent face-to-respirator seal which improves fit and comfort. Long-life cartridges are approved to the NIOSH P100 Class, so they are at least 99.97% efficient against oil- and non-oil based contaminants and are oil-proof so they have no time use limitation. The cartridges are also NIOSH approved against chlorine, hydrogen chloride, hydrogen sulfide and organic vapors. The hygiene cover helps keep dirt out of the mask when not in use. The headband swivels on hinges for improved comfort and fit, while the two-piece neck strap allows for easy donning/doffing.

SWISWX00320-4028 **UPC** 848309010135
Min. Buy 5EA **Retail** \$74.99

Safety Works® Non-Toxic Dust Mask

Reduces exposure to large dust particles, such as pollen. Moldable metal nose band helps reduce fogging of glasses.

Gloves

Womanswork® "Digger" Gardening Glove

Doubly reinforced fingertips allow you to dig in the garden when planting, yet they're not bulky so you can also perform tasks requiring dexterity. A longer cuff with velcro wrist closure prevents garden soil from getting inside gloves. But our favorite thing about the "Digger" glove is the great fit, designed for a woman's hands. Machine washable and color fast.

A FULL LINE OF QUALITY
PROTECTION
LANDSCAPING + NURSERY + GARDENING

bellingham[®]
by **RADIANS**

Bellingham Glove by Radians offers the very best in hand protection, but we also offer a full line of safety products to minimize the everyday dangers that crop up in the L&G industry.

Beat heat stress with our **cooling products**. Protect your vision with impact resistant **safety eyewear and goggles** that shield against flying dirt and debris from lawn trimmers or chemical splash from weed killers and fertilizer.

Stay dry and visible with **rainwear and hi-vis apparel**. And let's not forget **hearing protection** because everyone knows that mowers, tractors, and power tools are noisy and can damage hearing over time.

Get Your Logo or Business Name Seen!

We offer imprinting services that are quick, custom and economical.

Contact your sales rep for more details.

Outdoor Lighting

Aspen Brands Lights Oversize Vintage Bulbs

Edison Bulb inspired by the original light bulb invented by Thomas Edison, these vintage-style bulbs create a unique ambient glow that's unparalleled by common incandescent bulbs. Made with a tungsten filament. Like the original. Best enjoyed with a lamp or pendant where the bulb is exposed. Medium base E26 size, which fits typical table lamps or overhead fixtures. Dimmable bulb. Average bulb life is 3,000 hours. 2200 Kelvin color temperature.

Edison Mega Swirl Filament - 160F2 / 7in Diam x 12in H / 60 Watt / 160 Lumens

Trees & Ornaments

Cinco® Advantage Christmas Tree Stand

Economical model. Made of virgin, high-impact polypropylene assures durability and reliability. The steel cored plastic bolts are easy to use and make light work of set-up. With a low, wide and generous water holding reservoir, this model accommodates low branches and keeps the tree fresh. Steel spikes at the center of the reservoir anchor the tree safely, prevent shift and makes set-up a snap. Reinforced holes on the outer edge of the stand allow attachment to plywood if additional stability is needed when used with an extra large tree. Spill guard prevents over-filling mishaps.

For Trees up to 6ft

MPLC156-846 **UPC** 717611300121
Min. Buy 10EA **Retail** \$14.99

For Trees up to 8ft

MPLC150-1010 **UPC** 717611300011

Cinco® Tabletop Christmas Tree Stand

Designed for the smaller fresh Christmas tree with up to a 3in trunk or is also suitable for artificial ones. Made of virgin, high-impact polypropylene assures durability and reliability. Plastic bolts through threaded posts are quick to turn and make light work of set-up. With a low, wide ¾ gallon (3 liter) water-holding reservoir, this model will accommodate low branches and keeps the tree fresh. A rustproof spike center at the reservoir anchors the tree safely and prevents shift. Spill guard prevents over-filling mishaps.

For Tabletop Trees up to 4ft

MPLC163-721 **UPC** 717611000137
Min. Buy 1EA **Retail** \$12.99

Cinco® Express Christmas Tree Stand

Named Express because of the bolt system, this model has a push-pull ratchet mechanism that makes set-up and take-down easier than ever. Made from virgin, high-impact polypropylene assures durability and reliability and plastic handles and steel end-caps round off the package. With a low, wide and generous water holding reservoir, this model accommodates low branches and keeps the tree fresh. Steel spikes at the center of the reservoir anchor the tree safely, prevent shift and makes set-up a snap. Reinforced holes on the outer edge of the stand allow attachment to plywood if additional stability is needed when used with an extra large tree. Spill guard prevents over-filling mishaps.

Home Decor

Meditation Fountains

A stylish piece of decor that fits on any tabletop, kitchen counter, living room table, bathroom sink, shelf, vanity or office desk while bringing a calm, Zen-like feel to any room in the house or work space. Turn it on before bedtime and drift off to sleep as you listen to the sound of peaceful running water with its soft glow as a night light. You can even use it while you're meditating, practicing yoga or at the office to center yourself while at work.

Hearth Accessories

Fatwood® Firestarter

Harvested from the trunks of lumbered pine trees where the combustible sap concentration is highest. This all-natural fire starter is an eco-friendly choice that has no chemical or petroleum fuels, lights with only one match, and creates a sustained flame. Two sticks are enough to start a roaring fire. 100% all natural pine wood hand split into approximately 8in lengths. Unlike most other fire starters, Fatwood is ideal for any indoor or outdoor situation. There's no spilling, no odors, no chance of flare-up and no dangerous toxins to breathe. It's safe and clean and Fatwood has an indefinite shelf-life. You can use it to start your backyard grill or your indoor fireplace safely and easily, even when wet! So leave the kerosene-soaked products, the smelly fluids and the sawdust composites to the other guys. When you're ready to put your fireplace, chimenea, grill or pellet or wood stove into action, grab two sticks of all-natural Fatwood. That's all you'll need.

Moss & Stone

Mosser Lee® Polished Stone™

Beautify any floral arrangement as well as the drab appearance of potting soil for live plants and in artificial arrangements. These versatile stones add a "touch of class" to your interior or exterior creation. Uniform in size which allows you to use every stone. No need to pay for that large, hidden stone that other polished stone bags usually contain. Polished to a high shine to bring out the stone's natural beauty, these stones will remain attractive for years of use.

