Exclusive Brands

Vendor Direct Programs

In addition to the wide assortment of products available through our warehouses, we have direct ship relationships with many vendors.

Visit www.bfgsupply.com/account/show-order for our Vendor Direct Online Ordering Program.

These fine suppliers offer thousands of additional products that can add great variety to any lawn and garden center location. Contact your BFG Sales Representative or BFG Customer Service for more information about these vendor's direct ship programs.

4 Seasonal Trends

4 Seasonal Trends has designed, developed, and sold Terra Cotta Luminaries for over 4 years. Products are made exclusively for us in Guadalajara, Mexico. High quality finishes and great care in packing pallets provide an outstanding product that has a very high if not 100 complete sell through for customers. New to the portfolio: Seasonal coir doormats. Made from natural materials, these mats are durable and easy to clean.

Achla Designs

A garden accessories company, emphasizing unique, handforged, wrought iron, European furnishings for the home and garden. Items range from small hooks and brackets to large pavilions and arbors. Achla Designs also offers birdbaths, birding and garden pole systems, trellises, statuary, composting products and wood and metal furniture.

Ameriscape

Ameriscape presents the finest in American decorative ground covers, including mulch, bark, pine and landscaping stones.

Ancient Graffiti

Nature-inspired gifts and accessories for the home and garden. Among the most popular products are our kinetic wind spinners, mobiles and hanging wall art, bird baths, and recently added, fairy garden miniature collection and air plant holders.

Backyard Nature Products Inc - Perfect Choice Outdoor Furniture

Perfect Choice uses only the best quality materials and ensures every product is tested using strict quality control standards. Stainless steel fasteners and weather-all poly-lumber make these products the most durable outdoor furniture on the market. Not only is the poly-lumber made from recycled materials, but Perfect Choice recycles all unused poly-lumber materials for a truly sustainable product.

Beyond Borders

Beyond Borders has been working with and nurturing Haitian metal artists in Croix-des-Bouquets for fifteen years. We meet directly with them to ensure that quality and craftsmanship standards remain high. We love the constant exchange and blossoming of new product and design ideas. Most importantly, we see real economic improvement and lives bettered through the creation and sharing of their beautiful art. This success is about a true partnership between the Haitian artists, Beyond Borders, you as our retail customers, and your customers...all who get to love this art and share in the story.

NEW Blue Sky Clayworks

Blue Sky Clayworks designs all our product in our Southern California Studio and we own the factories that manufacture our one-of-a-kind pieces.

Braun Horticulture

Braun Horticulture's products deliver the ultimate decorating advantage for your customer's outdoor living spaces. Product offerings include black clay pottery, galvanized tin containers, a variety of decorative and wire hanging baskets, prepackaged moss and natural fiber liners. Rustic-style merchandising display pieces are a must for any garden center. These pieces create a visual impact that is sure to drive your sales.

Burley Clay Products

Stoneware clay products for the yard and garden, featuring garden pottery and bird baths.

Carson Home Accents

Carson specializes in various gift and misc. products, such as flag, home, garden, inspirational, seasonal, collegiate and custom products.

Chive

Chive is your go to source for a variety of modern and contemporary pottery, vases, and terrariums.

Cohasset Gift & Garden

Cohasset is the largest distributor of wooden wind chimes in North America. We source the finest Balinese bamboo and have worked directly with the same artists for over twenty years. These artists also hand make our statues and carvings. We believe working directly with the manufacturer allows for a more quality product that is designed to fit in the American backyard. Treating the artists fairly remains at the core of our beliefs. We believe working directly with the manufacturer allows for a more quality product that is designed to fit in the American backyard. Treating the artists fairly remains at the core of our beliefs.

Continental Art Center

We are offering the unique hand painted ceramic, glass, and metal arts including art tiles, plates, table sets, balancing stakes and a whole lot more garden decors. Each product was hand crafted, hand glazed, and kiln fired to show the most vibrant colors. Due to the slow firing and cooling nature of the process, our products can take sunlight, moisture, stain, heat, and the color will remain the same. This superior durability makes them great for all kinds of applications as well as both indoor and outdoor display that can give novelty to each and every corner of your home.

Deborah Ann's

Garden art including trellises, pottery, planters, birdhouses, arbors, lanterns, concrete sculpture and memorials, folk art, garden creatures and much more!

Design Toscano

Design Toscano offers specialty home and garden decor, reproduction furniture and accessories, indoor and outdoor statuary, and one-of-a-kind home and garden accents.

Eangee Home Design

Eco-friendly, fair-trade home goods. Featuring unique designs in lighting, home accessories and furniture.

Esschert Designs

Specializes in developing collections related to gardening and nature. Their collections feature garden tools, kids gardening, décor and more.

Evans Lawn Ornaments

Evans Lawn Ornaments is the largest manufacturer of exposed aggregate birdbaths, benches, stepping stones, and fountains in the United States. Our products feature natural stone aggregate which gives them a timeless look that is able to blend in or serve as a centerpiece to any outdoor space. Exposed aggregate has been the looks and durability standard for many generations, we are proud to continue that tradition.

Grant County Mulch

Quality landscaping products including color enhanced mulch, potting soil, pine nuggets, composted leaf humus and stone.

GrowFlux

GrowFlux, Inc. is an AgTech company offering automation and cloud technologies aimed at resource efficiency and yield expansion for the controlled environment agriculture industry, including greenhouses and indoor farms. GrowFlux specializes in data driven cultivation techniques that provide faster time to harvest, a lower energy footprint, and increased yields, driving profitability for farmers and opening new opportunities to bring crops into greenhouses and indoor farms. The company offers an ecosystem of commercial scale wireless lighting controls, cloud services, and cloud connected agricultural sensors that work seamlessly together to rapidly scale the farms of the future.

Grubby Girl

All natural soaps and bath products containing botanicals grown right in their own herb patch and bee products from their own apiary.

NEW Home Bazaar

Great line of quality wood bird houses and feeders. Check out the magnificent design & intricate detail of each product. Home Bazaar ensures that every birdhouse and feeder is 100% functional for the birds.

NEW Horticultural Lighting Group

LED Grow Lights Designed for Commercial and Home Horticulture. Pushing the boundaries of Horticulture Lighting since 2016.

NEW JusTea

JusTea offers the first farmer-direct tea from Kenya. While most tea companies put ground up teas into teabags, JusTea exclusively offers whole leaf tea. This results in a more delicious and much fuller flavour. Every JusTea leaf is hand-picked in the garden to select the best quality and maintain the whole leaf quality. JusTea is not just a feel good story, our teas taste amazing and have won numerous awards.

Land & Sea Imports

Offering fun, whimsical garden gifts. With over 3,000 items, you are sure to find a design that accents any garden.

Marshall Home & Garden

From full size iron furniture to miniature gardens and everything in between, Marshall Home and Garden brings you beautiful and functional pieces from around the world.

Masserli's

Makers of fine stone garden accents featuring bird baths, fountains and statuary.

Michigan Peat Company

High performance soil and peat products for both the home gardener and professional grower alike.

Music of the Spheres

Precision tuned, handcrafted one at a time windchimes.

Orcon - Organic Control Inc

Organic Control, Inc. (also known as Orcon), provides natural pest-control and other earth-friendly solutions for gardeners. Beneficial insects include: ladybugs, green lacewings, praying mantids, beneficial nematodes and others.

Page Seed Company

An abundant selection of flower, vegetable, herb and organic variety seed packets in easy to use POP displays.

Premier Tech Horticulture

Peat-moss based growing media in a wide range of cutting-edge and value-added products and mixes.

Prism Hardscapes

Prism Hardscapes has the outdoor living products to fit your yard, lifestyle, and vision. Handcrafted products include gas fire features, wood burning fire bowls, and decorative tank enclosures. A custom patina finishing process guarantees a one-of-a-kind creation.

R.W. Rogers

R.W. Rogers has grocery carts, hand baskets, garden wagons, used shopping carts, plant displays and other store equipment needed for successful operation.

Red Carpet Studios

Red Carpet Studios® (RCS Gifts) is a family run business based in Loveland Ohio since 2000 offering original designs in home and garden, gift's and women's fashion accessories to fine retailers throughout the United States. At any number of our trade shows, you will encounter one of the owners of RCS doing what they do best, bringing new and innovated product at the best prices to the retail market.

Regal Art & Gifts

Top quality garden decor including solar, wind chimes, holiday and many more.

NEW RioCoco Retail

RioCoco has been manufacturing high-quality coir products for Large-scale Hi-Tech commercial growers since 2004. We now bring that experience to you, at home. Our PCM At Home line has been reformulated and designed to help even the most novice grower to grow like a pro.

Rome Industries

Rome manufactures the finest family camping cookware for campfire, firepits and BBQ, as well as sundials and garden decor.

NEW Rustic Arrow

From market vendors, the origins of Rustic Arrow are traced back to Mexico. This is apparent with our vast variety of products which are 100% handcrafted by talented artisans in Mexico.

NEW SoilKit (AgriTech)

SoilKit provides consumers a fast, professional grade soil analysis with a list of recommended products catered to their local garden center's selection.

Spoontiques

Drinkware. Hot or cold. At home or on the go. You name it, we've got a way for you to drink it! Plus décor and designer face coverings.

Stone Age Creations

Stone Age Creations manufactures and distributes hand-carved, natural-stone products that will impress your customers and withstand the test of time.

Sun Gro Horticulture

Sun Gro Horticulture is a producer of peat moss and bark-based growing mixes for professional use.

TDI Brands

TDI Brands distributes to independent retailers a broad range of core nursery and garden center products-from cutting and digging tools to rain savers and composters to garden center carts.

Think Outside

Hand-crafted sculptures, décor and furniture for homes, gardens or as cherished gifts.

Walton Wood Farms

Walton Wood Farm- Homegrown Gifts for Her, Him, and Man's Best Friend! Gifting made easy with fun but useful products for men, women & pets that turn in recurring revenue. We are committed to making high quality products made with sustainable ingredients, providing you with the benefits of essential oils, butters and oils including hemp oil. All of our products are proudly crafted in North America and are free from harsh ingredients such as SLS, Paraben and Phthalate, are Vegetarian/Vegan Friendly, and Gluten Free, Cruelty-Free & NEVER tested on Animals.

Wind River/Festival Windchimes

QMT Windchimes® has been manufacturing hand-tuned wind chimes in America for over 30 years. They manufacture chimes in Manassas Park, Virginia and use raw materials from American lumber and aluminum suppliers.

RELATIONSHIP TO ACCOUNT APPLICATION

These Terms and Conditions together with the Account Application and any fully executed Agreements between the parties contain the entire understanding between the parties as to all matters referred to herein. No other representations, covenants, undertakings or prior or contemporaneous agreements, whether oral or written, regarding any matters that are not specifically contained and incorporated in this Agreement, shall be deemed to have any effect or binding impact upon the parties. The language of this Agreement shall be construed according to its fair meaning and in accordance with its purpose and without regard to whom may have drafted any particular provision herein. For purposes of these Terms and Conditions "Customer" shall mean the legal entity that is a part to any BFG Supply Co. Account Application, or any Order placed with BFG Supply Co. and "Guarantor" shall mean any individual that executes the BFG Supply Co. Account Application as a guarantor.

ACCOUNT APPLICATION

Payment terms are stated on your invoice. Discounts may be offered on certain products in certain situations and will be specified on the invoice. These discounts, if offered, are only available on invoices paid and received into the BFG office within the terms outlined on your invoice via cash or check and payments via credit card are not eligible for discounts. Buyer is responsible for mail time and discounts are only available if BFG actually receives eligible payments during the time frame set forth in these Terms and Conditions. Post marks will not be considered. A finance charge of 2% per month (24% annually) will be assessed on invoices not paid within invoice term date. Payments received towards balance will first be applied to finance charges unless otherwise stated in writing by BFG. BFG reserves the right to assess the maximum amount of finance charges permitted by applicable law. BFG has the absolute discretion to place an account on C.O.D. status until past due balances, including finance charges, are satisfied in full and BFG has determined that Buyer is eligible for the reestablishment of a credit line in BFG's sole discretion. Any failure of the Buyer to satisfy any of its obligations under a Account Application with BFG, including but not limited to the failure to satisfy amounts due within payment terms shall comprise an event of default. In the event of default, if BFG must employ a collection agency or attorney to collect any past due account, Buyer shall be responsible for the satisfaction of all amounts incurred in collection of any past due account including collection costs and attorney fees.

PAYMENTS

Visa, MasterCard, Discover and American Express are acceptable payments at the time of purchase up to \$10,000 or higher as approved by BFG. Payments made after a finalized sale that require (or per request) a change in terms will be charged a 3% convenience fee. Please call BFG Accounts Receivable department at 800-883-0234 Ext 4997. Mail payments by check to BFG Supply Co., 3874 Solutions Center, Chicago, IL 60677-3008. All return checks are subject to a \$35 NSF fee.

ACCOUNT APPLICATION AND TAX EXEMPT FORMS

Account can be established by submitting a completed BFG Supply Co. Account Application. Allow three to four weeks for complete processing. In addition, a tax-exempt form for your state must be on file with BFG or taxes will be charged on all purchases. The Account Application must be completed in its entirety to avoid processing delays. Failure to provide all information will result in adverse action with respect to Buyer's application for credit, including declining the application.

