WELCOME!

We are a full-service plant broker and are ready to fulfill all your plant material needs. We work with an expansive network of growers across the United States to offer root liners, plugs, retail ready products, and more. Our sales staff is ready to partner with you and be a resource for you and your business. Thank you for trusting us with your business; we are committed to your success. We hope you enjoy this improved guide with additional information about our services and the new plants from spring trials this past year.

— *The Plant Connection Team*

Spring Trials represents the genesis of Floriculture and the Horticulture industries. It is an annual event where the world's prominent breeders, growers, educators, brokers, marketing professionals and other plant enthusiasts review new annual, perennial, ornamental grass and vegetable introductions. Typically held in March or April, the event takes place throughout California at several breeder/grower locations. From Spring Trials, new varieties are tested and trialed throughout the world in trial and display gardens to determine performance characteristics and market suitability.

NEW VENDOR SPOTLIGHT

Loma Vista Nursery

Based in Ottawa, Kansas, they boast a variety of shrubs, roses, grasses, perennials, and groundcovers with over 600 acres of growing space. They offer a full product line of container and field grown plant material. At Loma Vista Nursery, they believe relationships built on service and integrity are mutually beneficial because they help Loma Vista Nursery and YOU advance in our industry. They are centrally located in the Midwest to serve you best.

Bennett Plants

Bennett Plants is located in Helfin, Alabama and makes beautiful succulent arrangements. Their patented LITeStone™ pottery is handmade by their employees which allows the succulents to breathe while looking aesthetically pleasing at the same time. Arrangements vary in size, and they have a handful of pallet options with mixed sizes and arrangements that fit customers needs. This family business has been contributing to the horticulture industry for over 30 years and are proud to be offering this opportunity.

Stewart's Greenhouse

Stewart's Greenhouse in Florida features over 200 varieties of houseplants in 4", 6" and hanging baskets. Varieties include Pilea, Dracaena, Calathea, Ficus, Hoya, Alocasia, and more! We have partnered with them to offer mixed pallet options that make them ideal for any size grower. Northwest, Midwest and Northeast regions ship March through November. Southern region ships year-round, weather permitting.

NEW VENDOR SPOTLIGHT

Rocky Mountain Liners

Rocky Mountain Liners located in Colorado offers a curated selection of innovative and high-quality plant varieties. Their liners thrive in the high levels of Rocky Mountain sunshine and virtually eliminating the need for PGR's. They have over 30 years of experience in the wholesale business and are committed to the needs of their customers. They offer spring annual liners and poinsettia liners.

Pacific Plug and Liner

Pacific Plug & Liner has a passion for perennials that dates back to over a century. They are located in Watsonville, on the Central California Coast, which makes for perfect year-round growing conditions. PP&L is a young plant business that focuses in providing a full line of perennials along with several specialty products, including tropicals. Always on the cutting edge, Pacific Plug & Liner features a state-of-the-art production facility that ensures consistent and superior quality plants for its customers. They explore groundbreaking solutions for the grower and broker they do business with to take the guess work out of growing.

Pacific Plug & Liner utilizes LINER-BILITY®, one of the most accurate availability tools on the market. You can check current and future availability with their live 72 week schedule that is conveniently updated every hour on their website.

Pizzo Nursery

Pizzo Nursery is an established reputable grower with over 30 years of experience in ecological restoration science. Pizzo nursery encompasses 40 acres of restored wetland and prairie habitat in Leland, IL with ready access to local eco-type seed from a large variety of native plants. Pizzo's Deeply Rooted™ landscape ready plugs have fully developed 5" root systems ready to install, and quickly develop into mature plants that typically establish in 6-8 weeks! Pizzo offers customized service to help you achieve success with their technical expertise to develop sustainable ecological landscapes!

FALL INTO PROFITS

Garden Mums provide a rainbow of colors for fall sales. The BFG Plant Connection® has sources for all your favorite varieties from Syngenta (Yoder), Gediflora (Belgian), Dummen Orange, as well as Igloo mums, and Asters. We have a variety of options available including unrooted cuttings, rooted liners and pinched liners.

Order early to take advantage of savings opportunities like our popular Mum Mania terms from offer and early order discounts from our vendors. Ask your BFG Plant Connection® sales rep for details!

Stewart's Greenhouse	Assorted house plant pallet options with 4", 6" or hanging baskets
Bennett's Plants	Succulent mixed containers in various sizes and liner trays of succulents and cactus.
Florida Cactus	Assorted mixes of the following: Cactus, Succulents, etc. in 2", 3", 4" or 6" sizes
Mulberry Miniatures	Miniature plants that are bred to stay small for fairy gardens and terrariums
Optimara	Assorted mixes of the following: Ferns, Foliage, Mini Violets, and houseplants

CUT FLOWERS

Have you thought about growing cut flowers or offering them for your customers to have a cut flower garden for the summer? In the past couple of years, interest has increased, and growers are adding options to their lineups. Mast Young Plants and Raker-Roberta's have different options in a couple different tray sizes for all size of growers.