Mosser Lee® Soil Cover™ Decorative Sand

Mined from ancient sand pits and river beds, these sands have been selected especially for their luster. Their uses for both horticultural and craft projects are bounded only by your imagination. Originally designed to be added to loosen clay soils for potted plants, which remains their primary use. They can also be used as mediums in terrariums, cacti gardens, vases, dish gardens and more.

Echo Valley® Glass Globes - Traditional Handblown Glass

Hand-blown glass gazing balls date back centuries to Victorian England and were used by the aristocracy to ward off evil spirits and witches because of their reflective properties, and hence the moniker "witches balls." Today they are used as ornamental centerpieces in flowerbeds, gardens, and yards and are designed to reflect the beauty of the surrounding landscape. Each piece is individually hand-blown, no two are identical.

Quality Home & Garden Products

Outdoor Lighting

Echo Valley® Edi-Sol Solar Lantern

Edi-Sol solar lights use the energy of the sun to power a series of light bulbs inspired by their namesake, Thomas Edison. Each bulb has a series of LEDs that simulates the warm, amber glow emitted from a tungsten filament lightbulb. Whether hanging or staked, each Edi-Sol solar light will bring the relaxing ambiance of indoor settings to any outdoor living space.

Syndicate Home & Garden® Bella Moss® Sheet Moss

The preserved mosses in this collection are put through a meticulous preservation process. They are carefully dried, washed, color enhanced and then treated with a preservative and softener that protects and maintains their lush, natural look. These mosses are pliable and soft to the touch, have less dirt and waste, are longer-lasting with better fade resistance and require little to no maintenance.

Panacea™ Bee-Conscious Trellis Pot Trellis

Bee-Conscious Garden Décor is decor on a mission to educate and decorate; bees are responsible for pollinating about 1/3 of our food supply. Give your potted plants and climbing blooms a sturdy trellis to climb with this pot trellis embellished with whimsical bees, base stakes fit in a 10-in diameter or wider pot. Creates a support for climbing vine plants, like clematis, honeysuckle and other flowering vine plants as they wrap around the curved vine design. This trellis can also stand on its own using the base stakes set in soil or set it against fencing, exterior walls. Durable steel is welded to give the trellis strength and features a powder coating for added rust resistance.

Panacea™ Modern Farmhouse Trellis

Modern Farmhouse designs are on-trend, classic looking garden accessories to decorate outdoor living spaces. Distinctive details of copper accents add modern appeal while embossed banding giving a rustic look. This trellis can be used in a 12-inch wide container or larger and lends a farmhouse look to any setting in moments. The trellis pane spacing is ideal for smaller climbing vine plants, like miniature clematis, honeysuckle and other flowering vine plants. Constructed of sturdy steel and painted with a rich black powder coated finish for durability.

Outdoor Furniture

LA SIESTA® Weather Resistant Domingo Hammock Chair

Weatherproof hammock chair Domingo offers lots of room for dreaming the hours away outdoors. It offers enough room to comfortably sit upright or recline back and kick your feet up—just like a good hammock, except even more versatile. The Domingo is made of weatherproof, fast-drying Outdoor-fibre, so it can be left outside all summer. A typical characteristic of all hammocks manufactured in Colombia: the large number of suspension cords which ensure optimal weight distribution and therefore comfort and longevity. Reinforced edges make the material extremely tear-resistant. The integrated safety swivel guarantees safe 360° rotation. The spreader bar is made from high-quality bamboo. It is not just a visual highlight, but also particularly robust and weatherproof. Naturally, the wood comes from responsibly managed forests (FSC™).

Sea Salt

Pond Filters & UV Clarifiers

Danner™ Pondmaster® Submersible Ultraviolet Clarifier

Unique vortex flow design that increases water contact time with the ultraviolet light, while the slim diameter lamp allows the water to get closer to the intense UV rays. Features the glowing monitor Halo Ring that shows the light is working, above or below water. Visible during the day and night from any angle, the soft blue halo shows it's working, but the black color does not detract from the beauty of your pond. Each lamp has a 9,000 hour life and comes with a water tight quartz sleeve. Includes transformer and 18ft power cord.

40 Watts UV Clarifier - Large up to 6000 gallons using pumps up to 3000GPH, Three glowing monitor Halo Ring, 1-1/2in barbed fitting for inlet & outlet.

DNR02940-19099 **UPC** 025033029408

Water Treatments

Plantabbs® Pondtabbs Plus® Aquatic Tablets

The addition of a very highly concentrated humic acid, Menefee Humates®, to the standard formula causes plants to take up a higher percentage of available nutrients. The product has been particularly effective with larger plants such as giganthea and Victoria and has increased the vibrancy of color in most plants.

API® Floating Pond De-Icer

Keeps a pond completely ice-free, providing fresh oxygen into your pond for healthy fish. Thermostatic control coupled with thermal feedback protects the unit from overheating, while positioning the thermostat above the heating element ensures safety in low-water conditions. The float is completely enclosed in a rugged, plastic housing and will not sink over time. Note: use in a non-metallic tank requires a metal guard to prevent fire danger (metal guard, Model 88R sold separately). Has a stainless steel heating element for added durability. UL listed, CSA Listed. 8.25in x 8.25in x 4in.

TetraPond® Spring & Fall Diet Fish Food

Wheat germ transitions fish in and out of winter. Excellent digestion even at low water temperatures, thereby reducing contamination, especially in spring and fall. For koi and all pond fish. Wheat germ's exceptional digestibility at low temperatures is very important since fish metabolism and the pond's ammonia reducing biological activity are greatly diminished in colder months. Feed in spring and fall, when water temperatures are below 50°F and above 39°F.

Aspects® Round Seed Tray

Aspects' Round Seed Tray works well on a pole-mounted feeder as well as on a hanging feeder. Trays can be used on the feeder mounted on a 1/2" side pipe threaded on one end. It is suggested to use a 6 to 7 foot length of pipe. Adding a seed tray will allow more of the seed to be eaten at the feeder and less scattered on the ground. This seed tray will work with any standard size Aspects Quick Clean feeder.

Squirrel Feeders & Food

Classic Corn Cob Squirrel Feeder

The perfect way to feed squirrels and little critters. Feeding squirrels is fun and entertaining, and placing squirrel feeders well away from bird feeders helps lure racketeering rodents away from birds' seed. With its durable metal construction, 1 ear of corn capacity and weather-resistant finish, means quality squirrel feeding. For optimal squirrel distraction, position feeder at least 15 feet away from your bird feeders.