INVOICES/STATEMENTS

Product will be invoiced on the date product is shipped from BFG or when delivery information is received from a manufacturer shipping direct. BFG will make good faith efforts to transmit monthly Account Statements at the beginning of each calendar month. Account Statements are reminders of open invoices, however, Account Statements do not grant an additional amount of time to remit payment. Please follow the terms indicated on your individual invoice. Copies of invoices can be located at www.bfgsupply.com or contact

BFG at 800- 883-0234. All these documents may be mailed, faxed, or e-mailed. Please contact BFG Supply Co., LLC or visit www.bfgsupply.com with your choice preference.

RETURNS

Our merchandise is sold on an outright sale basis and is not subject to return unless mis-shipped, damaged or defective. Any shipments refused for reasons other than freight damage will be subject to freight charges both ways as well as a restocking charge. If merchandise is mis-shipped, please contact our office for return authorization. We will arrange return transport and credit.

DAMAGE/SHORTAGE/DEFECTIVE ITEMS CLAIMS

Damage in shipment claims on items shipped via Fed-Ex/UPS/etc., must be made within one (1) business day (24 hours) of receipt of the merchandise. All claims for shortages and defective items must be reported to us within one (1) business day (24 hours) of delivery. All claims regarding billing errors, (pricing, terms, etc.) must be reported to BFG Supply or our representative within 30 days of delivery. Immediately upon receipt of truck shipments, examine the shipment carefully before signing the freight bill. If damage or shortage is evident, do not accept shipment without notation on the freight bill by the driver. Failure to do so may prevent you from filing a claim with the carrier. If you need assistance regarding damage claims, please contact your nearest BFG service location. A photograph of damaged product needs to be included with any damage claim. Merchandise found to be defective will be picked up (or field destroyed if you are advised to do so) and full credit will be issued provided the merchandise does not look like it has been abused or misused and is in accordance with the manufacturer's warranty policy. BFG Supply is not liable for damages, injuries or loss of revenue as a result of a manufacturer's defective item.

DELIVERIES

BFG delivers to customers in designated delivery areas according to an established daily routing schedule. Although we do our best to run the same routes on the same days each week, unavoidable circumstances may arise which prevent us from adhering to our normal schedule. Please note that we will do our best to make sure you receive the product you need when you need it. BFG delivery charges vary by location. Please contact your local BFG service center for pricing. Or ask your Sales Representative or Customer Service Rep for current delivery charges. Backorders may be subject to delivery charge. Delivery via BFG vehicles or trucks is subject to the equipment available at the BFG Service Center and the ease of access to the destination. Please contact your delivering service center for details. Some orders may be shipped via Fed-Ex/UPS/ Etc. at the buyer's expense and are subject to an additional order handling charge. Deliveries outside of our designated area may not ship via BFG and additional freight charges may apply. Please check with the local BFG location for complete details. Please note: all flower and vegetable seed for plant growers are shipped from our Harrisonburg Facility. No orders may be shipped via UPS for a C.O.D. purchase. These orders must be prepaid. Advanced payment arrangements must be made with your local BFG Service Center for all BFG truck deliveries. BFG drivers do not carry cash. Important: All orders for delivery via BFG tractor-trailer must be phoned or faxed in at least 48 hours prior to your scheduled delivery day. BFG will accept "add-on" orders before 10:00 a.m. on the business day prior to your scheduled delivery day but cannot guarantee that they will fit on the trailer. It is necessary that the customer has appropriate personnel present to assist our drivers in unloading.

WILL CALLS

Customers who wish to pick up merchandise from our warehouses are most welcome to do so. However, merchandise is not available in all locations; please call to verify if item is stocked. To help expedite your order, please call your order in ahead. Orders for pick up in the morning should be called into the office by 5:00 p.m. the day before. You may pick up items between 8:00 am-4:30 pm.

Continued on page 2

BFG Supply Co., LLC referred to as BFG

RECOMMENDATIONS

All recommendations made by BFG are compiled from recognized horticultural sources or BFG's knowledge of recognized industries. BFG makes no warranties regarding any recommendation made and BFG is not responsible for any alleged losses of Buyer due to any recommendations given by BFG Supply Co. or its personnel.

NOTICE TO PURCHASER

Seller's and manufacturers' only obligations shall be to replace such quantity of product proved to be defective. Before using, users shall determine the suitability of the product for their intended use, and users assume all risk and liability whatsoever in connection therewith.

WARRANTIES

BFG makes no warranty of any kind, whether that be expressed or implied. Except as expressly provided in these Terms and Conditions, all implied warranties or conditions (whether statutory or otherwise) are excluded to the fullest extent permitted by Law. BFG makes no warranty respecting the merchantability of the products or their suitability or fitness for any particular purpose, non-infringement of third-party rights nor does BFG make any warranties against latent defects.

Some product(s) sold by BFG may be accompanied by manufacturer warranties from the party that provided BFG with the product(s). All such warranties shall be the responsibility of the manufacturer of the product(s) purchased from BFG, if any warranties exist.

Credits are limited to the amount of the original sale. Because of varied interpretations of standards at the local level, Seller cannot warrant that the product meets the requirements of the Occupational Safety and Health Act, or of any local acts or codes that may apply. In the event of litigation through the courts arising from any purchase, the Buyer consents to and submits to the jurisdiction and venue of the courts of Marion County, Indiana. Mail, phone, and internet orders accepted are subject to these terms and the Buyer in acceptance of the shipment agrees to these terms.

BFG Supply warrants to the extent of the purchase price that seeds or bulbs sold are as described on the container. Subject to the limitation of liability set forth in the preceding sentence, BFG provides a limited warranty that at the time of delivery, seeds or bulbs sold by BFG are as described on the container, within recognized tolerances. As set forth above, BFG gives no other or further warranty, expressed or implied. Note: Every effort has been made to provide current, accurate product information. Product guides/catalogs are intended to represent the many products offered by BFG Supply Co. Call your servicing BFG warehouse for updated product information or if you don't see a product or size you need. Chances are we can help you. Here are three points to keep in mind as you prepare to place your order:

1. Order early because stock availability of some items is unpredictable.
2. Prices included in any BFG product guides are intended as instructive guidelines only.
3. Prices may change without notice.

FORCE MAJEURE

BFG is not liable for failure to fulfill its obligations for any accepted Order or for delays in delivery due to causes beyond BFG's reasonable control including, but not limited to, acts of God, natural or artificial disaster, riot, war, strike, delay by carrier, shortage of products, acts or omissions of other parties, acts or omissions of civil or military authority, government priorities, changes in law, material shortages, fire, strikes, floods, epidemics, quarantine restrictions, acts of terrorism, delays in transportation or inability to obtain labor, materials or products through its regular sources, which shall be considered as an event of force majeure excusing BFG from performance and barring remedies for non-performance. In an event of force majeure condition, the BFG's time for performance shall be extended for a period equal to the time lost because of the force majeure condition without subjecting BFG to any liability or penalty. BFG may, at its option, cancel the remaining performance, without any liability or penalty, by giving notice of such cancellation to the Buyer.

PROVISION OF AND RELIANCE UPON ACCURATE FINANCIAL INFORMATION

BFG makes all decisions related to the extension of credit to the Customer based upon the disclosures made by the Customer in the BFG Supply Co. Account Application. All parties executing these Terms and Conditions and the Account Application represent and warrant that the information provided to BFG Supply Co. are true and accurate in all respects. BFG Supply Co. is a wholesale distributor and does not as a part of its general practice sell to individuals. All parties executing these Terms and Conditions and the Account Application further represent and warrant that the Customer is a legal entity validly existing and authorized to do business in the State of its formation at the time of the execution of the BFG Supply Co. Account Application and that any changes in the status of the Customer as a legal entity will be disclosed to BFG Supply Co. within ten (10) business days of the occurrence of any changes in the status of the Customer. If Customer is a limited liability company, corporation, or a partnership, Customer must provide BFG Supply Co. with its Tax Identification Number contemporaneous with the execution of these Terms and Conditions. If Customer is a sole proprietorship, Customer shall provide BFG Supply Co. with Schedule C to its tax return.

These Terms and Conditions may be found at www.bfgsupply.com. These Terms and Conditions of Sale are subject to revision and change by BFG Supply Co. without notice, however, the then current Terms and Conditions maintained at www.bfgsupply.com shall be applicable to an given order at the time it is made and shall control.

Customer and, if applicable, all Guarantors hereby execute and agree to these Terms and Conditions and agree to be fully bound by the same.

By its execution of the terms and conditions the applicant affirms and certifies that the information provided on the account application is true and correct. By its execution the applicant acknowledges they have read, understand and agree to be bound by these Terms and Conditions and that they will comply with all of the requirements set forth in these Terms and Conditions.

DaKine 420 CalMag

Hey! It's your cannabis plants here. We have something to say... We know that Coco Coir is a very popular because of its high cation exchange capacity (CEC)—or ability to store and exchange nutes for weed. But if you don't buffer that growing medium with calcium for strong cell walls and magnesium for chlorophyll production, we may turn yellow in protest. We can also tell you that too much sodium and potassium can cause overdosing, and that's no bueno. So do us a favor and treat our Coco Coir (or whatever growing medium you use) with CalMag. It's a delicious 12-2-12 product containing 6% Calcium and 3% Magnesium for consistently beneficial results.

Weed Barriers

DeWitt® 12 Year Weed Barrier Fabric

Easy to use, environmentally safe fabric that controls weeds before they start. Fabricated using a spun bond method, which sandwiches melt blown material, forming a powerful 3 ply layer of weed protection. DeWitt's higher carbon black content provides superior light blocking capabilities to protect against the toughest perennial weeds. The design also prevents unraveling and makes the material easier to cut. Hydrophilic treated, letting air, water and nutrients through.

DeWitt® Weed Barrier® 12 Year (3oz)

Control weeds before they start. Fabricated using a spun-bond method, which sandwiches melt-blown material, forming a powerful 3-ply layer of weed protection. High carbon black content provides superior light-blocking capabilities to protect against the toughest perennial weeds. Design prevents unraveling and makes the material easier to cut. Hydrophilic treated, providing improved water and nutrient flow through the fabric.

Fertilizer

Dr. Earth® Acid Lovers® Azalea, Camellia Rhododendron & Maple Fertilizer 3-4-3

Acid Lovers Premium Fertilizer maintains soil pH at 5.5 and produces remarkable results because nutrients are released quickly, yet continue to feed for several months. This spectacular blend builds soil health, promotes superior bushes and flowers with larger and more abundant colorful blooms. Infused with Advanced TruBiotic consisting of five champion strains of beneficial soil microbes and eighteen select strains of ecto and endo mycorrhizae all of which ensure that organic nutrients are thoroughly broken down and then released in the soil for plant roots to absorb as needed. This contributes to drought tolerance, enhanced nutrient availability and increased plant performance. 100% organic, it contains no synthetic ingredients or GMO infested chicken manure.

Jobes® Fertilizer Spikes Potted Plant & Hanging Basket 6-18-6

Convenient and easy to use, Jobes fertilizer spikes provide nutrition underground – where plant roots can use it. Just insert spikes around plants and the slow-release formula feeds plants for up to eight weeks. Plus, spikes ensure that nutrients aren't washed away like surface applied fertilizers. The specially formulated, premeasured spikes make for a fast, easy and mess-free fertilizing experience.

TICKTOWEL™
IT FEELS GOOD TO BE TICK SAFE

Dog Rocks®
STOP pet urine burn marks... *naturally*

Insect Control

Ticktowel Exfoliating Mitt

WASHES AWAY NEARLY INVISIBLE TICKS IN THE SHOWER: Experts recommend that you conduct a thorough tick check after being exposed to high grass areas. We know how hard it can be to catch smaller ticks like deer ticks (sometimes as small as a poppy seed!). That's why we designed Ticktowel which helps you remove these smaller ticks in the shower if you miss them upon your first inspection. Use Ticktowel under your arms, behind your knees, behind your ears and anywhere else ticks like to hide! Not only is Ticktowel effective in helping you remove ticks, its exfoliating properties also allow you to experience smooth and rejuvenated skin after use.

Lawn & Garden Care

Dog Rocks® Grass Burn Prevention

A 100% and hassle-free solution to urine burn patches on your lawn & shrubs. Dog Rocks placed in your dog's drinking water will begin to filter out impurities such as tin, ammonia and nitrates. These impurities are usually passed out through your dogs urine and can result in urine burns on your grass. Dog Rocks is vet and pet parent endorsed with over two million packs sold worldwide. Results can be seen in 3-5 weeks and there is no change to pH balance of your dog's urine.

Fertilizer

Alaska Fish Emulsion 5-1-1

Fish has been used as a natural source of plant nutrients for centuries. Alaska Fish Fertilizer provides a rich source of organic matter that breaks down and releases nutrients into the soil to enhance the strength and vigor of your plants. Additionally, naturally occurring soil microbes thrive and work their best in soil that is rich in organic matter.

Milorganite® Professional 6-4-0

The same nutrient package you get from the original Milorganite is available in a Greens Grade. These SGN 90 granules contain the same nutrients as Milorganite Classic (SGN 160). The particles are small enough to fall into the canopy of close-cut turf. This minimizes mower pick-up and the impact on ball roll. Spoon-feeding greens with Milorganite Greens Grade keeps your golfers returning time after time!

