**Back orders:**

- Due to the nature of our business, occasional back orders will occur.

Upon such notice acceptable to DGI Propagators, Purchaser shall be limited to the amount of the purchase price as its exclusive remedy.

**Shipping Information:** Please contact your BFG Plant Connection sales rep for a freight quote.

- No longer ship to Idaho or New Mexico due to their State Dept of Ag regulations.
- **Customer Pick up:** Products are available Monday through Friday from 8:00am to 4:00pm or by appointment for after hours pick up during the busy Spring season. DGI will call customer the Thursday/Friday the week prior to schedule an available date and time for pick-up. If customer does not pick up their order two days after their scheduled time, a minimum of \$27 unboxing and re-boxing fee will be applied. Customers have an option to have product boxed, pricing applies per box, 2 trays per box.

*Note: we do not offer Self-Serve pick ups unless pre-arranged. Customers must ring the bell inside CPU entrance and wait for assistance from a DGI employee.*

- **FedEx:** We use UPS exclusively except for Fairbanks, Ak. All shipping utilizes one and 2 day for all shipping options. DGI has the right to hold shipment or send it out dependent on the weather conditions either at DGI, enroute, or at the customer location. Note the boxing charges, insulation, and any additional Phyto charges may be applied depending on the state. Ask Rep for pricing.

- **Grower Truck:** Delivery is available weekly from January through April, subject to appropriate volumes to generate routes. Check the scheduling map in the back of catalog for the weeks available and minimum trays required for delivery in your area. Typically create routes for delivery between normal business hours of 8am and 5pm but may request drop earlier or later to make the most efficient routes. DGI contacts customers directly the week prior to let you know the schedule of the truck. If the customer is not present at the time of delivery, driver will try to phone the customer otherwise they will find a warm spot to put the plants, if at all possible. Easy visible signage to direct drivers where to leave plants is also appreciated. After April, grower truck delivery may also be an option depending on area orders/volumes.