COLE'S

THE BETTER WILD BIRD FEED

Suet

Coles Blue Ribbon Blend™ Suet

A "better" all-purpose soft suet that attracts the largest variety of songbirds. Full of much needed calories and fiber, Blue Ribbon Blend™ suet cakes are a great substitute for insects during the fall and winter months.

11.75oz

CWBBSU-184 **UPC 751478100128**
Min. Buy 12EA **Retail \$1.99**

Coles Hot Meats™ Suet Cake

Chili pepper suet mixed with sunflower meats! Cole's famous best-selling seed presented in a no melt suet cake that's guaranteed to attract more wild birds to your suet feeder. Great for year-round feeding. An absolute favorite of bluebirds along with robins, buntings, nuthatches, catbirds, finches, cardinals, and warblers galore.

11.75oz

CWBHMSU-278 **UPC 751478101422**
Min. Buy 12EA **Retail \$3.99**

Coles Natural Peanut Suet

This special no-melt formula wins taste tests hands down. With the peanut butter base that birds prefer, it's two steps above your average peanut suet. Great for year round feeding!

11.75oz

CWBNPSU-203 **UPC 751478101927**
Min. Buy 12EA **Retail \$2.99**

Coles Special Feeder Suet

Chock full of pecans and peanuts, it's a shoe-in to be your woodpecker's favorite suet. It is best served during the cooler months of fall and winter.

Bird Feeders

Coles Bountiful Bowl™ Feeder

Want to feed the birds without worrying about what seed goes in what feeder? Then the Bountiful Bowl™ feeder is for you! Its compact, adjustable size lets you offer a wide variety of tasty meals for your feathered friends without a lot of work. It comes with an adjustable dome cover that can be raised or lowered to prevent larger birds and squirrels from getting to the seeds as well as help protect the food from rain or snow. The Bountiful Bowl™ Feeder is yet another great starter feeder because it is the easiest Cole's feeder to fill and hang. It holds virtually any seed or suet product.

Tray diameter = 8 1/2in, Dome Diameter = 12in

Squirrel Feeders & Food

Coles Critter™ Munchies

When Critter Munchies™ was created years ago there was nothing else like it. Today it's still the ideal mix for people who like to feed nature's little critters – or just distract them from the bird feeder! Works well in a platform feeder or scattered on the ground. Squirrels, chipmunks, deer, and rabbits can't get enough. Blue Jays and woodpeckers won't wait to steal a few bites too!

Wild Bird Seed

Coles Blazing Hot Blend™

Blazing Hot Blend™ is a 100% all natural, chemical free way to increase the number of birds visiting your feeder. It combines a patented habanero chili oil formula with the most preferred seeds of backyard songbirds. This is a traditional mix designed to attract a maximum variety of birds and keep them coming back with a fiery bit of spice! Woodpeckers, grosbeaks, buntings, cardinals, chickadees, bluebirds, goldfinches, and more find this mix irresistible. Works well in all feeder types including Cole's Terrific Tube™, Mighty Mesh™, and Bountiful Bowl™.

COLE'S

THE BETTER WILD BIRD FEED

Wild Bird Seed

Coles Hot Meats™ Seed

Hot Meats™ are a great no-waste, no-mess feed, with nutritious sunflower meats infused with fiery hot habanero chilies. Chili peppers are chock full of vitamins A and D as well as carotene and make an excellent natural source of nutrition for birds. The chili pepper plant evolved over time to be attractive to birds that make it a meal. Birds love the spicy flavor. Chili peppers may taste hot to mammals like people, but birds do not feel the heat. Bluebirds and cardinals are especially fond of the hot Cajun flavor. Works well in all feeder types including Cole's Terrific Tube™, Mighty Mesh™, and Bountiful Bowl™.

Coles Nyjer Seed

Niger Seed, often mistakenly called thistle seed, is a favorite of beautiful wild finches like the American goldfinch. This special seed is a great source of energy due to its high oil content. It is imported from Africa and sterilized upon entry to prevent germination. When served straight, it is best used in a specifically designed tubular feeder, like the Nifty Niger™ feeder, or "thistle sock" with small holes where it can be economically dispensed. Niger seed can be also be mixed with sunflower chips or hearts.

Coles Oil Sunflower

Black oil sunflower is the number one choice of almost all seed eating songbirds. Cole's Oil Sunflower is the absolute highest-grade black oil sunflower out there. It's over 99% pure and cleaned four times to ensure that you get more seed and fewer sticks. Plus, it's positively chock full of oil. You want as much oil in your sunflower as you can get because that's what attracts the birds. So, our high-grade, high-oil sunflower means more birds at your bird feeder. Works well in all feeder types including Cole's Terrific Tube™, Mighty Mesh™, and Bountiful Bowl™.

8lb

CWBOS08-965 **UPC** 751478100616
Min. Buy 4EA **Retail** \$13.99

Coles Raw Peanut Seed

Higher in essential fat and protein than peanut hearts and pieces, Raw Peanuts are a great attraction for wild birds and friendly critters alike. Works well in all feeder types including Cole's Terrific Tube™, Mighty Mesh™, and Bountiful Bowl™.

5lb

Min. Buy 1EA **Retail** \$23.29

Coles Safflower Seed

Once known as a favorite of Cardinals, Safflower is also a lifesaver for those of you having trouble with squirrels or large "nuisance" birds. Since most squirrels and blackbirds don't like the bitter taste, it is an easy way to send a message to any undesirable visitors. So if you're tired of feeding more squirrels and annoying flocks of "squawkers" than beautiful songbirds, Safflower is definitely for you.

Coles White Millet Seed

White millet is the number one choice of most ground feeding birds. Additionally, indigo buntings seem particularly attracted to it. Throw it out on the ground straight or mix it with other seeds such as oil sunflower to create your own unique blend. Works well in a platform feeder or scattered on the ground. Not recommended for tubular or mesh feeders unless mixed with other seeds. Attracts indigo buntings, towhees, juncos, song sparrows, white-throated sparrows and doves.

Wild Delight® Advanced Formula® Sizzle N' Heat® Bird Seed

A premium hot blend designed for BIRDS ONLY. Industry studies show that Squirrels are listed as the #1 reason for people leaving the bird feeding category. Squirrels dominate feeders, create a mess and eat much of the seed, nuts and fruits. After much development and product testing, we created Sizzle N' Heat®, a squirrel deterrent product. While this is not a squirrel proof product, our studies showed it to be a very effective squirrel deterrent. While squirrels may still visit and feed at feeders, once they get a taste of the hot seeds, most will look for other sources of food. As with any Wild Delight® product, ensuring the best bird feeding experience is the #1 goal. So Sizzle N' Heat® is filled with the same highly desired ingredients birds love, with none of the filler ingredients. Made with chili peppers, a strong irritant. Keep out of reach of children. Avoid contact with eyes, nose, and skin. Wash hands thoroughly after using.