PULVERIZE® Weed & Grass Killer

Pulverize® Weed & Grass Killer kills weeds, grasses, algae and moss. Fast Acting. See results in 20 minutes. Active Ingredient: Ammoniated Soap of Fatty Acids. Pulverize® Weed & Grass Killer is a fast acting weed, grass, algae and moss killer. Incidental over spray will not stain concrete or pavement. Pulverize® Weed & Grass Killer suppresses the growth of some bi-annual and perennial weeds. It can be used in cultivated areas prior to planting grass or flowers. Areas can be re-sown five days after treatment. Pulverize® Weed & Grass Killer can be used at any time during the year. Best results obtained with young, actively growing weeds, less than five inches in size. Controls Annual bluegrass, chickweed, corn spurry, dandelion, groundsel, lamb's-quarters, large crabgrass, mouse-eared chickweed, mustards, plantain, redroot pigweed, round leaved mallow, sheep sorrel, shepherd's-purse, stinkweed, thistle, moss algae, and lichens. For use around ornamental flowers, mature shrubs and trees; spot treatment in lawns bordering garden areas; bark mulch; around planters, containers, raised beds and other structures holding flowers, trees, shrubs and vegetables; and in planting beds prior to planting grass, flowers or vegetables.

Fertilizer

Neptune Harvest® Crab & Lobster Shell Organic Fertilizer 5-3-0

A natural source of nitrogen, phosphorus, calcium and magnesium. When integrated in your soil it encourages growth of chitin-eating bacteria, which helps to control ants, grubs, fungus and root nematodes. Keeps slugs and snails off when placed around plants. Also helps choke out weeds and even keeps moles, mice, etc. from digging up bulbs and root vegetables.

**Neptune's Harvest® Tomato & Veg Fertilizer 2-4-2**

This is a perfect complete fertilizer for your tomatoes, vegetables and more. Made from fresh fish, seaweed, molasses, yucca extract and humic acids, this formula was uniquely designed for plants with intense growth or "vegging" stages. Growers using "Tomato & Veg" have seen increased stalk/stem mass resulting in higher yields. In addition, Tomato & Veg provides necessary nutrients to keep your plants vigorous with strong root zones and lush foliage, increasing its tolerance to various diseases, temperature and drought.

ORGANIC LABORATORIES, INC.

Insect & Disease Control

ORGANOCIDE® Bee Safe™ 3-in-1 Garden Spray

OMRI listed Insecticide, Fungicide & Miticide. It kills the eggs, larvae, nymphs and adults, of over 25 small soft bodied insects & mites and certain fungal diseases such as powdery mildew. The dense oils suffocate insects by contact, so insects can't develop a resistance. Leaves a micro-film on the plant which repels egg-laying females. Will not harm beneficial insects such as bees, lady bugs or butterflies. Can be sprayed at harvest time. Use in organic gardening on vegetables, fruits, nuts, vine crops, herbs, ornamentals, greenhouse crops, turf grass, landscape plants, bulbs, flowers and field crops. People, planet and pet friendly!

PRECISION

Weed Barriers

Preen® 5yr Weed Control Landscape Fabric

The Preen 5 Year Residential Landscape Fabric offers a chemical free solution to weed prevention by not allowing the seeds already in the soil to germinate. The Preen Landscape Fabric actually prevents the sunlight from penetrating the soil to germinate the seeds already in the soil that were there from previous years of weeds. This reduces the need for hand weeding, but a Preen Pre-Emergent should be used in conjunction with any use to prevent any additional seed from blowing in the mulch and thus germinating. Preen Landscape Fabric also helps maintain moisture in the soil.

3ft x 50ft

Preen® Premium Landscape Weed Control Fabric

Every gardener enjoys a beautifully landscaped yard, but keeping each area of the garden weed-free is time consuming and a drudgery. Preen Premium Landscape Weed Control Fabric is a great low maintenance solution. Our non-chemical weed control product is an incredible time saver that lasts for years. Ideal for new shrub beds and rock beds, Preen Fabric is a weed control fabric that inhibits weed growth, yet allows water to penetrate to enable desired plantings to thrive. Since Preen Fabric is chemical-free, it is also a perfect weed prevention solution for vegetable gardens. Simply lay it down before planting, cut an X for each plant, then discard at the end of the growing season. Preen Landscape Weed Control Fabric—nothing controls weeds longer and is chemical free.

Summit®

Insect Control

Summit® Mosquito & Gnat Barrier

Packed in a convenient pre-calibrated hose-end sprayer makes it possible to enjoy your backyard without the annoyance of insect pests. Mosquito & Gnat Barrier contains permethrin, a residual insecticide that provides up to four weeks of repellency for a wide variety of insect pests including mosquitoes, ants, fleas, ticks and more. Spraying your backyard can help to reduce suitable mosquito resting areas (usually vertical vegetation), and therefore reduce your chances of being bitten. Spraying down wooded areas that your dog frequents can aid in reducing the risk of tick born illness for your pet and family.

Insect Control

Summit® Tick Take Tick Removal Spoon

The TickTake tick removal spoon is an effective tool for removing ticks from both humans and pets. Place the spoon's notch on the skin near the tick. It can be used from any direction (the front, back, or side of the tick). Apply slight downward pressure on the skin and slide the spoon forward so the notch is framing the tick. Continue sliding the spoon forward to detach the tick (do not pry, lever, or lift up). Once the tick has detached, examine the bite site to make sure the mouthparts were completely removed. The tick can now be disposed of or saved for identification or testing.

Fertilizer

Wiggle Worm Soil Builder™ PURE Worm Castings Organic Fertilizer

100% organic. Use as a fertilizer not just a soil amendment. As they are truly pure castings, not a mix like so called other worm casting products, you only need a small amount around your plants, vegetables, shrubs or grasses to see beautiful yields and growth. A half handful around the root zone of a transplant will produce up to 3-5 times the fruit and plant growth. The nutrients and microbial activity of worm castings produce a "living soil" for plants to thrive in. With the increased hormone and enzyme growth produced by adding our worm castings to your soil the roots will become more fibrous and healthy. A little goes a long way which makes it very cost effective! Manufactured using a proprietary growing and harvesting process that is the only way to guarantee consistently pure castings. Over 40 years of label recognition.

Sustane® Lawn Program Fall Winterizer 8-0-4

Sustane's Winterizer provides the plant nutrients and carbohydrates that grass needs to prepare for winter, resulting in healthy turf and a quick spring green-up. It contains Slow Release Nitrogen so that it will not promote growth late in the fall, but will instead build up reserves for the winter. Extra potassium sulfate helps the turf build up carbohydrates and proteins, which improves cold tolerance and allows a more healthy plant survival in the winter. Our Winterizer also provides the soil-building characteristics of high quality compost, to use the winter months to improve soil structure and health.

Sustane® Lawn Program Late Summer Turf Starter and Overseeder 4-6-4

Turf Starter is specifically formulated to be applied directly with grass seed. Sowing additional applications of grass seed to an existing lawn is one of the best ways to promote a thick lawn free of weeds, without the use of chemicals. Sustane 4-6-4 combines high quality compost with organic phosphorus from composted turkey litter to provide the unique conditions that grass needs in order to establish. The composting process fully stabilizes the fertilizer, making it safe so it will not burn the grass seed. This allows the nutrients and beneficial biology to be applied directly where the seedling needs it.

VPG™ Hi-Yield® Calcium Nitrate

Contains two important nutrients that plants need: Calcium (Ca) and Nitrogen (N). Hi-Yield Calcium Nitrate is used primarily in vegetable gardens, particularly for Tomatoes and Peppers, in the prevention of Blossom End Rot. Blossom End Rot is a common problem with tomatoes. It is a physiological disorder (not a disease) caused by a lack of calcium. When fruits are enlarging rapidly, sufficient amounts of calcium fail to reach the end of the fruit resulting in a deficiency of calcium in the developing fruit.

Insect Control

Safer® Brand Diatomaceous Earth - Bed Bug, Flea, Ant, Crawling Insect Killer

Safer® Brand Diatomaceous Earth (D.E.) provides pest control against a variety of crawling insects. This ready-to-use powder-like insecticide is super easy to use and can be applied to places where insects spend most of their time. Once insects come in contact or ingest this dual-action powder, it immediately goes to work to completely kill them within 48 hours. This D.E. is non-staining and has no odor, so you can confidently apply within your home. D.E. also works outdoors to eliminate pesky crawling insects as they try to sneak inside your home.

Enviro Protection® Goose Scram™ Granular Repellent

Goose Scram™ was developed to naturally repel geese (and coots) from treated areas. EPIC's patented all-natural formula has been tested and proven to successfully repel and will train the birds to find other areas to frequent, graze in and nest, as well as deter their return. EPIC's patented formula is designed to reduce and eliminate activity without harming birds. Keeps areas free of geese and goose droppings. Safe near ponds, lakes, rivers and nesting locations. Easy to use-apply with spreader, no mixing or spraying required.

Animal Repellents

I Must Garden® Granular Animal Repellent

I Must Garden Granular Animal Repellent is an environmentally friendly granular repellent that will safely and effectively repel deer, rabbits, groundhogs and other herbivores (plant-eating animals) from treated areas. Made with ingredients herbivores naturally avoid and fortified with an advanced botanical blend of plant oils, it is a strong and effective repellent. Perfect for early spring applications of newly emerging plants and for applying during wet conditions when spraying is not an option. It does not have a foul or offensive odor and it is not noticeable once applied.

2.5lb Granular - Covers up to 1,500sq ft

Traps

Dynatrap® Outdoor Mosquito & Insect Trap

The Dynatrap Insect Trap lets you take back your yard without the need for chemicals, pesticides, or propane. Attract, trap and kill flying insects including mosquitos, biting flies, Asian beetles, wasps, hornets, yellow jackets, moths, stink bugs and more! Durable, all-weather construction. Pesticide and odor free. Whisper quiet operation. No zapping or buzzing. No expensive attractant or propane required. This insect trap is engineered for 3-way protection. First, a UV fluorescent bulb generates a warm light, attracting insects. Then a second lure, an exclusive TiO2 titanium dioxide-coated surface, produces CO2 (the same gas we emit when we exhale) that's irresistible to mosquitoes. Third, a powerful, yet whisper-quiet vacuum fan sucks insects into the retaining cage where they dehydrate and die.

Heavy Duty XL Hang Mount - Black Series - Protects up to 1 Acre, 10ft Cord, 13in Diam x 20in H, UV Bulb is Rated for 3,000 Hours, Includes: trap, cleaning brush and screwdriver

EMERALD PARK®
Premium Grass Seed

*NOTE: All varieties and coated percentages are subject to change without notice based on current availability and market volatility. Comparable or better varieties will be substituted.

- ◆ Denotes an A-List Variety Seed Type

Premium Turf Seeds

For many years Wetsel has blended several varieties, such as blue grasses, ryegrasses, red fescues, etc. to create beautiful, durable lawns. Blends are ideal for over seeding because they tolerate a broader range of soil and weather conditions.

We believe the homeowner's desire for an attractive lawn is best met with a blend of grasses most suited for their area. Few varieties serve the average homeowner well when planted as a pure strand. Blends are more adaptable and more disease and heat tolerant, hence providing more trouble-free lawns.

Our seed lots have been chosen for their low weed content, maximum purity and germination. The color of our blends is excellent, and in many cases provide better color than a single variety. You can count on Wetsel blends to produce excellent turf.

◆ Denotes an A-List Variety Seed Type

MVP Turf-Type Perennial Ryegrass Mix

A blend of 5 top Turf-type Perennial Ryegrasses including NTEP leading varieties. This blend is formulated to work in all turf situations including residential lawns, golf courses and athletic fields. Fast germination gives a quick green up. MVP also offers superior disease and insect resistance.

Mulch

Grant County Mulch® Color Enhanced Mulch

When planning your next order, provide a new alternative in mulch options for your customers, such as artificially colored organic mulches. While other companies use ground up pallets, Grant County Mulch's colored mulches are produced from only safe natural wood from the forests. Generally, we use the lighter colored barks from trees such as poplar and pine. These light colored barks allow Grant County Mulch to make mulches that result in crisp, vibrant colors. The shredded texture of our Color Enhanced Mulch will not only assist with moisture retention, weed control and soil enhancement, it will also provide 9-12 months of color enrichment to any landscape.

Soil Amendments

Jonathan Green® Love Your Soil® Soil Food

Loosens hard soil, stimulates soil microbes and creates a biologically healthy soil. This soil food also helps release trapped nutrients. Grow better turf by creating better soil! Use on existing lawns, newly seeded lawns, and any type of turfgrass. Your soil will become more alive and porous by allowing water, air and grass roots to penetrate deeper. Love Your Soil also increases the lawn's resistance to drought and heat stress. Environmentally friendly and safe to use around people and pets. It applies easily with any spreader. Contains humic and fulvic acids, calcium, sulfur, iron and molasses.