Mast Young Plants - Dahlia, Scabiosa, Veronica, Craspedia, Eucalyptus and Baby's Breath

Raker-Roberta's - Celosia, Gomphrena, Lisianthus, Eucalyptus, Zinnia, Dianthus and Snapdragons

PERENNIALS & SHRUBS

Looking for something to sell all season long? We broker for several perennial suppliers that offer quality liners and bare-root options. Tray sizes range for each variety and supplier to help meet your production needs. Our shrub suppliers offer great options for impulse sales and opportunities to create a diverse plant offering.

HERBS

Herb gardens are a great way to boost sales and a great item to have by the registers. Here are some herb combinations to help inspire you to create your own gardens.

Italian Herb Garden

Italian Oregano
Genovese Basil
Italian Parsley
Garlic Chives

Grillin' Garden

Lemon Verbena
Rosemary
Dill
Sage
Thyme
Oregano

Tea Garden

Orange Mint
Lemon Balm
Spearmint
Lemon Thyme

Herb tip: Print your favorite herb recipe and post it in your herb section to inspire your customers!

Perfect Pesto Recipe

2 cups fresh basil leaves
1/4 cup grated parmesan cheese
1/2 cup olive oil
3 tbsp pine nuts or walnuts
3 cloves garlic, minced
Process in food processor until it forms a thick paste and serve over your favorite pasta.

Do you need a trick to help sell herbs? Wagner and Pleasant View have custom tags that include a recipe on them to give customers an idea of things that they can cook with the herb.

Petunia Easy Wave® Navy Velour

Large, velvety dark blue-black-purple flowers with a slightly more upright and controlled habit than Burgundy Velour.

Petunia Easy Wave® Rose

Distinct color in between Pink Passion and Neon Rose. Similar spreading vigor to Pink Passion.

Impatiens Beacon® Chicago Mixture

Fans of the Blue Pearl color will love this new mix featuring Violet Shades, White and of course Blue Pearl.

Petunia E3 Easy Wave® Rose Morn

Features a consistent rose-pink bloom with white center. Well-branched and dense with a slightly more upright structure.

Vinca Titan-ium™

The performance of Vinca Titan™ with disease resistance, uniform habit across all colors - Titan will be phased out and replaced with this series.

Calibrachoa MiniFamous® Evo Series

Tiny, compact habit featuring double flowers. Colors include Blue, Magenta, Red, White and Yellow.

Calibrachoa MiniFamous® Uno Ember Eclipse

This medium-compact series is an early-to-finish powdery mildew resistant performer. The unique orange and red blooms are an attractive combination component.

Dahlia Venti™ Magenta+White Eye

Large and vigorous series of Dahlias with this stunning addition. Great for landscapes with a controlled habit and bright bicolor pink and white blooms.

Osteospermum 4D™ Blue Ice

Definitely a fan favorite of trip. Lovely blue and white flowers that stay open with excellent branching. Try this one with whites and reds for a patriot hit!

Calibrachoa MiniFamous® Uno Funtopia Pink & Blue

Features a consistent rose-pink bloom with white center. Well-branched and dense with a slightly more upright structure.

Petunia DiscoBall Magenta

Compact plants that have been bred for heavy branching to increase flower power. Naturally compact habit makes this plant ideal for smaller containers.

**Petunia Crazytunia®
Citrus Hill**

Bright yellow with red and maroon star pattern. Mounded habit that matches vigor of rest of series. Selected for early flowering and stable pattern.

**Calibrachoa Caliloco®
Spicy Honey**

Great light orange colored bloom that combine the punch and star novelty patterns. Fun for combinations and hanging baskets.

Firecracker

Red Star

Calibrachoa Cielo Firecracker & Red Star

Series with large blooms and outstanding garden performance. Thirteen colors in the series.

Canna 'Gold Leopard'

Yellow flowers with orange speckles stand out on this eye-catching plant. Long flowering and a great thriller container plant.

THE
SUNTORY®
COLLECTION

Sun Parasol® Original XP Bluephoria™

Dark blue flowers that age to purple with great branching and garden performance. Earlier to flower than the Sun Parasol® Original series.

Sun Parasol® Double Pink Blush Original XP

First compact mandevilla with double flowers. Light pink blooms with a bubblegum pink double center.

Sun Parasol® FIREDUP™ Orange

Bright orange dipladenia with an upright habit. Pinwheel shaped flowers add interest as a thriller plant in combinations.

Petunia Surfinia® Heavenly Blackberries & Cream

Creamy floral blooms with a dark blackberry center. Semi-trailing habit to match the series with great branching to fill patio containers.

Coleus Down Town™ Dallas

Medium, compact plant with red serrated leaves.

Dahlia Hypnotica® Candy Corn

Novelty variety with medium vigor that boasts white, yellow and orange candy corn pattern blooms.

Geranium Glory Days Red Orange Bicolor

Vigorous bicolor variety with single, large flowers. This series offers a zonal habit with an ivy geranium appearance.