Bird Feeders

Droll Yankees® A-6RP Classic Sunflower Feeder with Ring Pull Advantage

The A-6F Classic Bird Feeder, invented in 1969, was the first tubular bird feeder. This updated version, A-6RP Classic Sunflower Bird Feeder, stays true to the iconic classic while adding the Ring Pull Advantage feature for easy cleaning. Simply pull the ring to disassemble the feeder in seconds - no tools needed! Ports for all seed types protect the tube against squirrel damage. Detachable cap allows removal of all parts. UV-stabilized polycarbonate tube. Durable metal parts that resists damage from squirrels. Made in the USA.

Silver - 11lb Capacity, 6 Feeding Ports, 5.5in Diam x 20in H

Bird Feeders

Droll Yankees® Domed Cage Sunflower/Mixed Seed Feeder

Squirrel proof caged feeders provide the best of both worlds; protection from unwanted creatures like squirrels and larger birds, and protection from the elements. Small songbirds easily fly in for safe feeding. The 10.5in diameter, black metal cage encases a 15in green tubular sunflower or mixed seed feeder. The 1.5in cage openings allow small songbirds easy access to the bird feeder while keeping out large birds and squirrels. The 15in clear polycarbonate dome shelters against the elements. The enclosed feeder is easy to remove for cleaning. Backed by Droll Yankees Lifetime Warranty Against Squirrel Damage.

Green - 1lb Capacity, 4 Feeding Ports, 15in Diam x 23in H

DROSDC-6450 **UPC 021964200619**
Min. Buy 1EA **Retail \$94.99**

Droll Yankees® Classic Sunflower/Mixed Seed Feeder

Modern, updated versions of the original designs created by Droll Yankees founder Peter Kilham, inventor of the first tubular bird feeder in 1969. Polished, powder-coated finish won't chip or fade. Dependably durable UV-stabilized polycarbonate tube. Threaded base allows addition of a tray and other accessories. Long lasting metal parts resist squirrel chewing. Lifetime warranty against squirrel damage. Made in the U.S.A.

6.5in Diam x 26.5in H / 2.5lb Capacity / 6 Feed Ports

Min. Buy 6EA **Retail \$18.49**

Droll Yankees® Bottoms Up® Finch Feeder

Goldfinches will feed upside-down, but House Finches won't! The 1 lb. capacity, UV stabilized polycarbonate tube keeps seed levels visible and is highly durable and long lasting. Small holes dispense tiny Nyjer seeds economically – birds pull seeds out individually like feeding from a flower! Six perch locations provide seed from a variety of angles so several birds can dine simultaneously. Sloped base keeps seed within easy reach of the birds. The die cast zinc top and base are powder coated in bright yellow, attracting finches to the feeder and adding a pop of color to the backyard. The feeder hangs by the stainless steel hanging wire or pole mounts via the threaded base. Lifetime warranty against squirrel damage. Made in the U.S.A.

Bird Feeders

Droll Yankees® Yankee Dipper® Bird Feeder

Prevent large birds and squirrels from eating all your bird food! You save money on seed when you use a Yankee Dipper Bird Feeder. The Yankee Dipper's weight sensitive perches encourage smaller songbirds to eat, while preventing all squirrels from feeding. Each perch is individually sprung and calibrated to collapse when approximately 2oz or more rests on the perch. The heavy metal cap fits snugly on the tube to prevent squirrels from lifting it to reach the seed. The long, clear feeder tube makes the seed visible to the birds, a proven advantage. Made of UV stabilized polycarbonate, it ensures long lasting durability. Its length and girth are designed to prevent squirrels from reaching the seed ports. An internal baffle design keeps seed flowing freely to the ports. Metal cap and base are powder coated.

Burgundy - 5lb Capacity, 4 Feeding Ports
8.5in Diam x 28in H

DROCPD90-8377 **UPC 021964205102**
 Min. Buy 2EA Retail \$127.99

Droll Yankees® Yankee Whipper® Squirrel Proof Bird Feeder

Curved perches designed with cardinals in mind. Birds, including cardinals, can perch and eat; squirrels on the perches cause them to collapse. Collapsible, mechanical perch rods are weight-activated using a patented design. Sturdy stainless steel wire will not rust. Metal cap fits snugly so that squirrels cannot pry it off. Seed tube is made of UV stabilized polycarbonate for durability. Tube is long enough so that squirrels can't hang down from the top and reach seed. Interior is properly baffled to direct seed to the seed ports. Metal parts are powder-coated with a beautiful evening blue finish. Lifetime warranty against squirrel damage.

Blue Finish - 5lb Capacity, 4 Feeding Ports
8.75in Diam x 28in H

 Min. Buy 2EA Retail \$132.99

Droll Yankees® Yankee Tipper Bird Feeder

Save money on seed with a squirrel proof Yankee Tipper Bird Feeder! The Yankee Tipper's 9in diameter, weight-sensitive feeding tray attracts ground feeding birds, but tips under the weight of a grey squirrel. Can hold the weight of up to four cardinals (about 8oz). The large tray also collects fallen seed and serves as a platform that allows multiple birds to feed simultaneously from the four seed ports. The heavy metal cap fits snugly on the tube to prevent squirrels from lifting it to reach the seed. The long, clear feeder tube makes the seed visible to the birds, a proven advantage. Made of UV stabilized polycarbonate, it ensures long lasting durability. Its length and girth are designed to prevent squirrels from reaching the seed ports. An internal baffle design keeps seed flowing freely to the ports.

Droll Yankees® Flipper Squirrel-Proof Feeder

The ONLY entertaining squirrel-proof feeder on the market! Its weight-sensitive, motorized perch ring attracts the songbirds you love, but quickly spins to flip gray squirrels off. Send squirrels on a wild ride and keep them away from your bird feeder. The Yankee Flipper has a motorized perch ring that is specially calibrated to go off under the weight of a squirrel. The perch ring will accommodate bigger birds, like cardinals and woodpeckers, but squirrels will be promptly discharged. The clear 21in UV stabilized polycarbonate seed tube is too long and large in circumference for squirrels to navigate. The seed is only accessible from the ports around the perch ring. The clear polycarbonate helps you keep track of seed levels. A heavy, snug fitting cap sits firmly in place atop the feeder and can only be lifted by humans, not squirrels. The Flipper's metal parts are powder coated in a lovely forest green that will resist chipping and fading. Hanging is a cinch with the sturdy stainless steel looped hanging wire.