Jonathan Green® MAG-I-CAL Plus® for Lawns in Acidic + Hard Soil

MAG-I-CAL PLUS® for Lawns in Acidic + Hard Soil is a unique, soil-enhancing food that rapidly raises soil pH, loosens hard soil, and stimulates soil microbes. Contains fast-acting calcium which raises soil pH to enhance nutrient availability from lawn foods. It is also fortified with a patented, quick-releasing gypsum to help break up clay and compacted soil for better air, water, and root penetration into the soil. Increases biological activity in soils.

Jonathan Green® MAG-I-CAL® Soil Food for Lawns in Acidic Soils

A highly soluble form of calcium that helps to rapidly raise your soil's pH. Low soil pH causes weeds and moss to grow, while soil pH ranging between 6.2 to 7 will increase microbial activity, boost lawn color, reduce stress, and aid in water uptake. Can be applied anytime during the growing season. Safe for use around pets and kids. 5M bag equals 5 bags of lime; 15M bag equals 15 bags of lime.

JRM® Soil Moist™ Seed Coat

Soil Moist Seed Coat is a crosslinked polymer and graphite compound. It is designed to increase the germination of grass and other types of seeds. The polymer compound retains excess moisture from water and humid air. The moisture on the seed softens its tissue to promote faster germination. The graphite compound retains heat on the surface of the seed to promote germination. The graphite helps lubricate the seed and equipment to help spread the seed. 8oz of Seed Coat will treat 50lb of grass seed.

Malibu Compost Compost Tea

The compost tea supports the microbes in your soil by giving them the microbial food they need to do their job to "mineralize" the nutrients that are in the organic matter of your soil for uptake into your plants. This process known as mineralization is what creates and grows abundance and vitality in your garden. Compost Teas are simple and easy to use and are one hundred percent organic. It doesn't have any chemicals in it and doesn't smell at all. It is tested for GMOs and best of all, it's made from our Bu's Blend Biodynamic Compost which comes from our beautiful organic farms. It has an organic source of kelp and castings, plus additional biodynamic preparations, which enhance and strengthen your soil and plants. Compost tea is the best way for us to mimic nature when it comes to organic gardening! Your lawn will love it! Each teabag makes up to 5 gallons of tea for your plants (20 gallons per package). Enhances beneficial microbial activity on plants and in soil. Improves plant resistance to disease and pests.

Soil Amendments

Dave Thompson's Organic Healthy Grow® Worm Castings 1-0-0

Worm castings provide an excellent way to soften soil and increase microbial activity while giving plants a natural, easily absorbed source of nitrogen, calcium and iron. This results in faster growth, larger plants and bigger blooms. We use only single-sourced worm castings from a temperature and moisture-controlled environment in which the worms are counted and weighed every two weeks to ensure over 95% pure castings.

Soil Amendments

Wiggle Worm Soil Builder™ PURE Worm Castings Organic Fertilizer

100% organic. Use as a fertilizer not just a soil amendment. As they are truly pure castings, not a mix like so called other worm casting products, you only need a small amount around your plants, vegetables, shrubs or grasses to see beautiful yields and growth. A half handful around the root zone of a transplant will produce up to 3-5 times the fruit and plant growth. The nutrients and microbial activity of worm castings produce a "living soil" for plants to thrive in. With the increased hormone and enzyme growth produced by adding our worm castings to your soil the roots will become more fibrous and healthy. A little goes a long way which makes it very cost effective! Manufactured using a proprietary growing and harvesting process that is the only way to guarantee consistently pure castings. Over 40 years of label recognition.

Soil

FoxFarm® Bush Doctor® Coco Loco® Coconut Coir Potting Mix

As you trek through a tropical jungle, your steps remain light and buoyant, never soggy. The rainforest floor is remarkably deep with layers of exotic coconut palm humus. It is cool and damp for several inches. Hold the richness in your hands, feel the soft silky texture. It's the perfect medium for cultivating plants. Plants growing in Coco Loco® will not require water as often as your usual potting mix. Whether you're growing in hanging baskets, vertical gardens, containers, or seedling trays, extend your watering schedule. In most climates, every two to three days will be enough. Always adjust your watering schedule as needed.

Algreen Products® Wicker Rain Barrel

The Algreen Wicker rain barrel collector reinvents how you harvest rain water. This 50 gallon rattan design is sturdy and one of the most eye-catching rain barrels on the market. The most captivating feature is its appearance which emulates the texture of wicker. The large opening which can be used for 2x3 or 3x4 downspouts is covered with a rust proof resin screen. This screen keeps out heavy debris and insects for your piece of mind. All Algreen Rain Barrels are equipped with two overflows to allow for linking multiple barrels or installing the Rain Barrel with an Algreen Deluxe Diverter Kit. Collect water for your grass and flower gardens from mother nature as it's better than the water from your tap which is treated with chemicals. This Rain Barrel is compatible with the Algreen Rain Barrel pump kit for pressurized watering to your garden. Impress your friends and neighbors with the Wicker 50 gallon rain saver.

Curlex® QuickGRASS®

American Excelsior Company® is the inventor of biodegradable erosion control blankets. Developed in the early 1960s, Curlex® excelsior blankets are specifically designed to promote ideal growing conditions for grass seed, while simultaneously protecting topsoil from wind and water erosion. Since the enactment of Phase II of the Clean Water Act, many municipalities have written Curlex® I QuickGRASS® into their building codes. Phase II affects small construction sites of just one acre or greater in size, impacting home builders and contractors. Curlex® is considered the industry standard by many because of the plethora of Curlex® Features and Benefits.

Tree & Plant Care

Wilt-Pruf® Plant Protector

The number one selling anti-transpirant in the lawn and garden industry for more than 60 years, Wilt-Pruf® prevents plants from drying out during harsh winter conditions, transplant stress, windburn, and droughts. Wilt-Pruf acts as a protective coating, holding in moisture on plant foliage and stems, substantially reducing water loss during periods of plant stress. Organic and biodegradable, Wilt-Pruf is the only horticulture anti-transpirant that provides long lasting protection for your plants year round, allowing you to spend less time worrying about them and more time enjoying them.

Leaf & Yard Cleanup

Gardener Select® Lawn Refuse Bag

Paper bag for moist or dry yard waste disposal. Ideal for composting. This bag is made from paper, a renewable natural resource not harmful to domestic pets, birds, fish or other wildlife. It can be placed in a backyard composter or hauled to a community compost site where the bag and its organic contents will biodegrade. Composting is an environmentally beneficial way to manage yard waste. It turns leaves, grass clippings, and other plant material into rich mulch or soil conditioner that can be used in landscaping and gardening. For a better tomorrow, compost today! Each bag measures 16in W x 12in D x 35in H.

Treekote® Tree Banding Gum

A "sticky" gum used to help protect trees from crawling insect pests and the damage that they can cause, without using pesticides or other harmful chemicals. Provides an effective barrier against crawling insects such as gypsy moths, tent caterpillars, ants, obscure root and pecan weevils, tussock moth caterpillars, climbing cutworms and cankerworms, to name a few. UV stabilized to provide long lasting protection. Twice the holding strength of the best known brand on the market today. Can also be used in your garden to help protect vegetables from crawling insect pests without using chemicals.

ROSS

Fencing, Edging, Paving Stones

Easy Gardener® EmeraldEdge® Landscape Edging

Economical, attractive, and long-lasting plastic edging. Easy to transport, cut and install. Sections connect to form a continuous border, and are flexible enough to follow curves with ease. The versatile living-hinge connector will make angles up to 120 degrees. The 100% recyclable plastic is safer than metal and won't rust, rot, crack, chip or fade. Easy Gardener manufactures and distributes over 200 products to top lawn and garden retailers in the United States, Canada and United Kingdom. Our product lines include landscape fabrics, shade fabrics, fertilizers, tree care products, landscape edging, sun screen fabrics, netting and plastic fencing. Emerald Edge comes in green 4 foot sections that are 5 inches high.

Tree & Plant Care

Ross® Root Feeder - Model 1200

A deep feeding system that is specially designed to water and fertilize below the soil's surface, where most of the active tree roots grow. Simply connect a garden hose to the Root Feeder and insert the feed tube into the soil around the drip line of a tree. Water flows through a chamber filled with fertilizer, through a feed tube right to the tree's roots. Perfect for drought weather, there is no runoff and wasted water, just healthy, beautiful trees all season.

Tree & Plant Supports

Tenax® Hortonova® Trellis Net

Tenax® Hortonova® is a strong and versatile polypropylene mesh designed for growers as a gentle and more efficient support which helps increase yields by providing greater exposure to sunlight and air circulation for climbing vegetables as well as a support for flowers. Due to its durability and practical natures, TENAX Hortonova is now being used by many agriculturalists and floriculturists. TENAX Hortonova fully satisfies the requirements of a variety of growing techniques, both vertical and horizontal.

Wall & Hanging Planters

Algreen Products® Modena Hanging Wicker Planter

Self watering planters add refined elegance to your home. Manufactured using a proprietary engineered polymer resin with UV inhibitors and is frost proof to protect from the elements. These sophisticated planters include an easy to lift internal plant liner. The water reservoir supplies water to your plants as required and is designed to reduce watering frequency. A water-level indicator shows you when the reservoir needs more water, making it easy to grow beautiful plants and flowers inside or outside.

Container Gardens

Apollo Flower Tower

Amazing planter blooms into a freestanding tower of flowers. Each flower tower will hold 34 standard 1.5in to 2in nursery-sized plants. Inside the planter is a unique internal watering tube, with graduated-sized holes at varied heights that allows you to water from the top opening and lets the water reach evenly throughout the tower, ensuring healthy blooms from top to bottom. Assembly is a snap - literally - no tools required! Built in handles at the top allow for easy movement throughout the season. Works great with herbs, tomatoes and strawberries too. Comes in a vibrant retail package. Made in Vietnam.

Apollo Wall Mounted Flower Tower

The Wall Tower allows you to create towers of blooms, to adorn walls, fences, sign and mailbox posts. Unlike flimsy hanging bags, the Wall Tower is specially designed using recycled plastics, and formed with a flat rear side to mount flush against any surface. Two top mounting holes make it super easy to hang. Insert 12 standard sized nursery plants into the preformed holes at the varying levels on the planter. Inside this amazing planter is an internal watering tube, with graduated sized holes at varied heights. This allows you to water from the top opening, and lets the water reach evenly throughout the tower, ensuring healthy blooms from top to bottom.

bloem

Flower Pots

Bloem® Lucca Planter

Self watering planter with a redesigned saucer and self-watering feature. The fill spot is more subtle than traditional self-watering planters, giving the flower pot a sleeker appearance. Made in the USA out of recyclable plastic.

Bloem® Terra Bowl

Inspired by classic clay planters and bowls, the Terra collection is constructed of a durable polypropylene resin material. This unique plant bowl is circular in shape and won't chip or crack easily, so you can get seasons after season of use, indoors or outside. Need drainage? Just punch out the optional drainage holes. Or just leave them unpunched for no-leak indoor use.

Bloem® Finley Tall Round

Bloem® Finley Tall Round Planters are made from 100% recycled plastic. Optional knock out drainage holes for easy drainage if the planter is placed outdoors to avoid overwatering. The holes stay sealed tight for indoor use. The self-watering reservoir holds and gradually disperses moisture to the plant as it's needed. Maintenance free and easy to clean. UV-protected for fade resistance.

Patio Planters

Bloem® Dayton Ocean Series Planter

Bloem® Dayton Planters are a durable, lightweight alternative to heavy ceramic pottery. They are made from reclaimed ocean plastic and curbside recycled materials. Elevated feet promote airflow to reduce mold and mildew. The modern design features a matte finish that will add a beautiful accent to any home. The attached saucer prevents spills and protects surfaces. The all-weather design stands up to the elements and UV protection helps prevent fading.

Plastic/Resin Planters

Bloem® Veranda Deck Box

Ideal for indoor or outdoor container gardening, this resin planter is a tough, lightweight alternative to clay or ceramic planters. The traditional tapered design features natural textures and decorative embellishments to add a beautiful accent to your home. Thick walls and the planter's attractive rolled lip offer added durability, and optional punch-out drainage holes help prevent over watering. Made with high-quality color pigments and UV additives, this planter offers excellent all-weather durability.

Patio Planters

European Garden Living Hexagonal Planters

Bring an urban edge to your landscaping with these classically crafted, sturdy geometric planters. No assembly required; simply plant with a profusion of color-drenched flowers, or combine flowers and greenery and arrange in groups. Products from European Garden Living are created using the highest quality European timber from sustainable managed forests. The wood products are FSC certified and treated using solutions which maximize environmental compatibility with mother nature in mind. The wood has been preserved with natural oils and waxes for a longer lifespan.

Window Boxes

Mayne® Fairfield Window Box

Brighten up the exterior of your home by adding color and beauty with the Mayne Fairfield Window Box. This durable construction offers a low maintenance solution and cleans with just a simple rinse of a garden hose. Molded plastic planter made from 100% high-grade polyethylene. This window box features a double wall design, creating a water reservoir. Includes wall mount brackets with a black powder coated finish. The weather-proof and ultra-tough construction allows you to enjoy your window box all year long with very little winter preparation. The UV inhibitors within the resin allows for a long lasting, fade-free performance.