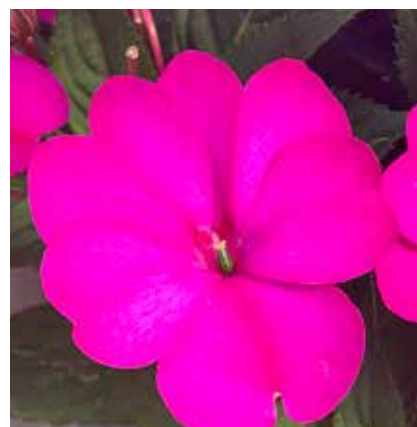

Petchoa Premium Supercal® Rose Star

Series bred for superior weather performance and exceptional garden performance. Great season extenders that are self-cleaning.

SunPatiens® Compact Lavender

Large lavender blooms with a strong mounding habit. Great for sun or part shade conditions.

SunPatiens® Vigorous Purple

Lovely addition to this expansive series. Ideal for landscape plantings or large container pots.

Begonia Nonstop® Flame

Large double flowers that grow up to 4". Uniform habit and vigor for consistent plants that thrive in partial shade to shade.

Begonia Nonstop Joy® Mocca Rose

Semi-trailing plant that is ideal for patio pot and hanging basket production. Blooms all summer long and provides a pop for color for shady conditions.

Begonia Nonstop® Mocca Light Pink Shades

First in the series to have multiple flower colors. Colors change as they age and pop against the dark foliage.

Dichondra Silver Surfer™

Improved variety that has outstanding root development for faster growth. Great for hanging baskets and can trail up to 5 feet!

Lobelia Masterpiece Blue with Eye

First lobelia hybrid from seed with attractive, mounded blue flowers. Great for early season sales that holds up against the summer heat.

Petunia Painted Love™ Purple

The unique bicolor flower pattern on this plant makes it a surefire winner. It is pictured here with Dekko™ Rose Star and Lanai™ White for a eye-catching combination.

Petunia Dekko™ Maxx™ Pink

This is a stand-out petunia that packs a punch! It has superior vigor and landscape performance for every soil condition. Great for mass plantings.

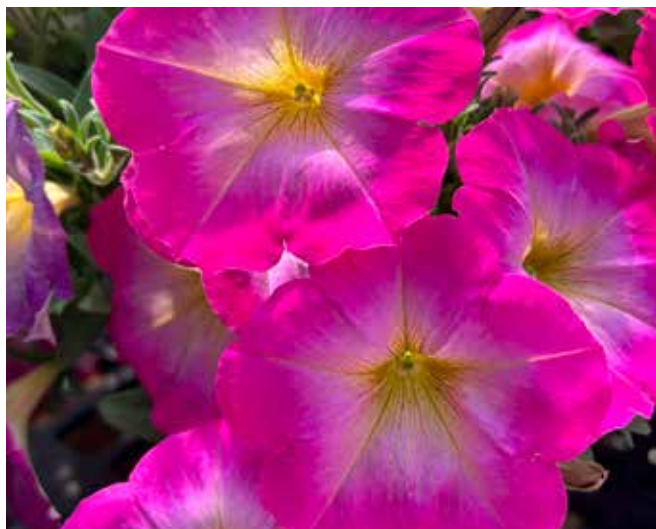

Sunfinity® Double Yellow

Double the sun and garden fun! Revamped and easier to grow than the traditional Sunfinity® with a double flower. Awesome in large containers and combinations.

Geranium Caldera™ Hot Pink

Dark foliage variety that has exceptional heat tolerance with vibrant single flowers. This isn't your grandma's geranium! This bold variety is a winner for combinations and hanging baskets.

Petunia Cascadias™ Fantasy Hot Pink Imp.

Vigorous plant boasting bright pink blooms with a yellow throat.
Known for it's superior semi-trailing, cascading habit.

Verbena Vanessa™ Bicolor Light Pink

Exceptional mildew tolerance that holds it's color and blooms throughout the summer. Tighter habit with shorter internodes create a sturdier plant in windy conditions.

Petunia Ray™ Shadow

Great addition to this classic series. Large flowers with blooms that change as they age. Starting out as a yellow with a dark center and aging to a wine purple color.

Petunia Blue Diamond™

Bright, star flowers that are great for hanging basket production.
An early bloomer with a controlled and mounded habit.

Angelonia Angelface® Wedgewood Pink

Cotton candy pink and white coloring make this one a stand out for combinations. Thrives in hot and humid conditions.

Size matches the rest of the series.

Watermelon Wine

Frosted Violet

Cuphea Totally Tempted™ Series

Heat tolerant annual with four different colors in the series. Great pollinator plant that grows to be a little over a foot tall.

Blue

Pink

Petunia Supertunia Tiara™ Blue & Pink

This unique new variety has great vigor and performs strongly in the garden. Two new colors- blue and pink have a beautiful luminescent glow that is great for interest in combinations.

Heliotropium Aromagica™ Purple

The well-branched and layered habit make this new variety a hit. This variety weathers the summer heat and doesn't stop producing fragrant purple blossoms.

Carmine

Rad Raz

Pinkerific

Dahlia Virtuoso™ Series

These garden performance plants boast outstanding vigor and powdery mildew resistance with semi-double flowers. Five new colors in all for this series.