Green - 5lb Capacity, 4 Feeding Ports

Min. Buy 8EA Retail \$12.99

Lyric® Cardinal Premium Sunflower & Safflower Mix

Formulated to attract cardinals. Birds with prominent, seed cracking bills, like cardinals, easily crack in-shell seeds like sunflower, safflower and buckwheat. These seeds preclude smaller birds with finer bills yet attract larger, colorful jays and cardinals. Contains black oil sunflower seed, striped sunflower seed, safflower seed, sunflower kernels and buckwheat. Only the finest and freshest ingredients. Scientifically tested, developed and marketed to appeal to a wide variety of wild birds. Free of fillers. Better seeds and better quality mean more birds at your feeder - again and again!

Lyric® Delite No Waste Mix

Many people are reluctant to feed wild birds during the warm months because the bird seed germinates and causes weeds. Bird food shells make decks, patios and lawns unsightly. This mix is waste-free, mess-free and weed-free. It's also a great value, because you don't pay for the shells. Contains shelled peanuts, sunflower kernels, tree nut pieces kernels, pecans, pistachios and shelled pumpkin seeds. Contains only the finest and freshest ingredients. Scientifically tested, developed and marketed to appeal to a wide variety of wild birds. Free of filler and waste. Better seeds and better quality mean more birds at your feeder - again and again!

Nature's Way® Hopper Bird Feeder with Suet Cages

Made with premium cedar so it's naturally insect and rot resistant; ours is treated with a water-based, protective stain. It's designed to accommodate 6 full quarts of various seed mixes including sunflower seeds, mixed seeds and peanuts, along with two vinyl-coated wire mesh suet cages. This particular feeder design offers a wide opening for easy filling and no spilling, then diverts seed to the feeding area, giving birds easy access. The durable, rust-free stainless steel Fresh Seed Tray easily lifts out for cleaning and keeps seed fresh - preventing mold and bacteria growth - by allowing water to drain and air to flow freely. Extra spacing accommodates large birds like Cardinals and Jays. It attracts Cardinals, Grosbeaks, Titmice, Nuthatches, Chickadees, Finch, Jays, Juncos and Woodpeckers. The stay-clear, crack resistant weather shield and windows allow you to see the level of seed in the feeder and see through the feeder for better bird viewing. Including the vinyl-coated steel hanging cable, all hardware is rust-free and covered by a 3 year manufacturer's warranty. Our innovative design technology is combined with superior quality for ease-of-use and long-lasting durability.

Bird Houses - Bat Houses

Stovall® Bachelor Pad Bat House

Features three chambers that can hold 30 to 100 bats. Made entirely out of 7/8in thick, western red cedar and are naturally well insulated. One bat can eat 6000 insects per night. The bat houses are a safe daytime shelter normally housing a small group of bats (6-24). Bats like to be warm to hot, so place the house in a sunny and sheltered area on a post, pole, dead tree, side of a building or chimney, but not on a live tree. These houses conform to the Bat Conservation International guidelines. Made with pride in Michigan.

Stovall® Nursery Bat House

Features three chambers that can hold 300 to 400 bats. Made entirely out of 7/8in thick, Western Red Cedar and are naturally well insulated. One bat can eat 6000 insects per night. Bats like to be warm to hot, so place the house in a sunny and sheltered area on a post, pole, dead tree, side of a building or chimney, but not on a live tree. These houses conform to the Bat Conservation International guidelines, make functional garden accents and are great gift ideas. Made with pride in Michigan.

17in L x 7.5in W x 28in H

SP10H-7422 **UPC 894259002546**

Min. Buy 1EA **Retail \$102.99**

Stovall® Single Cell Bat House

Can hold up to 12-36 bats. This bat house is often mounted back-to-back so the bats can crawl to where it is the warmest. Made entirely out of 7/8in thick, western red cedar and are naturally well insulated. One bat can eat 6000 insects per night. The bat houses are a safe daytime shelter normally housing a small group of bats (6-24). Bats like to be warm to hot, so place the house in a sunny and sheltered area on a post, pole, dead tree, side of a building or chimney, but not on a live tree. These houses conform to the Bat Conservation International guidelines. Made with pride in Michigan.

Bee & Butterfly Houses

SuperMoss® Beneficial Bug House

Pollinators and beneficial bugs need a home in your garden! These houses are a fun and practical addition to your home garden. They are perfect for kids to learn about organic farming, predatory insects and pollinators. The houses harbor beneficial bugs that keep insects such as aphids off our plants. Pollinators use the houses to develop from egg to adulthood, where they can facilitate the reproduction of flowering plants! Help host these essential species right in your garden.

SuperMoss® Beneficial Bug House - Tulip

This house is particularly helpful for solitary bees, ladybugs, lacewings and earwigs.

Assorted Colors: 2ea - Red, Chestnut & Green

Welliver Outdoors® Decorative Solitary Bee House

Help the conservation of solitary bees, one of the most highly effective pollinators of flowers, vegetables and fruit crops. This house provides replaceable paper tubes where the female bees can lay eggs from march to august. The larvae will develop over the winter months in the tubes and will emerge as adult bees the following spring. Tubes should be replaced after use or 1 or 2 seasons to prevent mite infestations. These bees are non-aggressive and cannot excavate their own holes, so they do not pose a danger to wooden structures. Solitary bees including Mason and Leaf-cutter bees typically nest in pre-made cavities such as woodpecker holes, insect holes and hollow stems, making this bee house a perfect choice to help increase pollination.

Wagner's® Nyjer Seed

The favorite seed of goldfinches everywhere. Nyjer seed (thistle seed) is the absolute favorite of finches, such as the American goldfinch, purple finch, pine siskin and other small songbirds. This tiny delicacy is used in finch feeders which have smaller holes and tiny perches - perfect for the finches but discouraging to larger birds. Ultimate choice for nurturing finches with its high fat and protein content. Nyjer seed is the only major wild bird food ingredient imported from overseas -- sometimes referred to as "Black Gold," Nyjer seed may seem more expensive than some premium blends.