Black - 3ft Box - 6.5gal Soil Capacity - 3gal Water Reservoir - 36in L x 11in W x 11in D

MAI5822B

Mayne® Valencia Window Box

The Valencia Window Box Collection offers a beautiful tulip shape. This durable construction offers a low maintenance solution and cleans with just a simple rinse of a garden hose. This window box features a double wall design creating a water reservoir. This self-watering effect helps to retain the right amount of moisture and protect delicate roots from daily temperature extremes and encourage healthy growth. This results in healthier plants that require less watering. The weather-proof and ultra-tough construction allows you to enjoy your window box all year long with very little winter preparation. The UV inhibitors within the resin allows for a long-lasting fade-free performance. Includes three steel wall mount brackets.

White - 3ft Box - 6gal Soil Capacity - 2.5gal Water Reservoir - 36in L x 9.8in W x 10.1in H

Urns

Mayne® Vienna Tall Urn

Old world style with a contemporary feel. This urn combines the look of cast iron without the excessive weight and maintenance. Single wall molded design, made with high-grade 100% polyethylene. The weather-proof and ultra-tough construction allows you to enjoy your planter all year long with very little winter preparation. Self watering tray insert creates a sub-irrigation water system and encourages root growth. Designed for year-round indoor or outdoor use.

Black - 25in Urn - 6.3gal Soil Capacity - 3gal Water Reservoir - Outer Dimensions: 15.75in L x 15.7in W x 25in H

Patio Planters

Mayne® Fairfield Patio Planter

The look of wood without the upkeep. This durable construction offers a low maintenance solution and cleans with just a simple rinse of a garden hose. A built-in water reservoir encourages healthy plant growth by allowing plants to practically water themselves. These molded plastic planters are made from 100% high-grade polyethylene. The weather-proof and ultra-tough construction allows you to enjoy your planter all year long with very little winter preparation. The UV inhibitors within the resin allows for a long lasting, fade-free performance.

Container Gardens

EarthBox® Garden Kit

Poor soil conditions and small backyards are no match for this gardening system. Now it's easy to garden anywhere--even on balconies, porches, and rooftops! A sustainable product that uses less water and fertilizer, the EarthBox® gardening system will grow bigger and tastier plants faster than a conventional garden--with virtually no effort and zero guesswork! Great results, no matter what color your thumb is. All plastic components are durable, food-safe and UV-stabilized. Holds 2cu ft of peat-based growing media and 3gal of water. Includes one EarthBox® container with integrated overflow drain and caster sockets, one aeration screen, one water fill tube, two mulch covers, four casters, 16oz standard fertilizer, 16oz organic Dolomite, and instruction sheet.

Novelty Artstone Napa Hanging Tray

Napa Hanging Tray Planters are a unique take on hanging pots and home decor. Made with Artstone, a blend of BPA-free, weather-resistant, natural stone and hi-grade resin, not only makes them lightweight and durable, but it also gives them a beautiful, natural marbled surface pattern. Use the coated tri-rope to suspend the tray in your desired interior or exterior location. Place small pots and fun plant accessories on the tray or place your favorite succulents, air plants, or mini foliage and watch how these gorgeous additions beautify your living space.

Flower Pots

Panacea™ Contemporary Hammered Trays 3-tier Folding Plant Stand

Contemporary Hammered Trays 3-tier Folding Plant Stand supports three potted plants or other decorative accents, while adding design and texture to your home. The 3 round plant trays rest on three tiered folding stands of different heights. With a center hinge the stand can be opened to a variety of widths. Each plant tray holds a pot with a maximum of 9-in diameter. Simple to fold together for easy seasonal storage. Perfect for displaying your succulents or other potted plants and may be used in home or patio settings.

Primitive Planters® Wooden Shelf hanger

Primitive Planters 36" Wooden Shelf Hanger - Jute is an upper scale version of our Hanging Hardwood. This gorgeous hanger has a 12" wooden table made from mango wood that is stained in brown. The table has a small lip to keep items from falling off. There are 4 holes in which a 36" jute hanger is securely knotted through. Lots of decorative twisting in this cord gives this a fancier look. The top of the hanger is wrapped with the jute cording to make a thick loop. Use this as a nightstand to hold your books, glasses, picture frame. Or how about as a unique coffee table in small spaces. Any way you use this Wooden Shelf Hanger is sure to be a conversation starter.

Pots & Planters

Root Pouch Fabric Container Brown No Handles

Root Pouch brown fabric is made of 100% synthetic materials, making it the heaviest and strongest tinsel strength fabric available. The fabric weave and density allow oxygen to pass to the roots. The weave of the fabric prevents roots from circling. Used by outdoor growers in all can-yard environments that plastic pots are used. Provides excellent drainage and root pruning.

Growing

Nutrients & Additives

Down To Earth™ Bio-Live™ 5-4-2

Bio-Live™ is a rich, organic fertilizer mix infused with a generous amount of beneficial bacteria and mycorrhizal fungi to stimulate rooting, vigor and optimum plant development. Bio-Live encourages rapid colonization of soil and soil less mixes and may be combined with other DTE fertilizers to further improve plant growth and yields.

5lb DTE07828 UPC 714360078288 Min Buy 6 EA	50lb (40/PL) DTE01925 UPC 714360019250 Min Buy 1 EA

Down To Earth™ Acid Mix 4-3-6

A fertilizer blended specifically for acid soil loving plants like rhododendrons, azaleas, hydrangeas, evergreen trees and shrubs, blueberries, raspberries and other plants that thrive in a low pH soil. To encourage lush flowers and fruit, apply Acid Mix in early Spring for vegetative growth and again when blooms appear. Fall applications promote healthy root growth and boost resistance to extreme winter temperatures.

Down To Earth™ Langbeinite 0-0-22

A naturally mined crystalline mineral that supplies the water-soluble sulfate form of three vital plant nutrients: potassium, magnesium and sulfurs. It's maximum chlorine content is less than 3.0 percent, minimizing the potential for fertilizer burn, and it's neutral pH does not alter soil activity. Potassium contributes strongly to overall plant health by regulating internal processes. Since potassium makes up part of the fluid of the plant, it is found throughout plant tissue, meaning plants need a strong source of potassium as they grow. OMRI Listed

Nutrients & Additives

Down To Earth™ Liquid Calcium 5%

Down To Earth™ Calcium is an essential nutrient that plays many important roles in plant growth. DTE™ Calcium is needed for cell wall formation, normal cell division in new growth and proper fruit development. Calcium deficiency can result in poor root development, yellowing of new plant tissue and fruit and vegetable abnormalities, such as blossom end rot in tomatoes. Foliar additions of calcium can be used to correct or prevent deficiencies of this valuable nutrient.

EYE HORTILUX® Ceramic Metal Halide Grow Light System with Lamp

Lower energy costs and reduce space needed with the CMH 315 Grow Light System. Components are optimized to work together efficiently. The shape and metal composition of the reflector were designed to work together with the ballast and lamp to give you a more even distribution of light over the target area. This optimization provides 30% more uniform light to plant canopy and 8% more light overall than the competition.

CMH315 System

EYE HORTILUX® Ceramic Metal Halide Lamp

Ceramic Metal Halide (CMH) designed specifically for horticulture. Most ceramic metal halide lamps were designed for use in the retail space, so the UV light was blocked. Hortilux uses a glass that allows the UV light to pass through benefiting plant growth. The exclusive EYE HORTILUX® CMH spectrum provides 50% more Ultra Violet (UV) than the competitive lamps available today. This results in better overall plant growth and higher yields. Made in the USA.

Growing Media

GROW!™ Clay Pebbles

Made from 100% natural clay. They are clean, pH stable, and offer great aeration and drainage in hydroponics, especially in flood and drain, deep water culture, and drip feed systems. Due to their non-uniform structure and large surface area, they offer the ideal environment to foster beneficial bacterial growth around the root zone, leading to naturally healthier plants.

GROW!™ Coco Coir Mix Brick

Give your plants a sturdy growing structure with GROW!'s Coco Coir Bricks. Now available at Hydrofarm, Coco Coir Bricks support your plants all year long. The bricks, available in a mix or chip format, do double duty: They retain water, making sure plants never go thirsty, but due to their texture, they also offer excellent drainage properties. Plants are no longer at risk of "drowning" in too-packed or over-watered soil. Instead, GROW!'s ideal consistency gives them room to breathe and for roots to grow freely, capturing that essential air-to-water ratio for your biggest growth yet. Implement this pathogen-free media to your potting soil or in place of bark as an attractive and all-natural ground cover. Each brick expands to 0.26-0.33cu ft (2-2.5gal) of wetted coir.

GROW!™ Organic Coco Coir Planting Mix

Use this block of organic coco coir planting mix to promote root growth for flowers, vegetables, herbs, and more. It works as both an indoor and outdoor planting mix and is ideal for hydroponics systems. Although each block of mix is equivalent to more than 2.5 cubic feet of soil when water is added, it is lightweight and easy to carry and store. Add the GROW! mix into your growing system and notice the coco coir difference.

ORGANOCIDE® Plant Doctor

Nutrients & Additives

Plant Doctor® Systemic Fungicide

An earth-friendly broad spectrum disease control and preventative for use on turf, fruit trees, vegetables, ornamentals and flowers. Controls and prevents a myriad of plant diseases including those that cause root rot, leaf and stem blights, leaf spots and more as listed! A systemic product, it has a foliar or root application that will work its way throughout the entire plant to prevent disease and attack existing disease above and below ground. Once inside the plant, Plant Doctor® increases plant metabolism so plants grow faster, bloom more and have an increased yield while providing a nutritional boost of potassium and phosphorus, essential nutrients for plant growth.

Dave Thompson's Organic Healthy Grow® Plant Food - Tomato 3-3-6

Growing strong, healthy tomato plants that produce nutritious tomatoes requires fertilizer packed with the right blend of nutrients. The live microbes in Dave Thompson's Organic Healthy Grow – Tomato help to improve soil quality and ensure your plants stay strong and vibrant throughout the growing season. If you love tomatoes, then make sure your plants get off to a great start with Dave Thompson's Organic Healthy Grow. Derived from: Aerobically composted chicken manure (ACCM), feather meal and sulfate of potash.

Coop Poop™ All Purpose Garden Food by Healthy Grow®

Coop Poop™ organic fertilizer by Healthy Grow® is naturally packed with the essential nutrients your soil needs to grow hearty, healthy plants. This Aerobically Composted Chicken Manure (ACCM) is high in calcium for strong plant tissue development and disease resistance, while also improving photosynthesis, nutrient uptake and starch conversion. Plus, Coop Poop is virtually odor-free compared to the pungent scent normally associated with other manure-based composts. Easy to use and apply at any time. Will not burn. High performance improves soil health. Stimulates microbe activity. High in calcium. Low odor. Safe for kids and pets. OMRI(tm) listed.

SUNBLASTER

HORTICULTURAL LIGHTING

Flats, Trays & Peat Pots

CowPots™

Made from 100-Percent renewable composted cow manure, CowPots give seedlings a better start. Tender, young roots easily penetrate the sides and bottoms of CowPots, allowing for unrestricted growth and healthier roots mean stronger plants. Planted CowPots breakdown fast in the ground. Composted manure naturally biodegrades quickly, so at 3 to 4 weeks, decomposition is well underway. CowPots are long-lasting before planting seedlings in the ground – staying intact for up to 12 weeks – plenty of time to give seedlings a good strong start. Best of all, the manure in CowPots is a renewable resource, unlike peat which is mined from bog eco-systems or plastic which is derived from finite fossil sources.

FoxFarm® Bush Doctor® Kelp Me Kelp You® 0.5-0-0.5

Kelp grows higher than even some of the Earth's trees. The teeming aquatic life that flourishes in a kelp bed has just as much diversity as that of a rainforest. Kelp Me Kelp You® is a seaweed plant food derived from Ascophyllum nodosum and designed for use in organic gardening. Our product is a liquid concentrate that can be used for growing fruits, vegetables, gardens or flowers. Suitable for use in gardens, drip-irrigation systems or hydroponic applications. OMRI Listed® and Registered CDFA Organic Input Material.

Nutrients & Additives

FoxFarm® Bush Doctor® Kangaroots® Fertilizer 0.8-0.1-0.03

Bush Doctor® Kangaroots® is a liquid root drench formulation designed to enhance root efficiency in the rhizosphere for seedlings and mature plants. For use on in-ground plantings, container gardens and hydroponic systems. Kangaroots® contains nutrients which are immediately available to plants. Kangaroots® also contains soil microbes to support the root zone and help plants achieve enhanced nutrient uptake. Kangaroots® supplies essential macro and micronutrients that can help plants thrive. For use in both hydroponic and soil applications. For best results, follow the FoxFarm feeding schedule.

FoxFarm® Bush Doctor® Sledge Hammer®

Bush Doctor® SledgeHammer® encourages water movement through soil and soilless media. High fertilizer use can compromise plant growth over time due to concentrated mineral salt deposits. SledgeHammer® is a unique rinse formula designed to remove fertilizer buildup which may relieve nutrient lockout. Derived from saponin, an extract of the Yucca schidigera plant. SledgeHammer® is designed for organic gardening and can be used for both hydroponic and soil applications. OMRI Listed® and Registered CDFA Organic Input Material.

Hand Tools & Kneelers

Barebones Hori Hori Ultimate Tool

Uniquely designed, multi-use tool is the perfect companion for all your outside escapades. Pound in tent stakes with the flat pommel base. Measure planting depth with the handy inch marks. Saw a branch or whittle some kindling with the rust-resistant, double-edged blade. But don't forget about the Hori Hori Sheath. Durable waxed canvas and reinforced lining come together beautifully to sustain and preserve the Hori Hori. Its stainless steel belt clip supports easy carrying and accessibility, while the strong handle strap restricts the blade from slipping or moving. The Hori Hori Sheath's open end allows for easy cleaning and prevents soil buildup, preserving the Hori Hori's blade for years of continued use.

Delta® Sprayer Plant Care Fine Mist Bottle

Delivers a better-than-aerosol spray quality that sets brands apart. It's a next generation, trigger-based, dispensing technology that eschews conventional propellant gases and pressurized containers. Its very fine mist combined with continuous spray functionality covers large areas quickly, evenly and in all directions from first to last drop. Superior ergonomics and 360° dispensing make it a delight to use. A standout feature is the low noise performance – a necessary requirement in some instances and a preferred feature for a wide range of applications.

Pruners, Loppers & Shears

Fiskars® Floral Pruner

Smaller than a traditional pruner, but with more cutting capacity than a snip, Fiskars® Floral Pruner is ideal for working with cut flowers, as well as tasks essential to encouraging healthy growth, such as cutting, light pruning and deadheading. Featuring a small bypass pruner blade design with a cut capacity up to 1/2 in., this pruner has fully hardened, precision-ground, steel blades that stay sharp through heavy use - great for pruning florals and green growth like roses or berry bushes. A low-friction coating helps the blade glide through cuts, preventing it from gumming up with sap and debris, and helping it resist rust. Ideal for cut flowers or making floral arrangements, additional features include a stem stripper for removing leaves or thorns on various-sized stems, as well as a built-in wire cutter. An Easy Action(TM) spring gently opens the blades after each cut to help reduce hand fatigue, while Softgrip® touchpoints enhance comfort and control. An easy-open lock protects the blade when not in use.

Fiskars® PowerArc™ Shears

Make tough cuts with heavy-duty shears featuring PowerArc™ blades that give you over 30% more power. Experience advanced mechanics and ergonomics with a new generation of cutting tools that deliver more strength, comfort and control. PowerArc™ Shears boast intelligently curved blades that alter the angle between blades to give you over 30% more power, especially during the toughest part of the cut. Heavy-duty coined stainless steel blades help prevent blade separation. A serrated edge, extended tang and bolted joint improve control and durability. An ergonomic handle with Soft grip® and strategic texturing enhances comfort and features bigger loops for large gloved hands.

Fiskars® PowerGear2™ Bypass Lopper

The first time you try our PowerGear®2 Lopper, you'll be amazed — but it's not magic, it's gears. Fiskar's patented-pending technology multiplies your leverage to give you up to 3X more power on every cut. This means you can power through thick branches that you wouldn't be able to cut with traditional loppers. The updated design includes modified gears and an innovative cam mechanism to optimize your cutting power in the middle of the cut where the branch is thickest and you need it most. Low-friction coating helps the blade glide through wood, prevents the blade from gumming up with sap and debris and helps the blade resist rust. Rounded ergonomic handles with Softgrip touchpoints enhance comfort and control and the tough steel construction with riveted handles offers lasting durability.

Fiskars® Pruning Stik® Extendable Tree Pruner

Our Pruning Stik® Tree Pruner makes it easy to cut high or low with a level of control traditional pruners with exterior ropes can't match. A long, lightweight pole lets you cut high branches without the hassles and dangers of using a ladder, make low cuts without sore knees from kneeling or back strain from bending and easily reach into dense, prickly shrubs or tight spots. For the reach you need to cut your highest branches, the pole extends all the way to 12' and locks securely. The rope-free design means you can use both hands to maximize your power and accuracy, and an easy-to-grip sliding handle makes the pruning action smooth and simple. An actuating ball at the end of the pole lets you reach even farther and still prune with precision, an included 15" saw blade makes it easy to take down thicker branches, and the cutting head rotates up to 230° to let you prune and saw at tough angles.

Yard Butler™ Core Aerator

The Yard Butler™ Lawn Coring Aerator revitalizes old lawns while using less water and fertilizer. By removing two plugs 3 inches long, this manual lawn plug aerator and de-thatcher reduces compaction and thatch to let air, water, and fertilizer down to the root zone. At the same time it stimulates root growth by pruning, the roots. As an added benefit, the removed cores deposit valuable micro-organisms on the lawn surface. This also strengthens drought and heat tolerance in your turf. The heavy duty powder coated steel handheld lawn corer is built for a lifetime of use.

Felco® F11 Pruner - Narrow Blade

The same design as the F2 pruner, but the anvil blade is attached with screws instead of rivets, making the blade easier to replace. Suitable for every type of pruning with its ergonomic hand-fitting design. Superbly balanced, offering a large cutting capacity. Narrow pointed anvil blade allows precise access to branches and assures a close cut to the trunk. Precision alignment of cutting and anvil blade is due to adjustable locking segment. Shock absorbers reduce fatigue of wrist.

1in Cutting Capacity / 8.25in L

Felco® F6 Small Hands Pruner

Designed for those with smaller hands or those who may prefer a smaller, lighter pruner. Every bit as sturdy and powerful as all other Felco models. Ideal for small pruning work such as grape vines, shrubs and young trees. It is the choice of florists. Cutting and anvil blades are not riveted. The shorter blades facilitate closer cutting to the stem of the plant.

0.75in Cutting Capacity / 7.25in L

FELF6

UPC 783929100043

Felco® F7 Rotating Handle Pruner

Designed for the professional, the rotating handle revolves on its axis, allowing the fingers to move naturally, thereby reducing the blisters and hand fatigue that so often accompany prolonged pruning work.

1in Cutting Capacity / 8.25in L

FELF7

UPC 783929100050

Min Buy 1 EA

Felco® F13 Multi Purpose Pruner

Multi purpose patented pruning shear. Held as single-handed pruning shear, but extra long blade handle allows the use of both hands when cutting extra thick branches. Comfortable, light, sturdy handles made of forged aluminum. Blade and screw-mounted anvil blade are made of high-quality hardened steel.

1.18in Cutting Capacity / 10.6in L

Min Buy 1 EA

Felco® F31 Anvil Pruner

The Felco® F31 pruner is a Anvil version of iconic FELCO quality. Anvil Pruners are great for hard or dead wood as they require less force to make the cut. Cutting blade is beveled on both sides for easy clean-cut pruning. The adjustable brass anvil blade is coated in nonstick Xylan for easy cleaning and can be repositioned to line up with the cutting blade. Handles are forged from robust aluminum alloy and are ergonomically shaped.

Pruners, Loppers & Shears

Felco® F8 Ergonomically Designed Pruner

A superbly designed pruning shear for the professional. Both cutting and anvil blades are not riveted and the narrow, pointed blade design allows for close pruning. Light alloy handles are shaped to act as an extension of the forearm. The anvil blade handle is designed to prevent the pruner from sliding through the hand. This hollow ground, Swiss, precision, hardened steel blade features a wire-cutting notch. The blades are set on dowel pins for easy maintenance.

Garden Weasel® Weasel Garden Claw

Weasel Garden Claw works hand-in-hand with Garden Weasel Cultivator to maintain your garden beds all season long. Garden Claw is especially useful early in the gardening season to turn the first soil of the year. Just place Garden Claw in any soil, even if it hasn't been cultivated since the Fall, and turn the handle to easily cultivate packed soil. Garden Claw is versatile, medium-duty, and works great on many different types of soil. The comfort-grip handles feel good in the hand, and the spiral turn action offers 4 actions in 1: cultivating, loosening, aerating and weeding.

Garden Weasel® Core Aerator

Helps bring new life to lawns with compact soil. Symptoms of compact soil include: thin turf, with poor color, and bare patches that do not respond to watering or fertilizer. Compact soil creates a barrier that keeps water and air from reaching grass roots and providing vital nutrients. The Weasel® Core Aerator also stimulates root growth by "pruning" the roots, as well as providing lawn surface nutrients.

Radius® Garden Root Slayer Edger

If you've ever hit roots with a half-moon edger while trying to cut that perfect line in the sod or reclaim the crisp edge along your sidewalk or driveway, you'll already know why you need a Root Slayer. Conventional edgers literally bounce or slide off of roots, while the Root Slayer Edger can slice right through them. Tested to the same exacting standards as the Root Slayer Shovel, we don't think there has ever been a more serious edger on the market.

Radius® Garden Root Slayer Round Head Shovel

The Round Point shovel is the most popular type of shovel in North America. The Root Slayer Round Head Shovel is a heavy duty, root cutting version of that shovel with an inverted V cutting tip instead of a round point. As with all Root Slayer products, you should consider buying this shovel when you have dense clay soil, rocks and shale in your soil, roots and other dense organic material. This shovel, with its very ample surface area, will move a lot of dirt without getting hung up on minor obstructions. You'll be amazed at how quickly and easily you can move and divide perennials and shrubs with this monster shovel.

Radius™ Root Slayer

The Award Winning Root Slayer is a multi-purpose shovel that can eliminate the need for other tools, such as hatchets, pry-bars, and saws, when simply digging around the home. If you've ever hit roots while trying to plant a perennial, been stymied by roots when trying to dig up a shrub, or tried to divide hostas with a spade only to have them slide away from your shovel, you'll know what we're talking about. You can use the Root Slayer as your go-to shovel. You can also use it to replace your nursery spade. Think of it as a shovel, root hatchet, and root saw all in one tool. Certified to be more than 150% stronger than comparable tools by Intertek, an independent testing laboratory. Patented ergonomic Natural Radius O-Handle Grip with four times the gripping surface of traditional D-Handle tools provides additional leverage while reducing hand and wrist stress. Made from a comfortable non-latex, thermoplastic elastomer over-molded onto polypropylene. Lifetime guarantee.

Hand Tools & Kneelers

Radius™ NRG™ Hand Tools

The Natural Radius Grip minimizes hand and wrist stress while maximizing power and comfort. Lightweight, super strong and ergonomically designed. The uniquely shaped handles are perfectly shaped to provide extra leverage and comfort for your hands. Made of diecast aluminum and polypropylene.

Radius™ NRG™ Hand Tools

One of the most useful tools in any garden is a hand full of fingers! The Radius Ergonomic Cultivator is almost like an extension of your arm, with three pointed fingers out at the end ready to rip through soil, scrape up weed seedlings, and pull out roots. Many people don't realize it, but the whole class of small hand garden tools can be called "scratch" tools, and this cultivator is the quintessential scratching tool. It even works as a back scratcher!

Cultivator - 12pc Mixed Color Pack: Black with Blue, Red & Green / 6.75in x 3.125in x 13.5in

RAD10323

Min Buy 1 DS

Radius™ NRG™ Hand Tools

Designed for transplanting small perennials and bulbs, the extra-long blade of the Radius Ergonomic Transplanter has depth markings to aid you in finding the proper planting depths. The end of the blade has the perfect shape to pop tender plants out of the plastic six-pack planters that you find in flats at the nursery. This product is so versatile you can substitute it for an all purpose trowel and a weeder.

Transplanter - 12pc Mixed Color Pack: Black with Blue, Red & Green / 9in x 2.5in x 14.75in

RAD10123

Min Buy 1 DS

Radius™ NRG™ Hand Tools

The Radius Ergonomic weeder is every bit as mean as it looks. It won't bend. It won't break. And, best of all, it won't leave any root behind. Experienced gardeners know that dandelions are stimulated when their tap root is snapped and will produce two or three replacement dandelions for the one you were trying to remove. The ineffective weeders that most companies sell either pinch or break the roots, leaving enough in the ground to insure you will have to fight much harder next time as the weeds multiply.

Weeder - 12pc Mixed Color Pack: Black with Blue, Red & Green / 9in x 2.75in x 14.75in

Radius™ Root Slayer Soil Knife

Based on original Japanese designs for the Hori Hori, but updated with modern materials and style, the Root Slayer Soil Knife can perform the functions of almost any hand tool in the garden. Use it as a substitute for a trowel, transplanter, cultivator, or most importantly, a weeder. This handy digger will cut through root-filled, heavy clay soil with surprising ease. Delivered with an enamel powder coating, the Root Slayer Soil Knife features an array of a dozen saw-like cutting teeth on one side, a long sharp blade on the other side, the signature Root Slayer inverted V blade tip, and a combination twine cutter and bottle opener near the ergonomic grip. Lifetime guarantee. Blade Length - 7.75in, Blade Width - 2in, Total Length - 13.5in

Drip Irrigation

DeWitt® Dew Right Tree Water Bag

Eliminate the severe water stress that new trees endure after transplanting. This tree watering bag is designed specifically to increase first-year survival rate and set the stage for a long, healthy life. 20gal bag empties in five to eight hours and only needs to be refilled one or two times per week for most trees. Installs easily in just five minutes, without tools. A single bag fits trees up to 3in in diameter. Zip two bags together to fit a 3in to 5in diameter tree. Made from heavy-duty, green-coated polypropylene that is UV stabilized to last after long hours in the sun. Safe to use with nutrient or chemical additives.