Perky-Pet® Hobnail Vintage Hummingbird Feeder

You will love how beautiful the Perky-Pet® Hobnail Vintage Hummingbird Feeder will look hanging in your backyard. The glass bottle of this hummingbird feeder features antique hobnail details that are reminiscent of high-end glassware from the early 1900's. It has a subtle luster finish that lightly shimmers when hanging in the sunlight. Hummingbirds will be attracted to the four red flower feeding ports on the brushed copper base of this hummingbird feeder. With a 16 oz nectar capacity, your hummingbirds will always be well fed. Easily hang this feeder wherever you choose with the attached metal hanging hook. The wide mouth opening makes filling quick and convenient. The glass bottle and base detach when it's time to be washed, and with enough room to reach in all the tight spaces, cleaning is a breeze! We recommend cleaning your hummingbird feeders at least twice a week, and more often in hot and humid climates.

WOODSTREAM™

Hummingbird & Nectar Feeders

Perky-Pet® Sapphire Starburst Vintage Hummingbird Feeder

It's all about the delicate details with the Perky-Pet® Sapphire Starburst Vintage Hummingbird Feeder. The unique hexagon shape of the vintage, blue glass bottle is embossed with starburst accents, making this feeder anything but standard. Complimented by a brushed nickel base and hanger, you will love the antique style of this attractive hummingbird feeder. The four flower feeding ports on the brushed nickel base will give your hummingbirds plenty of room to dine around this beautiful feeder. With a 16 oz nectar capacity, there will be plenty of nectar to go around. The attached metal hanging wire allows you to place your feeder in the best location for you to witness the wonderment of hummingbirds buzzing about! The wide mouth opening on the glass bottle makes filling super easy. No more trying to pour nectar into a tiny opening! The bottle and base come apart for easy cleaning, and with the wide mouth opening you can reach inside to make sure every nook and cranny is thoroughly cleaned for your hummingbirds. We recommend cleaning your hummingbird feeders at least twice a week, and more often in hot climates.

Perky-Pet® Carnival Glass Vintage Oriole Feeder

Featuring a shimmery, orange luster finish, this antique-style feeder will be a charming addition to your backyard. The Carnival Glass Vintage Oriole Feeder features a unique, circular, wrap-around perch that offers plenty of room for orioles to comfortably sit and dine. The four feeding ports on the brushed nickel base feature vibrant orange flowers with green leaves, resembling of the flowers orioles drink from in nature. The port openings are slightly larger than those of a hummingbird feeder to make room for an oriole's larger beak and tongue. Use the attached metal hanger to place your oriole feeder in a location that's easy for orioles flying by to see. The wide mouth nectar reservoir and base easily detach when it's time for cleaning.

Perky-Pet® Oriole Jelly Feeder

Did you know that like hummingbirds, orioles have a sweet tooth? They do! What better way to attract them than by offering their favorite sweet treat – jelly! Other jelly feeders on the market expose the jelly to the elements, causing it to mold and spoil quickly. The Perky-Pet® Oriole Jelly Feeder has an inverted jelly jar, ensuring that your jelly is kept fresh and covered. The 32 oz jar can also be interchanged with most standard jelly jars. The built-in stirrer allows the perfect amount of jelly to be dispensed into the tray. In addition, this feeder boasts a vibrant orange color to draw more orioles to your yard!

Birding Accessories

Perky-Pet® Beaded Copper Hummingbird Swing

The Perky-Pet® Beaded Copper Hummingbird Perch is an elegant addition to your array of hummingbird accessories. Simply hang near your feeders or close to nectar-producing flowers and soon you'll see the little dynamos making use of it. Hummingbirds will use the perch to wait for an opening at your feeder and flowers or to take a break after they've had their fill of nectar. It's also good to position one of these perches near water sources, since birds of different species will often avoid congregating in bird baths at the same time.

SUPER4™
Greenhouse Film

RPC bpi® Dura-Film® Luminance® High Tunnel Film

This 4-year, 6-mil film is the ideal choice as an outside layer, and the perfect partner with Thermax on the inside. Luminance is a new generation, 4-year film that actually lowers greenhouse temperatures in the daytime heat. Luminance is the first greenhouse film that improves growing conditions by using controlled diffusion to influence the light reaching the plant. Luminance is designed to make more light available to plants by increasing the amount of diffused light to close to the maximum, while reducing short wave infrared radiation and enhancing useful light in the PAR range.

Kool Ultra Ray® Liquid Shade

KOOL RAY CLASSIC is the new name, but its formula is the original KOOL RAY Ezy-Off. KOOL RAY CLASSIC is specifically designed to lower inside greenhouse temperatures during the warmer spring and summer growing seasons. Dilution Ratios: KOOL RAY is a super concentrated formula designed to be diluted with water. Standard dilution rate is 1 part KOOL RAY to 8 parts water. Ratios can be adjusted according to the grower's particular needs. Coverage: Coverage will vary according to application, applicator, and dilution ratio. Spray will normally provide the best coverage of approximately 175 square feet per gallon after dilution.

Green-tek

Poly Carbonate

Green-Tek® DynaGlass® (Corrugated)

DynaGlas has become an industry standard against which all other corrugated polycarbonate products for the horticulture market are compared. DynaGlas includes several products with a variety of features engineered specifically for commercial greenhouse use. In general, polycarbonate is inherently susceptible to condensate formation, especially when used to cover totally enclosed environments like greenhouses. DynaGlas Plus is made with an exclusive manufacturing process that results in the industry's first and most extensive 10-year condensate control warranty. Because effective condensate control is such a critical need for greenhouse growers, the "Plus" condensate control feature is now built-in to every DynaGlas product.

Green-Tek® Thinwall Clear ThermoGlas®

Thermaglas multi-wall polycarbonate sheets offer high light transmission, maximum impact resistance, and superior insulation. This combination yields a strong, energy efficient, and lightweight sheet that is optimum for greenhouse applications. ThermoGlas Plus products feature built-in condensation control so durable and effective it's warranted for 10 years. The result is higher light transmission and reduced moisture-related disease. ThermoGlas 8mm triple-wall polycarbonate offers excellent light transmission, while providing up to 60% more energy efficiency than glass, and 25% more efficiency than 8mm twin-wall acrylic.