Hoses

Flexzilla® SwivelGrip® Garden Hose

Flexzilla® makes it easier to work around your home and lawn. SwivelGrip® action eliminates twists that occur when uncoiling a hose. Conventional garden hose can trap coils that tighten into kinks as you move across the yard. SwivelGrip releases these trapped coils because the hose rotates freely inside the grip. The large, comfortable gripping surface on both ends of the hose makes connections much easier to turn and tighten. Flexzilla SwivelGrip hoses are also drinking water safe.

Blumat Plant Spray Mister

Probably the best mister - compact, beautiful and works like a charm. The famous Haws mister but not in the Haws gift box. People tend to lose their plastic bottle misters (which also tend to quickly break and stop working) because they are so ugly and we're always hiding them from view. This one looks so good that there is no problem keeping it in plain view.

Drip Irrigation

Blumat Bottle Adapter Plant Watering Stake

Much better than the wine bottle versions because Blumats are so much easier to refill: just cut the bottom off plastic bottle and fill with your regular watering can. Better than the globe spikes because these disperse the water evenly, not just through a hole in the bottom. Just fit this adapter into almost any standard plastic bottle, fill the bottle with water and push into the soil near a plant. The porous cone will slowly start to distribute water throughout the day.

XL - 300mil during 24hrs

Swan® Contractor +® Hose

The Contractor+® hose is built tough for every day use. Its size makes it highly kink resistant. Heavy duty, crush-resistant, lead-free aluminum couplings along with a durable abrasion-resistant cover make this hose very popular with the demanding industrial trade. Added reinforcement gives this hose a high burst strength for varying water pressures and long life on the job. Limited lifetime warranty.

Teknor Apex® Neverkink® Heavy Duty Hose

The patented Reflex Mesh technology utilizes a mesh network of reinforcement so kinks, twists and tangles don't have a chance to get started. Neverkink water hoses are ultra-flexible for easy handling and maneuverability. The couplings are made with high strength, lead free aluminum that is crush-proof up to 1,200 pounds. The new ergo rigid sleeve prevents kinking at the faucet. Contains MicroShield® antimicrobial protection which guards against mold and mildew that can cause hose deterioration.

Pocket Hose® Silver Bullet™

The expandable hose made from an exclusive biaxial braid outer shell. This seamless micromesh fabric prevents tearing so the garden hose won't tear or burst. Turn water on and watch Silver Bullet hose grow to a full size garden hose. Turn water off and Silver Bullet hose shrinks itself dry to a compact Pocket Hose. There's no winding, no coiling and no muddy wet messes. Silver Bullet has tough-grade silver connectors and no kink connector protectors that eliminate leaks. Unlike your old garden hose, Pocket Hose Silver Bullet can store easily on your shelf or in a drawer. Its super lightweight so you can move it around your garden easily. Toss your old hoses away and get a Silver Bullet today.

Footwear

Sloggers® Waterproof Comfort Shoes

You'll love the slip-on convenience and comfort, the ease of cleaning and secure traction. Just like the rest of Sloggers MADE IN THE USA shoes, they include the "All-Day-Comfort" insoles, signature deep lug sole for great traction in wet and muddy conditions, and a soft binding around the top. These shoes are made from 100% RECYCLABLE, medical grade material so they have a soft feel and no odor, they are easy to hose off clean and will last for years. The sole contains up to 50% recycled material so when you're finished with your shoes, you can send them back to us and we'll turn them back into a new pair! How's that for "reuse and recycle"?

SLOGGERS®

Footwear

Sloggers® Women's Premium Garden Clog

Open back, slip-in design, and the signature "premium" moisture wicking, anti-microbial insole. Just like the shoes, it's made from 100% recyclable, medical grade material that will last for years, and of course it will hose right off clean when your work is done. They are also great for nursing, or just working around the house. Made in the USA.

Footwear

Sloggers® Half Size Insole

If you need a half-size simply add these insoles to reduce the size by one half size. For example: order a size 9 clog, add the half-size insole and the clog is now a size 8 1/2. Makes any pair of Sloggers shoes or Boots 1/2 size smaller. Perfect fit for in-between sizes or those who want to tighten the fit up a bit. Cut-To-Fit design. Adds extra cushion.

Sloggers® Women's Rain & Garden Boot

They are lower and wider than most rain boots, there is more room to tuck your pants into. Just like the rest of our Sloggers MADE IN THE USA boots and shoes, they include our "All-Day-Comfort" insoles and our signature deep lug sole for great traction in wet and muddy conditions. Sloggers boots are made from 100% recyclable, medical grade material, so they have a soft feel and no odor, and they are easy to hose off clean. Made in the USA. Always was. Always will be.

Gloves

Womanswork® Glove with Arm Saver

The most beautiful cotton twill print is used for this garden glove with nearly elbow length arm saver cuff. Palms are made with sturdy synthetic leather. A stretchy pull cord at the top of the cuff tightens the glove around the arm to prevent garden soil from getting inside.

Gloves

Womanswork® "Digger" Gardening Glove

Doubly reinforced fingertips allow you to dig in the garden when planting, yet they're not bulky so you can also perform tasks requiring dexterity. A longer cuff with velcro wrist closure prevents garden soil from getting inside gloves. But our favorite thing about the "Digger" glove is the great fit, designed for a woman's hands. Machine washable and color fast.

Trees & Ornaments

Cinco® Advantage Christmas Tree Stand

Economical model. Made of virgin, high-impact polypropylene assures durability and reliability. The steel cored plastic bolts are easy to use and make light work of set-up. With a low, wide and generous water holding reservoir, this model accommodates low branches and keeps the tree fresh. Steel spikes at the center of the reservoir anchor the tree safely, prevent shift and makes set-up a snap. Reinforced holes on the outer edge of the stand allow attachment to plywood if additional stability is needed when used with an extra large tree. Spill guard prevents over-filling mishaps.

Cinco® Tabletop Christmas Tree Stand

Designed for the smaller fresh Christmas tree with up to a 3in trunk or is also suitable for artificial ones. Made of virgin, high-impact polypropylene assures durability and reliability. Plastic bolts through threaded posts are quick to turn and make light work of set-up. With a low, wide $\frac{3}{4}$ gallon (3 liter) water-holding reservoir, this model will accommodate low branches and keeps the tree fresh. A rustproof spike center at the reservoir anchors the tree safely and prevents shift. Spill guard prevents over-filling mishaps.

Garden Décor

European Garden Living Klimt Fence Panel

The Klimt fencing panel is an attractive panel with horizontal slats complemented by handmade wooden flowers. This fine decorative fence is a great way to protect your privacy without compromising the beauty of your garden. Just like Klimt's art, this fencing panel shows off your garden with a warm mosaic touch. The horizontal slats are finely grooved and then fixed into a strong frame. Products from European Garden Living are created using the highest quality European timber from sustainable managed forests. The wood products are FSC certified and treated using solutions which maximize environmental compatibility with mother nature in mind. The wood has been preserved with natural oils and waxes for a longer lifespan.

Home Décor

Mosser Lee® Soil Cover™ Decorative Sand

Mined from ancient sand pits and river beds, these sands have been selected especially for their luster. Their uses for both horticultural and craft projects are bounded only by your imagination. Originally designed to be added to loosen clay soils for potted plants, which remains their primary use. They can also be used as mediums in terrariums, cacti gardens, vases, dish gardens and more.

Panacea™ Bee-Conscious Pot Trellis

Bee-Conscious Garden Décor is decor on a mission to educate and decorate. Bees are responsible for pollinating about 1/3 of our food supply. Give your potted plants and climbing blooms a sturdy trellis to climb with this pot trellis embellished with whimsical bees, base stakes fit in a 10-in diameter or wider pot. Creates a support for climbing vine plants; clematis, honeysuckle and other flowering vine plants as they wrap around the curved vine design. This trellis can also stand on its own using the base stakes set in soil or set it against fencing, exterior walls. Durable steel is welded to give the trellis strength and features a powder coating for added rust resistance.

Echo Valley® Gazing Globe - illuminaries®

Luminescent crystals embedded in the green tinted glass swirl of this gazing ball or garden globe, absorb light energy during the day and release it at night in form of a subtle green glow. Glow duration may last up to 3 - 4 hours, gradually fading over that time. In addition to use outdoors, the Illuminarie Globe works equally well in an interior environment as long as it receives ample sunlight during the day.

Echo Valley® Glass Globes - Traditional Handblown Glass

Hand-blown glass gazing balls date back centuries to Victorian England and were used by the aristocracy to ward off evil spirits and witches because of their reflective properties, and hence the moniker "witches balls." Today they are used as ornamental centerpieces in flowerbeds, gardens, and yards and are designed to reflect the beauty of the surrounding landscape. Each piece is individually hand-blown, no two are identical.

Torches, Lanterns & Fire Pots

Fatwood® Box

Harvested from the trunks of lumbered pine trees where the combustible sap concentration is highest. This all-natural fire starter is an eco-friendly choice that has no chemical or petroleum fuels, lights with only one match, and creates a sustained flame. Two sticks are enough to start a roaring fire. 100% all natural pine wood hand split into approximately 8in lengths. Unlike most other fire starters, Fatwood is ideal for any indoor or outdoor situation. There's no spilling, no odors, no chance of flare-up and no dangerous toxins to breathe. It's safe and clean and Fatwood has an indefinite shelf-life.

Water Treatments

BioSafe Systems® GreenClean® Granular Algaecide

Works quickly through the power of oxidation, breaking down algae cells on contact. Its organic chemistry immediately begins fighting algae blooms, releasing vital oxygen into the water as it biodegrades. Safe to use in any water feature containing fish, plants and aquatic life, your customers can feel good about using GreenClean. Eliminates string algae in ponds and on waterfalls. Visible results within minutes. Also use all season long as a preventative treatment. Chlorine, copper and phosphate free.

The image features two bluebirds perched on a weathered wooden post. The bird on the left is shown in profile, facing left, with its beak slightly open. The bird on the right is facing right, with its beak open as if it is eating or drinking. The background is a soft, out-of-focus green. A large, white diamond shape is superimposed over the center of the image, with a thick green border. The text 'WILDLIFE' is written in a black, sans-serif font, and 'Care' is written in a blue, cursive font, both centered within the white diamond.

Birding Accessories

Aspects® Round Seed Tray

Aspects' Round Seed Tray works well on a pole-mounted feeder as well as on a hanging feeder. Trays can be used on the feeder mounted on a 1/2" side pipe threaded on one end. It is suggested to use a 6 to 7 foot length of pipe. Adding a seed tray will allow more of the seed to be eaten at the feeder and less scattered on the ground. This seed tray will work with any standard size Aspects Quick Clean feeder.

Classic Single Suet Feeder with Weather Guard

Perfect way to offer healthy treats to Woodpeckers, Nuthatches, Chickadees and more! Its cage features an easy-open, double-locking closure system and holds 1 suet cake. Its brightly-colored roof design diverts rain & snow, helping keep suet cakes dry. The cage grid is designed with clinging birds in mind, but it's not just for suet! It's also perfect for small seed cakes, nesting material in spring & oranges in summer. Constructed of solid steel with a weather resistant, black powder-coated finish, the Single Suet Feeder with Weather Guard is a quality suet feeder that birds will love.

Wild Bird Seed

Coles Blazing Hot Blend™

Blazing Hot Blend™ is a 100% all natural, chemical free way to increase the number of birds visiting your feeder. It combines a patented habanero chili oil formula with the most preferred seeds of backyard songbirds. This is a traditional mix designed to attract a maximum variety of birds and keep them coming back with a fiery bit of spice! Woodpeckers, grosbeaks, buntings, cardinals, chickadees, bluebirds, goldfinches, and more find this mix irresistible. Works well in all feeder types including Cole's Terrific Tube™, Mighty Mesh™, and Bountiful Bowl™.

COLE'S

THE BETTER WILD BIRD FEED

Wild Bird Seed

Coles Hot Meats™ Seed

Hot Meats™ are a great no-waste, no-mess feed, with nutritious sunflower meats infused with fiery hot habanero chilies. Chili peppers are chock full of vitamins A and D as well as carotene and make an excellent natural source of nutrition for birds. The chili pepper plant evolved over time to be attractive to birds that make it a meal. Birds love the spicy flavor. Chili peppers may taste hot to mammals like people, but birds do not feel the heat. Bluebirds and cardinals are especially fond of the hot Cajun flavor. Works well in all feeder types including Cole's Terrific Tube™, Mighty Mesh™, and Bountiful Bowl™.

Coles Nyjer Seed

Niger Seed, often mistakenly called thistle seed, is a favorite of beautiful wild finches like the American goldfinch. This special seed is a great source of energy due to its high oil content. It is imported from Africa and sterilized upon entry to prevent germination. When served straight, it is best used in a specifically designed tubular feeder, like the Nifty Niger™ feeder, or "thistle sock" with small holes where it can be economically dispensed. Niger seed can be also be mixed with sunflower chips or hearts.

Coles Oil Sunflower

Black oil sunflower is the number one choice of almost all seed eating songbirds. Cole's Oil Sunflower is the absolute highest-grade black oil sunflower out there. It's over 99% pure and cleaned four times to ensure that you get more seed and fewer sticks. Plus, it's positively chock full of oil. You want as much oil in your sunflower as you can get because that's what attracts the birds. So, our high-grade, high-oil sunflower means more birds at your bird feeder. Works well in all feeder types including Cole's Terrific Tube™, Mighty Mesh™, and Bountiful Bowl™.

Coles Safflower Seed

Once known as a favorite of Cardinals, Safflower is also a lifesaver for those of you having trouble with squirrels or large "nuisance" birds. Since most squirrels and blackbirds don't like the bitter taste, it is an easy way to send a message to any undesirable visitors. So if you're tired of feeding more squirrels and annoying flocks of "squawkers" than beautiful songbirds, Safflower is definitely for you.

Coles White Millet Seed

White millet is the number one choice of most ground feeding birds. Additionally, indigo buntings seem particularly attracted to it. Throw it out on the ground straight or mix it with other seeds such as oil sunflower to create your own unique blend. Works well in a platform feeder or scattered on the ground. Not recommended for tubular or mesh feeders unless mixed with other seeds. Attracts indigo buntings, towhees, juncos, song sparrows, white-throated sparrows and doves.

Wild Delight® Advanced Formula® Sizzle N' Heat® Bird Seed

A premium hot blend designed for BIRDS ONLY. Industry studies show that Squirrels are listed as the #1 reason for people leaving the bird feeding category. Squirrels dominate feeders, create a mess and eat much of the seed, nuts and fruits. After much development and product testing, we created Sizzle N' Heat®, a squirrel deterrent product. While this is not a squirrel proof product, our studies showed it to be a very effective squirrel deterrent. While squirrels may still visit and feed at feeders, once they get a taste of the hot seeds, most will look for other sources of food. As with any Wild Delight® product, ensuring the best bird feeding experience is the #1 goal. So Sizzle N' Heat® is filled with the same highly desired ingredients birds love, with none of the filler ingredients. Made with chili peppers, a strong irritant. Keep out of reach of children. Avoid contact with eyes, nose, and skin. Wash hands thoroughly after using.

Bird Feeders

Droll Yankees® A-6RP Classic Sunflower Feeder with Ring Pull Advantage

The A-6F Classic Bird Feeder, invented in 1969, was the first tubular bird feeder. This updated version, A-6RP Classic Sunflower Bird Feeder, stays true to the iconic classic while adding the Ring Pull Advantage feature for easy cleaning. Simply pull the ring to disassemble the feeder in seconds - no tools needed! Ports for all seed types protect the tube against squirrel damage. Detachable cap allows removal of all parts. UV-stabilized polycarbonate tube. Durable metal parts that resists damage from squirrels. Made in the USA.

Droll Yankees® BO's Marmalade Hanging Oriole Feeder

Give sweet treats to fruit-loving Orioles, Mockingbirds, Tanagers, and more! Birds grip the petal rim or hanger wire while feeding from the 5oz dish for a unique birding experience. Easily removable for effortless cleaning, the highly durable polycarbonate feeder floats on a stainless steel wire that can hang from a window hook to bring birds even closer. Add a fruity splash of jelly, a juicy orange half, or a handful of protein packed mealworms and enjoy colorful Orioles like never before! UV stabilized polycarbonate construction- highly durable and impact resistant. Low profile saucer style feeder offers an unobstructed view of Orioles. Stainless steel hanging wire.

Droll Yankees® Bottoms Up® Finch Feeder

Goldfinches will feed upside-down, but House Finches won't! The 1 lb. capacity, UV stabilized polycarbonate tube keeps seed levels visible and is highly durable and long lasting. Small holes dispense tiny Nyjer seeds economically - birds pull seeds out individually like feeding from a flower! Six perch locations provide seed from a variety of angles so several birds can dine simultaneously. Sloped base keeps seed within easy reach of the birds. The die cast zinc top and base are powder coated in bright yellow, attracting finches to the feeder and adding a pop of color to the backyard. The feeder hangs by the stainless steel hanging wire or pole mounts via the threaded base. Lifetime warranty against squirrel damage. Made in the U.S.A.

Bird Feeders

Droll Yankees® Flipper Squirrel-Proof Feeder

The ONLY entertaining squirrel-proof feeder on the market! Its weight-sensitive, motorized perch ring attracts the songbirds you love, but quickly spins to flip gray squirrels off. Send squirrels on a wild ride and keep them away from your bird feeder. The Yankee Flipper has a motorized perch ring that is specially calibrated to go off under the weight of a squirrel. The perch ring will accommodate bigger birds, like cardinals and woodpeckers, but squirrels will be promptly discharged. The clear 21in UV stabilized polycarbonate seed tube is too long and large in circumference for squirrels to navigate. The seed is only accessible from the ports around the perch ring. The clear polycarbonate helps you keep track of seed levels. A heavy, snug fitting cap sits firmly in place atop the feeder and can only be lifted by humans, not squirrels. The Flipper's metal parts are powder coated in a lovely forest green that will resist chipping and fading. Hanging is a cinch with the sturdy stainless steel looped hanging wire.

Droll Yankees® Yankee Dipper® Bird Feeder

Prevent large birds and squirrels from eating all your bird food! You save money on seed when you use a Yankee Dipper Bird Feeder. The Yankee Dipper's weight sensitive perches encourage smaller songbirds to eat, while preventing all squirrels from feeding. Each perch is individually sprung and calibrated to collapse when approximately 2oz or more rests on the perch. The heavy metal cap fits snugly on the tube to prevent squirrels from lifting it to reach the seed. The long, clear feeder tube makes the seed visible to the birds, a proven advantage. Made of UV stabilized polycarbonate, it ensures long lasting durability. Its length and girth are designed to prevent squirrels from reaching the seed ports. An internal baffle design keeps seed flowing freely to the ports. Metal cap and base are powder coated.

Lyric® Cardinal Premium Sunflower & Safflower Mix

Formulated to attract cardinals. Birds with prominent, seed cracking bills, like cardinals, easily crack in-shell seeds like sunflower, safflower and buckwheat. These seeds preclude smaller birds with finer bills yet attract larger, colorful jays and cardinals. Contains black oil sunflower seed, striped sunflower seed, safflower seed, sunflower kernels and buckwheat. Only the finest and freshest ingredients. Scientifically tested, developed and marketed to appeal to a wide variety of wild birds. Free of fillers. Better seeds and better quality mean more birds at your feeder - again and again!

**Lyric® Delite No Waste Mix**

Many people are reluctant to feed wild birds during the warm months because the bird seed germinates and causes weeds. Bird food shells make decks, patios and lawns unsightly. This mix is waste-free, mess-free and weed-free. It's also a great value, because you don't pay for the shells. Contains shelled peanuts, sunflower kernels, tree nut pieces kernels, pecans, pistachios and shelled pumpkin seeds. Contains only the finest and freshest ingredients. Scientifically tested, developed and marketed to appeal to a wide variety of wild birds. Free of filler and waste. Better seeds and better quality mean more birds at your feeder - again and again!

Hummingbird & Nectar Feeders

Nature's Way® All-In-One Oriole Buffet

Simultaneously feed liquid nectar, jelly, and fruit to serve up an all-in-one buffet for your birds! This feeder comes with a clear protective baffle that can be assembled to the hanger to better shield the feeder from weather while maintaining optimal bird viewing. Three removable dishes allow for easier cleaning and replenishment of jelly or nectar at separate times, leading to a cleaner feeder and less wasted feed! A built-in ant moat deters these unwanted pests from reaching feed. Simply fill the cavity surrounding the hanger with water. Be sure to remove dead ants and any other debris from the moat often. This feeder comes with removable bee guards. Simply slip the guard over the base of the feeding port to prevent bees from reaching the nectar. Remove the guard for a more thorough scrub when cleaning the feeder to help prevent mold.

Bird Houses

Stovall® Bachelor Pad Bat House

Features three chambers that can hold 30 to 100 bats. Made entirely out of 7/8in thick, western red cedar and are naturally well insulated. One bat can eat 6000 insects per night. The bat houses are a safe daytime shelter normally housing a small group of bats (6-24). Bats like to be warm to hot, so place the house in a sunny and sheltered area on a post, pole, dead tree, side of a building or chimney, but not on a live tree. These houses conform to the Bat Conservation International guidelines. Made with pride in Michigan.

Wagner's® Nyjer Seed

The favorite seed of goldfinches everywhere. Nyjer seed (thistle seed) is the absolute favorite of finches, such as the American goldfinch, purple finch, pine siskin and other small songbirds. This tiny delicacy is used in finch feeders which have smaller holes and tiny perches - perfect for the finches but discouraging to larger birds. Ultimate choice for nurturing finches with its high fat and protein content. Nyjer seed is the only major wild bird food ingredient imported from overseas - sometimes referred to as "Black Gold," Nyjer seed may seem more expensive than some premium blends.

Beneficial Bug Houses

SuperMoss® Beneficial Bug House - Heather

Pollinators and beneficial bugs need a home in your garden! These houses are a fun and practical addition to your home garden. They are perfect for kids to learn about organic farming, predatory insects and pollinators. The houses harbor beneficial bugs that keep insects such as aphids off our plants. Pollinators use the houses to develop from egg to adulthood, where they can facilitate the reproduction of flowering plants! Help host these essential species right in your garden. This house is particularly helpful for solitary bees. Solitary bees are typically stingless and are excellent pollinators. Since females depend on a hive for nesting, they must build one from hollow logs, rarely found in our gardens. Solitary bee populations are in serious decline and desperately need our help!

Assorted Colors: 2ea - Red & Chestnut, 1ea - Blue & Green, 5.5in L x 4.75in W x 7.5in H

Hummingbird & Nectar Feeders

Perky-Pet® Hobnail Vintage Hummingbird Feeder

You will love how beautiful the Perky-Pet® Hobnail Vintage Hummingbird Feeder will look hanging in your backyard. The glass bottle of this hummingbird feeder features antique hobnail details that are reminiscent of high-end glassware from the early 1900's. It has a subtle luster finish that lightly shimmers when hanging in the sunlight. Hummingbirds will be attracted to the four red flower feeding ports on the brushed copper base of this hummingbird feeder. With a 16 oz nectar capacity, your hummingbirds will always be well fed. Easily hang this feeder wherever you choose with the attached metal hanging hook. The wide mouth opening makes filling quick and convenient. The glass bottle and base detach when it's time to be washed, and with enough room to reach in all the tight spaces, cleaning is a breeze! We recommend cleaning your hummingbird feeders at least twice a week, and more often in hot and humid climates.

Perky-Pet® Oriole Jelly Feeder

Did you know that like hummingbirds, orioles have a sweet tooth? They do! What better way to attract them than by offering their favorite sweet treat – jelly! Other jelly feeders on the market expose the jelly to the elements, causing it to mold and spoil quickly. The Perky-Pet® Oriole Jelly Feeder has an inverted jelly jar, ensuring that your jelly is kept fresh and covered. The 32 oz jar can also be interchanged with most standard jelly jars. The built-in stirrer allows the perfect amount of jelly to be dispensed into the tray. In addition, this feeder boasts a vibrant orange color to draw more orioles to your yard!

Perky-Pet® Pinch Waist Glass Hummingbird Feeder

The Perky-Pet® Pinch Waist Glass Hummingbird Feeder will attract hummingbirds to your yard and keep them coming back again and again. This hummingbird feeder features a clear glass bottle with a pinched waist. The wide mouth design allows for easy filling and cleaning. Its bright-red plastic top and base are visually appealing while catching the attention of passing hummingbirds. The feeder's design also includes four feeding stations, each with a resting perch and a built-in, flower-shaped bee guard to protect the nectar supply. The feeder also comes with a built-in ant moat on the lid.

Perky-Pet® Sapphire Starburst Vintage Hummingbird Feeder

It's all about the delicate details with the Perky-Pet® Sapphire Starburst Vintage Hummingbird Feeder. The unique hexagon shape of the vintage, blue glass bottle is embossed with starburst accents, making this feeder anything but standard. Complimented by a brushed nickel base and hanger, you will love the antique style of this attractive hummingbird feeder. The four flower feeding ports on the brushed nickel base will give your hummingbirds plenty of room to dine around this beautiful feeder. With a 16 oz nectar capacity, there will be plenty of nectar to go around. The attached metal hanging wire allows you to place your feeder in the best location for you to witness the wonderment of hummingbirds buzzing about! The wide mouth opening on the glass bottle makes filling super easy. No more trying to pour nectar into a tiny opening! The bottle and base come apart for easy cleaning, and with the wide mouth opening you can reach inside to make sure every nook and cranny is thoroughly cleaned for your hummingbirds. We recommend cleaning your hummingbird feeders at least twice a week, and more often in hot climates.

Hummingbird & Nectar Feeders

Perky-Pet® Top Fill Glass Hummingbird Feeder

If your yard is fortunate enough to have an abundance of hummingbirds, then the Perky-Pet® 24 oz Top Fill Glass Hummingbird Feeder is the feeder for you! With its large 24 oz nectar capacity, you'll keep the hummingbirds fed and have to refill less often. The wide mouth opening and patented Top Fill technology makes filling easy. Simply remove the lid, pour in the nectar, and you're ready to feed the hummingbirds. No inverting necessary! The flowers that adorn this feeder are a soft, flexible plastic, making them look more natural! The built-in ant moat on the cap has the ability to be filled with water, blocking the ants from accessing the nectar.