Greenhouse Benching

Southwest Agri-Plastics Inc Dura-Bench Ultra

The Dura-Bench Ultra is our newest greenhouse bench top. The plastic bench top is tougher, smoother, and is a longer lasting growing surface for your plants. With increased airflow, easier installation and a lower cost per square foot, the latest Dura-Bench Ultra will fit your needs and budget. 2ft x 4ft (8sq ft., nominal) high impact abrasion resistant polypropylene plastic panel — weight 4.5lbs each. 1.1in x 2.1in rectangular holes. 2ft ends connect with a four tab and receiving hole system. 4ft sides interconnect with easy to install black nylon clips. Two pre-molded screw attachment rails and four screw attachments strips for easy installation with stainless steel screws. Dura-Bench Ultra panels allow for any combination of bench sizes. Even bench widths (2ft, 4ft, 6ft, 8ft wide) are created by laying the 4ft length of the panels down parallel to the length of the bench. Odd bench widths (3ft, 5ft, and 7ft wide) are easily created by cutting between double-ribbed center sections. Substructure frame can be made from metal, wood or pipe. Substructure frame cross supports placed on any incremental interval (such as 16in or 24in centers) based on the weight of the plants per square foot.

BFG Greenhouse Construction and Solutions

The BFG Greenhouse Solutions Team assists growers all across the United States with their greenhouse structure needs. Everything from the design, planning, construction and maintenance of new or existing sites, upgrades or remodels, our team is excited and ready to help! We offer a full range of products that include:

- Greenhouse Construction
- Coverings
- Heating & Cooling
- Ventilation
- Climate Control
- Irrigation
- Technical Support
- Lighting
- Horticultural Supplies & Services

Our experienced team has the technical expertise to guide you through the process and provide the information you need to make the best choice for your operation!

Tap Into Our Resources

Our team is committed to you! Whatever wants or needs you have we are here to help and make the process as seamless as possible. Whether it's a re-cover, improving efficiencies or complete installation, we take pride in providing the resources you need.

Over 4 Decades of Experience

With our team of dedicated professionals, BFG brings decades of experience to each project. Based on our proven success in numerous installation projects we know we can put your mind at ease.

From start to finish, we can provide you the best solutions and service available in the market.

Customer Testimonials

Meadowridge Inc (Zeeland, MI) –

“We have been building DeCloet Greenhouses with BFG for over 20 years, these strong structures are well built and able to withstand the harsh west Michigan winter conditions. DeCloet’s greenhouse design has fewer parts than most making it easier and more efficient to build. We really like the 36ft double peak with 2 roof vents per bay, we also have integrated our production and shipping space easily and efficiently using the same greenhouse frame. We look forward to using BFG and DeCloet for our future structure needs.”

– Jordan Blauwkamp

Darrell Norris Greenhouse (Racine, OH)

– “Looking back, selecting BFG & DeCloet Greenhouses was one of the best decisions we made. The DeCloet Greenhouses are tough and built to withstand our climate. They go together easy and when we are ready to add more square footage their expandability is great. The BFG team is truly the best, from providing the greenhouse design to construction, furnishing the proper greenhouse equipment and last but not least plant grower expertise, BFG has the experts we need. We value our relationship and we see BFG as a partner in the supply chain of horticultural supplies, we work together and succeed together. I would recommend the BFG Greenhouse Solutions team to anyone looking for a greenhouse and horticultural supplies.”

– Darrell Norris

Brower Greenhouse (Hudsonville, MI) –

“We have been building greenhouses with BFG and DeCloet since 1991, the heavy duty structure from DeCloet combined with the products and services BFG has to offer have been a winning combination for our company. Whether it’s construction or supply needs, we truly value our relationship and will continue to do business with DeCloet and BFG Supply in the years to come.”

– Kurt Brower

Production Greenhouse

We know that time is money and we can tailor our services to meet your needs. You can spend your time focused on quality plant growth and we'll focus on building you a quality greenhouse! Our goal is to provide you a piece of mind throughout the design, planning and implementation of your project.

Whether you are looking for professional advice OR complete greenhouse solutions, BFG is at your service. Between our exclusive brands and supplier partners we have the latest structures, equipment and controls to make your production facility efficiently produce outstanding crops. In addition, our team also puts emphasis on streamlining product flow in and out of your facility to help ensure a faster return on investment.

Retail Garden Center

BFG understands the importance when it comes to Retail Greenhouses. It's not just about having the best merchandising, it's about providing a comfortable shopping experience in a setting that is pleasant for your customers and efficient for your staff.

Our team and expertise does not stop once construction is done. BFG supplies Garden Centers nationwide with the latest and most innovative products but we all know it starts with a sound design. That is why we begin each project with the full picture in mind, from curb appeal to product flow to environmental impact. The BFG solutions team will guide you from the design stage to the day you open your doors!

Retail Garden Centers

Garden Centers

Our Retail Garden Center Structures are a combination of beauty and efficiency. The curb appeal alone will make an impression and attract customers but if you combine that with great ventilation and lighting you are sure to create an enjoyable and memorable shopping experience.

Extending beyond the shopping area, we take into consideration the replenishment area making sure that you have an efficient space to stage and replenish inventory. Coverings available include glass, polycarbonate, poly and steel roofing perfect for displays, warehouses, offices, utility rooms and more.

Rimol Matterhorn

The Rimol Matterhorn stands alone as our most attractive Garden Center Structure, rugged and traditionally peaked styled gutter-connected greenhouse. The Matterhorn greenhouse is a high-quality, strong and attractive structure ideally suited for garden centers, growers and schools in any climate in North America. The Matterhorn can withstand heavy snow loads and wind loads, which means you can get a good night's sleep during even the worst winter storms. It offers different glazing options to fit your budget and presentation desires.

The Rimol Matterhorn makes an excellent choice for Garden Centers!

Available in 20ft, 24ft & 30ft widths

- Lean-to style available in 10ft, 12ft and 15ft widths
- Typical truss spacing on 12ft centers allows for any length in an increment of 12ft
- Super easy to assemble beginning with starter column installation. Four footlong starter column is used for setting the lower section of the column, then the remaining length of column is spliced for an easy installation
- Columns with base plates available
- Columns are 4in x 4in, 13ga galvanized steel
- Non-welded trusses are quality assurance when assembled and allows for easy shipping and assembly
- Trusses consist of 2in, 15ga and 1.5in, 16ga galvanized steel
- Extra purlins near gutter provide additional snow load support in Northern climates. This prevents premature wear on polycarbonate and eliminates leaking
- 6/12 roof pitch
- Large 12ga steel gutter allows easy access to roof and downspouts. They are designed to be located anywhere in the gutter for maximum flexibility
- Can be glazed with 8mm polycarbonate, corrugated polycarbonate, polyethylene film or glass (walls only)

Benching

GrowerSelect®

Grower Select® works with some of the largest and most well-known retailers to provide them with benching that is efficient, flexible and presentable. You can no longer afford to use cement blocks and 2ft x 4ft's to produce a quality product and image. We've produced double deck benching, modular benching and benching with re-supply racks underneath. Our retail benching features complete coverage of the sharp expanded metal ends, corner protectors and plastic caps on all legs and tube ends.

Our production benches feature a 20lb/sqft load capacity and have 3/4in pre-galvanized expanded metal tops. Our special aluminum side rails completely cover all of the sharp expanded metal edges, no more torn pants with our corner protectors! We produce thousands of square feet of rolling benches every year. Our benches can be rolling or stationary, freestanding or cemented. We can usually customize to fit your needs at a very economical price.

Seasonal Retail Greenhouses

Commercial Greenhouses

The Garden Mart

Designed to be a modular, low-cost, sales building for added spring plant sales. Our most popular selling model has been engineered for superior strength, easy future expansion and simplified setup. It offers protection for your plants and shopping comfort for your customers.

- Width: 21ft
- Length: 24ft-96ft (in 6ft increments)
- Sidewall height: 6ft
- Height to apex: 11ft 4in
- Frame spacing: 6ft
- Door: 6ft wide x 6ft 8in tall

Sun Shadow

The Sun Shadow is designed to be the simple, low-cost shade solution for your seasonal garden center. Protect your plants from the sun and provide a cool, comfortable shopping environment for your customers. The easy-to-assemble, modular design features galvanized steel construction and an extended base plate that allows you to use your palletized product for hold-down.

20ft x 20ft
Custom Sizes Available.

Sunstopper

The Sunstopper will protect your valuable product from over exposure and windburn, while reducing water requirements. It features straightforward assembly, options for future expansion and is built tough with 2.5in x 12 gauge, galvanized steel for years of trouble free service. The Sunstopper is also offered in custom configurations to meet your existing layout.

Fungicides & Bactericides

Thymox® Control™ Fungicide-bactericide

Control a broad range of fungal and bacterial diseases such as grey mold, powdery mildew and fireblight on all crops. Thyme oil efficacy is powered by an innovative nano emulsion technology that delivers billions of nano-size droplets of the antimicrobial oil for superior contact with the pathogen and higher mortality. Kill through pathogen's cell membrane disruption. No known resistance to pesticides. Emulsifiable concentrate. Recommended application rate: 0.5%. Foliar spray.

Fungicides & Bactericides

Regalia® CG Fungicide / Bactericide

Regalia's unique mode of action of Induced Systemic Resistance (ISR) brings a sustainable option to help simplify and extend your IPM program. It can be used as a stand-alone product, in rotation with or in combination with other fungicides to strengthen IPM programs and to help manage resistance in organic & conventional crops, and turf and ornamentals. Regalia also improves the crop's tolerance to stress by enhancing overall plant health.

Rampage® Rodent Bait Chunx

Rampage is a key component in the fight against resistance as it contains Bromethalin, a non-anticoagulant capable of killing even anticoagulant resistant rats and mice. It delivers a proven combination of bait acceptance and speed of kill. In fact its formula can kill rodents in as little as two days after consuming a toxic dose. Using Rampage also reduces the amount of bait required for control since rodents ingesting a toxic dose may not feed again.

DRAMM

Greenhouse Ventilation

Dramm® Horizontal Air Flow System

The Dramm AME Horizontal Air Flow (HAF) Fans offer efficiency, flexibility, and simplicity. Utilizing an aerodynamic design and a high-efficiency motor, the AME fan is equipped to maximize the air flow potential of any situation. When combined with speed controllers, the AME Fans offer unmatched flexibility in air flow as plants grow and mature. Because of their shrouded, aerodynamic design and high-efficiency motor, Air Movement Efficiency (AME) fans cover greater distances with better, more even air speeds. The AME Fan design provides leverage for air movement. The result is not only increased forward propulsion but a pull from behind the fan as well.

MODINE

APPLIED THERMAL INNOVATION™

Greenhouse Heaters

Modine Effinity™ High Efficiency Natural Gas Heater

At 93% thermal efficiency, Modine's Effinity93® condensing unit heater features the highest efficiency available in North America for gas-fired unit heaters. This industry leading efficiency is a result of the coupling of the Conservicore® secondary heat exchanger technology with robust tubular primary heat exchanger design. The Conservicore® technology features a secondary recuperative heat exchanger fabricated from AL29-4C® stainless steel. This material is superior to other lower grades of stainless steel and aluminum, resulting in outstanding ability to withstand the corrosive environment of condensing gas fired equipment. The separated combustion units draw combustion air from outside to ensure that the unit will always have plenty of fresh, clean air for combustion while increasing the overall heating efficiency. Venting material to be used is PVC, an extremely cost effective vent system.

Other Equipment

Wadsworth EnviroSTEP Control System

There's no better combination of power and value than the EnviroSTEP. This integrated control offers precise control of all aspects of your climate: temperature, humidity, light level, CO2 and watering based on VPD. Single zone control. 3 setpoint temperature periods: day, night and DIF. 12 relay outputs with manual override switches. 2 analog outputs (0 to 10VDC) to control variable-speed equipment. Records the status of all inputs and outputs. Alarm notification: temperature, RH and power failure. Largest display in the industry; has menu-driven choices & graphic functions. Keypad for easy operation. This is an approved energy saving device.

ICL Specialty Fertilizers (ICL-SF) Osmocote® Classic 14-14-14 3-4mo. Fertilizer

General purpose formulation for a wide variety of plant types especially those needing a boost of phosphorus. Excellent as a base feed for heavy feeding greenhouse crops in combination with Peters water-soluble. Ideal for topdressing established hanging baskets, perennials and foliage plants. Safe and easy long-term feeding of interior foliage plants. Great for combination planters, container gardens and landscape beds requiring N-P-K. For optimum results, incorporate in combination with Micromax® Micronutrients.

ICL Specialty Fertilizers (ICL-SF) Osmocote® Plus 15-9-12 5-6mo. Fertilizer

Is a complete fertilizer solution that will continue to feed the plants after they are sold and will improve the customer's overall success. Works great on hanging baskets and potted plants grown in greenhouse production, as well as container grown nursery plants and in landscape containers and beds. Adding a controlled release fertilizer to baskets that contain plants that have a higher demand for nutrients allows you to fertilize all the other plants with a standard water soluble program.
